MOTHER, CHILD DOING WELL

Kennedys Welcome First Son

WASHINGTON (AP) — A son, John Fitzgerald Jr., was born today to President-elect Kennedy and his wife, Jacqueline in circumstances that brought the father speeding back from a Florida vacation in an emergency after-midnight flight.

Both mother and child were reported doing well after the delivery by caesarean section. The father was man full of obvious pride and delight.

His cry is good, Dr. John A. Walsh, the attending physician, said of the six-pound, three-ounce newcomer. "Excellent" was his report on the condition of both mother and child some 11 hours after delivery. After an earlier hospital visit, the doctor had described both parents as delighted that the baby is a boy.

Events came in rapid-fire order last night after Kennedy set out by plane to resume the vacation he had broken to spend Thanksgiving with his wife and their 3-year-old daughter, Caroline.

At 10:15, while Kennedy was airborne, Mrs. Kennedy called her doctor. The physician summoned an ambulance, visited his patient and beat the ambulance to the hospital.

Caesarean delivery had been planned long in advance for Dec. 12 but events "occurred a little sooner than we had expected," Dr. Walsh said.

By 12:22 a.m. the baby was delivered.

A minute later when Kennedy landed at Palm Beach the only word over a telephone line held open for him was that the operation was going on. Kennedy was airborne again in less than half an hour on a bigger and faster plane. He was notified of the impending birth after he left Washington.

At 1:05 word was radioed to him that "it's a boy."

Housewife Killed On Trip Family Almost Canceled

Rabies Scare Caused Concern; Auto Crash Near Tulare Fatal

A Mill Valley housewife was killed in a Central Valley auto crash yesterday on a Thanksgiving Day trip which was almost called off because of a rabies scare.

Mrs. Frances Harrington, 23, of 65 Lovell Avenue, was riding in the family car with her husband and their three children when it collided with another auto in dense fog near Tulare. She was killed and eight other persons—including her husband, Richard, 27-year-old carpenter-draftsman, and the three children — were seriously injured, reported United Press International.

Mrs. Harrington had been expecting another baby five months hence.

Mrs. Nancy Davison of 61 Lovell Avenue said other neighbors had tried to dissuade the family from taking the trip because Harrington was suffering from a fever and all were upset over a rabies scare.

The Harrington's dog was in a fight with a cat in the neighborhood Wednesday, Mrs. Davidson related. Someone killed the cat and expressed fear it was rabied.

The Marin County Humane Society placed the dog in quarantine and turned the cat's head over to the county health department to have rabies tests made. Dr. Carolyn B. Albrecht, county health officer, said several days would be required to make the tests.

Despite the rabies scare and Harrington's illness, the family left for a Thanksgiving visit with relatives. In dense fog on a stretch of Highway 99 under construction six miles north of Tulare, the Harrington car collided with a sedan driven by Robert Ohmstad, 27, of Hawthorne, Los Angeles County. Harrington was driving at the time, UPI reported.

The California Highway Patrol reported Ohmstad was passing a semi-trailer truck in a two-lane section of the highway when the two cars met head-on.

The accident touched off a series of rear-end collisions

Bay Area Braces For Rain, Wind

Storm To Last, But Power Is Dwindling

The Bay Area braced today for heavy rain and gale-force winds which were predicted for as far south as Monterey.

The season's second storm, which moved into California from Oregon last night, was reported "dwindling," however, and storm warnings issued today for the Bay Area would be withdrawn tomorrow, the Weather Man said. He predicted five days of heavy, intermittent rain for Marin with snow in all mountain sections of north and central California.

About a half-inch of rain fell last night in Marin. Wind damage was reported as "practically nil."

LITTLE WATER GAIN

Marin County's lakes did not appreciably gain, water district officials reported, because of slight runoff.

Jerome B. Gilbert, manager of the North Marin Water District, said Stafford Lake now contained about 1,100 acre feet of water, approximately one-fourth of its total capacity. "A normal year's rain would fill the lake," Gilbert said, adding that the level is considerably below what it was last year at this time.

Marin Municipal Water District officials reported Kent and Alpine Lakes "about 20 per cent ahead" of last year. In the last two days, 1.59 inches of rain fell at Kent Lake and .86 at Alpine.

SOME LIMBS DOWN

Pacific Gas and Electric Co. officials said winds had caused no major damage with only the normal amount of minor interruptions reported.

A few limbs were reported down in Ross and a five-foot sign on the Village Music Shop at 27 Throckmorton Avenue in Mill Valley fell on the sidewalk last night, causing no damage.

Point Reyes Station reported .20 of an inch of rain yesterday and .50 today just before noon. In Fairfax, the wettest spot in the county, 1.7 inches of rain was reported for the past 48 hours.

Woodacre reported .21 of an inch yesterday and .70 today. In Kentfield .26 was recorded yesterday and .22 today.

The Weather Bureau said winds were expected to reach 35 to 45 miles per hour with the temperature expected to drop to 50 degrees tonight.

Search Continues For 2 Guardsmen Missing Off Coast

Search continued today on the rainswept Point Reyes coastline for two Marin Coast Guardsmen feared drowned in rough water after completing a rescue mission Wednesday night.

Their 36-foot lifeboat, self-righting and self-bailing, was found rammed against a sandy beach with its motor still running about 9 a.m. yesterday. Deputy Sheriff William S. Christensen reported that the boat had run aground between the Radio Corp. of America station and Point Reyes.

Missing are Engineman Fireman Hugh James McClements, 19, of Cotati, and Boatswain's Mate 1/c Anthony E. Holmes, 24, of Street, Md.

McClements joined the Coast Guard last year in San Anselmo, where Marin recruiter Ralph D. Wedertz formerly had his office.

Sheriff's deputies and Coast Guardsmen, who combed the coastline this morning, expressed fears that the huge waves may have flipped the boat, dumping the men into the water, then righted itself and continued going until it hit the beach. The propellor was still churning when the boat was found.

McClements and Holmes, stationed at the Point Reyes Lifeboat Station, had towed a disabled fishing boat into Bodega Bay Wednesday night. They were heading back and were less than a hour away from home base when lost.

Two 95-foot patrol boats and seaplanes were being used in the search. Bad weather kept helicopters grounded.

ONE FOR BOOK

Situation Comic, But Not Funny

A comic book almost cost 10 year-old Gregg Duncan his Thanksgiving dinner yesterday.

Gregg, an avid funny book fan, was so engrossed in his favorite literature in the Owl Drug Store at 21 San Anselmo Avenue in San Anselmo that he failed to notice the store had closed.

His parents, Mr. and Mrs. Stuart M. Duncan of 83 Bolinas Avenue in Ross, sat down to dinner without him, correctly surmising that the boy probably "has his nose stuck in a book somewhere."

The store's burglar alarm, which rang in the San Anselmo police station at 2:30 p.m., summoned officers to the scene, where they found Gregg his book finished, shaking the door and demanding to be let out.

Gregg enjoyed a late dinner after being driven home by Officer Geoage Alberigi.

Probers May Call Marin Pharmacists

Reports were current today that one or more Marin druggists would be summoned by a federal grand jury in San Francisco investigating possible anti-trust law violations in drug pricing.

If so, according to Kenneth Harris, operator of Lockwood Pharmacies in Mill Valley and Kentfield and past president of the Marin Pharmaceutical Assn., they will find no evidence of concerted price-fixing.

NO SCHEDULE

Harris said that, contrary to a report in Wednesday's Independent-Journal, no proposed schedule of prices had ever been recommended by the Marin association for use of its members.

Such a recommendation was discussed in 1957, when he was president, said Harris, but was abandoned on legal advice that it might be too close to prohibited price-fixing.

At least two different pricing schedules are used by Marin County pharmacies, with others having their own bases for pricing perscription drugs, said Harris. Prices quoted in Wednesday's I-J were from the higher of the two schedules, he said. Also, since a single capsule is never prescribed and the price each is lower on a larger quantity, they gave a distorted picture in some cases, he said.

'SOMEWHAT LOWER'

"I believe Marin drug prices are generally somewhat lower than those in San Francisco," Harris said.

The San Francisco prices were called highest in any major city at the grand jury hearing there.

Meanwhile, a Bureau of Labor Statistics report indicated durg prices are declining slightly—although prices as a whole are rising.

In October, reported BLS, living costs rose four-tenths of one per cent to hit another all-time peak—1.4 per cent higher than a year ago and enough to give a two-cent hourly boost to a mulion union members whose

Mental Patient Beats 18-Month-Old Nephew

An 18-month-old boy from Fairfax, severely beaten by a mental patient outside Marin General Hospital Wednesday night, was reported in satisfactory condition at the hospital today.

Robert Craig Illgen, son of Mr. and Mrs. Robert F. Illgen of 88 Dominga Avenue, suffered bruises about the face but no fractured bones.

The attacker, who is the boy's uncle, was committed to Napa State Hospital. He is Prentice Gerald Sharp, 23, of Atwater, Merced County, who was on leave from Pacific State Hospital at Pomona.

Inspector Bowen Bridges of the sheriff's office said Sharp apparently became enraged because his mother and his brother-in-law left him in the car outside the hospital while they went in to the maternity ward to visit Mrs. Illgen, who had given birth to a child Wednesday morning.

Sharp who was told to remain in the car with the baby boy, said he got angry because the baby cried and dropped his bottle of milk twice. Sharp told Inspector Bridges he "slapped the little guy" a little but did not use his fist.

The baby apparently put up a battle. Officers found scratches on Sharp's hands, chin and neck.

William Jacob McCormick of 247 Miller Avenue, Mill Valley, who was at the parking lot about 7 p.m., noticed Sharp waving his hands. Then he heard cries from the baby. When McCormick ran to the car, Sharp jumped out and ran down an embankment. McCormick found th baby screaming in the back seat, covered with blood.

He ran into the hospital emergency room for help, then back to the car, followed by Mrs. Margaret Killion, night admittance nurse. Mrs. McKillion took the baby to the emergency room.

The child's father told the inspector that his mother-in-law, Mrs. Catherine E. Davies of Atwater, and her son, Sharp, were visiting their home in Fairfax. Mrs. Davies was caring for the 18-month-boy while Mrs. Illgen was in the hospital with the new child.

Wednesday night, the whole family went to the hospital. Only Illgen and Mrs. Davies went inside because maternity rules allow only two visitors. Illgren said he was trying to get a visiting privilege for Sharp when the beating took place in the parking lot.

THANKSGIVING MISHAP TOLL REACHES 222

By ASSOCIATED PRESS

The traffic toll reached 157 as the extended weekend's second day wore on. Fires took 26 lives since Thanksgiving eve. Other types of accidents left 39 dead. The total reached 222.

Fizzles Won't Halt Mercury Space Project

WASHINGTON (UPI) — The United States still expects to hurl a man into orbit some time next year despite two recent failures in the Mercury space flight program, the head of the project said today.

The official, Robert R. Gilruth, said the program had been set back only a few weeks. Other experts said the equipment failures which caused the two mishaps had been corrected and would not happen again.

Gilruth referred to the unsuccessful test flight of a Redstone missile at Cape Canaveral, Fla., last Monday and the Nov. 8 mishap at Wallops Islands, Va., in which the Mercury escape capsule failed to function properly.

No date has been set for a repeat of the Redstone test.

Dependent Ranks To Be Thinned At 15,000 A Month

WASHINGTON (UPI) — The Defense Department said today that beginning Jan. 1 the number of military dependents abroad will be reduced by at lease 15,000 per month.

A directive signed by Defense Secretary Thomas S. Gates Jr. formalized orders given verbally to the military services Nov. 16. The order was given after President Eisenhower ruled that military dependents abroad must be reduced from 484,000 to 200,000 in an effort to halt the flow abroad of U.S. gold.

The initial reduction thus may have to be made primarily by shortening the overseas tours of men now abroad with their families.

Marin Tennis Player Reaches Quarter-Finals

Steve Stockton of San Rafael today fought his way into the quarter-finals of the National Indoor Junior Tennis Championships in St. Louis, Associated Press reported.

However, Stockton's teammate at San Rafael High School, Harvey Klyce, was eliminated in the third round of the boys' 15-and-under age bracket.

Stockton won his third round match with an easy 6-2, 6-1 decision over Robert Pritula of Detroit. Later today the 14-year-old San Rafael star was scheduled to meet John Pickens of Tuscaloosa, Ala., in the quarter-finals. Pickens was the lad who eliminated Klyce, also 14, in the hard fought third round today. 6-1, 4-6, 6-4.

Stockton and Klyce traveled to St. Louis early Wednesday in a flight sponsored by contributions from Marin County individuals and organizations.

RAIN CAN'T STOP SANTA CLAUS

It was pouring at 11 a.m. today at the Corte Madera Shopping Center, but that made only one change in the plans of Santa Claus to visit the center: Instead of riding in glory atop a fire truck, he arrived in the enclosed comfort of a police car. About 30 people were on hand despite the rain to greet the jolly Christmas patron. He was holding court this afternoon inside shopping center stores—where youngsters need not get drenched to tell him their requests. (Independent-Journal photo)

Dixie Schools Seeking Better Math Teaching

More imaginative paths to mathematics instruction will be sought by a "teaching team" from Dixie School District as result of decision by the board of trustees last night.

The board voted to send its curriculum consultant, Penrod Moss, with Vallecito school principal Henry M. Smith and four teachers to the California Mathematics Council fall meeting at Asilomar, Calaveras County, Dec. 9-11.

Teachers at this meeting will work to improve mathematics teaching with such men as Edward Teller of the University of California, David A. Page of the University of Illinois and Charles C. Torrance of the U.S. Naval Postgraduate School, experts in removing math from sheer drudgery.

POLICY DECISIONS

Several policy decisions were adopted, one to the effect that school buses owned by the district must be used instead of private cars when field trips require transportation.

The board laid down that it will not deny the right of professional staff members to take outside employment, but will seek to insure that any such work doesn't interfere with the educational program.

It was agreed to grant one day leave with pay to employees whose religious faith requires observance of special prayer and fast days.

Amendments were made to the district's disaster plan to cover conditions changed since its inception. In cases of one-hour warning all pupils will walk home except those transported to schools, from ranches and Terra Linda Valley, or from Terra Linda to Mary E. Silveira School. These are to stay in school until picked up by designated persons.

ACCEPTS BOOKS

The board accepted library books and equipment valued at $265.25, bought with funds from the Granville Coggs Jr. Memorial Fund. It was ruled that the gift shall be permanently housed at Santa Margarita School.

A resolution was adopted requesting the county, the City of San Rafael, the Terra Linda Community Services District and the California Highway Patrol to make a study of school crossing hazards at the Las Gallinas-Freitas Parkway intersection, and to take steps to decrease them.

A special session Nov. 30 was set, for continuation of discussion of the "San Francisco Report" which was taken up last night. The report was considered important but controversial, requiring objective analysis before any decision on application in Dixie District.

Drunken Driver Gets 90 Days

A San Rafael construction worker, convicted of his fourth drunken driving offense in five years, must spend 90 days in county jail and not drink at all for three years.

Francis A. Redlin, 40, of 1476 Lincoln Avenue, San Rafael, was sentenced in Marin Municipal Court by Judge Joseph G. Wilson. The judge put Redlin on three years' supervised probation, on condition he serve 90 days in jail with work furlough privilege, not drink at all, and seek treatment as deemed necessary by the probation office or the court.

Redlin was caught on Highway 101 last Oct. 30. He had prior convictions in October of 1953, again in November the same year, and in November of 1955.

Elmer John Moeller, 41, of 2901 Vineyard Road, Novato, drew one year probation on condition he commit himself to Napa State Hospital for treatment for alcoholism. He must also refrain from liquor during probation.

Moeller was arrested at Novato Boulevard and Wilson Avenue last Oct. 19, and asked for commitment to a hospital for treatment. He had a prior conviction on Aug. 30 this year. The judge suspended a 60-day jail sentence on condition that Moeller go to the hospital.

Two other drivers drew fines and probation for their first offenses.

The two are A2/c Andrew Glenn Crowe, 30, of 78th Air Base Group, Hamilton Air Force Base, and Robert Lee French, 40, a steamship company employee from San Francisco. Both received identical sentences. They must pay $158 fine and remain on six months probation. Crowe was caught at Highway 101 and Black Point Cutoff on Monday, and French on Highway 101 on Sunday.

Felon Found Innocent

San Quentin convict James Barton, 24, was freed of the charge that he had a knife in the prison furniture factory last April. A Marin Superior Court jury, sitting before Judge Harold J. Bailey, deliberated for six hours Wednesday and found Barton innocent. Barton, a burglar from Alameda County, was defended by Public Defender Peter Allen Smith.

Hurt In Accident

Willie Blewert, 58, of Redwood City was treated for cuts on his face and a fractured right knee at Marin General Hospital yesterday morning after his car went off the road at 424 Molino Avenue in Mill Valley. Police said Blewert could not explain why he ran off the road.

France, Too, Refuses To Aid In Dollar Deal

LONDON (UPI)—U.S. Treasury Secretary Robert B. Anderson today wound up empty-handed a mission to win financial help from the Allies and stop a dollar drain to Europe.

The Allies promised only good will, not cash.

Anderson, accompanied by Undersecretary of State Douglas Dillon, conferred in London with Chancellor of the Exchequer Selwyn Lloyd and other British officials after unsuccessful meetings in Bonn and Paris on ways to conserve the dollar.

British government sources said the British officials had no specific commitments.

Anderson and Dillon came here from Paris where they made little headway in trying to get the French to meet more of the defense costs in Western Europe and plug the drain on dollars.

Informed French sources said France refused in two days of talks to contribute to the cost of maintaining American forces in France and said it could not offer a bigger share of aid to under-developed countries because France already is giving until it hurts.

The French agreed to help the U.S. increase exports to France, and said "maybe" to making bitter contributions to NATO—provided France gets a bigger voice as an equal of the United States and Britain in the defense alliance.

In Bonn, the answer was the same. West German officials refused flatly to contribute 650 million dollars to America's high cost of maintaining troops in West Germany.

$1,000 Blaze Damages Living Room

A sofa in a San Rafael home went up in smoke early today and caused $1,000 worth of damage to the living room of Mrs. Frances Lara at 25 Margarita Drive.

Mrs. Lara discovered the fire just before reporting it at 3:50 a.m. The San Rafael Fire Department had the blaze out and were back to the firehouse within an hour.

Firemen said the sofa apparently caught fire after it had sat over a lit floor furnace most of the night and early morning. They said that fire, smoke and water caused about $600 worth of damage to the walls and floor of the living room and that the destroyed sofa was valued at $400.

Hardware Store Opens In Hub City

Y-Paymor Hardware has opened as a self-service operation at 60 Red Hill Avenue, San Anselmo, under the same ownership and at the same location as the former Highland Hardware, which closed about a month ago after two months of sale to clear its stock.

George Vaio of 77 Via La Cumbre, Greenway, owner of the present and earlier enterprise, said the premises have been completely remodeled for a serve-yourself "supermarket" type of operation.

Floor space has been extended from about 4,000 to 6,000 square feet through the remodeling, he said. This has been achieved partly by clearing a former storage area on the ground floor and employing a second story for storage.

Larkspur Plans Summer School

Larkspur School District plans to offer a summer school next year if at least 250 pupils are signed up.

Supt. Vaughn D. Seidel told the district board this week that a survey by principals indicated about 300 children are interested in attending summer school. Enrollment of that many would bring state reimbursement sufficient to pay the cost of the school, he said.

The summer school would combine remedial work and special work for gifted children, the superintendent said. It would be a four-week session starting June 26.

Woman Dies In S.F. Lagoon, Daughter Of Marinite

The body of a San Francisco housewife, found floating in the lagoon at the Palace of Fine Arts yesterday noon(was identified as that of Mrs. Helen De Borba, 41, daughter of Mrs. Mary E. Silveira, prominent Marin County resident.

Mrs. DeBorba was discovered by a San Francisco Army sergeant who had taken his children to the lagoon to feed the ducks.

The San Francisco coroner's office listed the death as suicide.

A spokesman for the Silveira family said today they did not know any of the circumstances surrounding the death, nor any reason for her taking her own life "if she did."

Mrs. DeBorba's husband, Edward DeBorba, told police she had been away from their San Francisco home since 4 p.m. Tuesday. He said Mrs. DeBorba had undergone major surgery a few months ago, and had been depressed.

Mrs. DeBorba was born in San Rafael and reared on the Silveira Ranch. She attended San Rafael High School and College of Marin. In 1940, she moved to San Francisco, where her husband was a salesman for Marin Dell Milk Co., which was founded by her father, the late Antonio F. Silveira.

Mrs. DeBorba's mother was for many years a trustee of the Dixie School District and a school in that district is named for her.

Mrs. DeBorba is survived by her husband, her mother, three brothers, Anthony Silveira, Joseph Silveira, Carlos Silveria of San Rafael; two sisters, Mrs. Dolores Cordeiro of the Burdell Ranch in Novato, and Mrs. Jean O'Donnell of San Rafael.

Funeral arrangements are pending.

Woman Injured In Hub Wreck

A San Francisco woman was seriously injured yesterday when her car went out of control on Red Hill Avenue at the hub intersection in San Anselmo and struck the concrete divider strip.

Mrs. Louise M. Hansen, employee of a San Francisco department store, was reported in fair condition today at Marin General Hospital with several broken ribs.

She told San Anselmo police that the steering wheel of her 1961 automobile started going "zig zag" and threw her from the seat.

Three Students Near Scholarship

Three Tamalpais High School students have been selected as semi-finalists in the Bay Area pilot plan competition for a Hertz engineering scholarship.

They are: James Weil, a senior, son of Mr. and Mrs. Robert G. Weil of 3 Rhoda Way; Harold Elder, a senior, and son of Mr. and Mrs. J. L. Elder of 271 Sycamore Avenue, and Peter Hindley, junior, son of Mrs. H. H. Hindley, 48 Carmelita Avenue, all of Mill Valley.

The scholarships are designed for students who have a definite intention to study engineering at a school accredited by the Engineers Council for Professional Development.

$5,400 Given For Yule Seals

Marin Christmas Seal contributions at the end of the first week of the campaign totaled $5,784.83, according to Mrs. Helen Hoxie, president of the Marin Tuberculosis and Health Assn.

More than 2,400 persons returned their contribution during the week, making early returns $2741 over last year for the same week, she said.

New residents or others who did not receive their 1960 Christmas Seals may order any amount of the seals by telephoning the tuberculosis association in San Rafael.

Corte Madera Tree Planting To Start Soon

Planting of trees in the Corte Madera Town Park should begin within a month, the Park and Recreation Commission learned Wednesday night.

Town Gardener George Paraspolo discussed with commissioners a planting plan prepared by Royston, Hanamoto and Mayes, San Francisco landscape architects. Many of the trees will be evergreens, and will come from the town nursery. First plantings will be in the section facing Tamalpais Drive.

Seventy-five per cent of the fill has now been placed in the park, and 1,000 cubic yards of loam was recently purchased. Town engineer Arthur H. Brandow is designing an irrigation system for watering this area after planting.

Dystrophy Drive Starts Dec. 4

Marin County's "March for Muscular Dystrophy" is to open Dec. 4 under chairmanship of Louis Crottogini, according to announcement today from Bay Area headquarters in San Francisco.

Mr. and Mrs. Crottogini will operate Marin headquarters from their home at 13 Ash Avenue, Kentfield. The immediate need was said to be for workers to call at homes throughout the county. No office solicitations are to be made.

On some California farms the total investment per farm worker averages more than $50,000.

RED SUMMIT MEET MAY BE NEAR END

Decision Between China, Moscow Views On World Tactics Reportedly Reached

MOSCOW (AP) — The worldwide Communist summit conference, in secret session here since Nov. 9, may be near its end.

Reports at a Soviet-Finnish reception last night said the conference has reached its main decisions in the argument between Red China and Soviet camp over Communist tactics.

These reports suggested that the talks might wind up tonight.

Reports filtering through to outsiders have indicated the conference has been dominated by determined bargaining and long speeches over Soviet Premier Khrushchev's line that communism is now so strong it can win the world through patient peaceful competition with Western capitalism.

The Red Chinese, voicing a much harder line, contend that war is inevitable as long as capitalism exists, and that communism would come out victorious from the ashes of a nuclear war.

Pravda declared yesterday that peaceful coexistence is still the valid and controlling factor of Soviet policy. This was taken by some observers to mean that the Chinese views have been submerged at least to the extent that the split can be glossed over in a proclamation of Communist unity.

Officially, the Communists have never admitted that a summit meeting has been going on. But apparently another big session was held yesterday. Long lines of limousines carried the foreign delegates to and from the Kremlin.

The Soviet-Finnish reception highlighted a visit here by Finnish President Urho Kekkonen who won an important concession—a 50-year lease on the Saimaa Canal. Never before has the Soviet Union given a lease within its territory.

The 36-mile-long canal connects a rich Finnish timber region with the Baltic. The Finns had to resort to expensive overland routes for their timber exports when the Soviet border was pushed beyond the canal and the port of Viipuri (now called Vyborg) near the end of World War II.

The Finns also won Moscow's acquiescence to their association with the European Free Trade Area. The trade block of seven Western European nations aims at lower and relatively uniform tariffs among its members. The Soviets insisted on keeping their most favored nation treatment in trade with Finland, however.

State May Gain Million Pupils In Next Five Year

SACRAMENTO (AP)—California will gain an estimated one million elementary and high school pupils in the next five years and will need about 1.5 billion dollars in new classrooms to teach them.

The estimates were made yesterday by the State Bureau of School Planning. It warned that unless school construction is stepped up, an increasing number of pupils will be forced to attend school only a half-day.

By 1965, it said, there will be about 3.1 million public elementary school pupils and 1.1 million in public high schools, compared with the current totals of 2.5 million and 802,500.

Commuters Request Closing Of Toll Gate

The Mill Valley Commuters Club has written a letter to the Golden Gate Bridge District board asking that it close toll gate lanes from the right instead of from the left, after 9 a.m., since the driver's seat is always occupied but often the right hand seat of a car is not.

Members also voted appreciation of Mill Valley's going ahead on the Miller Avenue center strip improvement which the club has had as a long time project.

Haiti Expels Top Catholic Prelate For Aiding Students In Red Plot

PORT AU PRINCE, Haiti (AP)—Roman Catholic Archbishop Francois Peirier, long a foe of President Francois Duvalier, was secretly hustled out of Haiti last night with no baggage and no money except a borrowed dollar.

The highest church official of this Negro Catholic republic was accused of giving $7,000 to aid striking students accused by the government of being involved in Communist plotting. To deal with the strike the government declared martial law last Tuesday. Yesterday it closed all schools for Christmas vacations a month ahead of time.

The archbishop, 56, said on arriving in Miami yesterday that the charges against him were "entirely false." He is going back to his native Brittany in France.

Vatican sources said Haitian authorities involved in the expulsion of the archbishop "very likely" incurred excommunication denying them the church sacraments. No official word was available but the sources said Canon Law No. 2334 normally automatically inflicts excommunication upon persons who directly or indirectly impede a Catholic prelate in his work.

The churchman's expulsion was swift. Police and presidential guards arrested him at his office and escorted him to the airport where they bought him a ticket for Miami.

President Duvalier, denouncing "lizards" who oppose him, said he knew who they are and where they are hiding.

The government's charges concerning the student strike were spelled out at a news conference by Gen. Pierre Merceron, the army chief, and Joseph Baguidy, foreign minister and acting education minister.

Haiti University students went on strike Monday demanding the release of Joseph Roney, student union treasurer, who was arrested in September on charges of distributing Communist tracts.

Baguidy held up a small white flag with red hammer and sickle and the numerals "26" on it. He said the flag was found at a college. Cuban Prime Minister Fidel Castro's revolution has been called the 26th of July Movement.

Baguidy said the strike was the work of "professional agitators, foreign and Haitian, who are brandishing the hammer and sickle."

Haiti, which shares the island of Hispaniola with the Dominican Republic, was invaded by a rebel band of 31 men in August 1959. The government said all but one were Cubans and that all were killed or captured.

At about the same time the government's dispute with church leaders bobbed up with the expulsion of two priests. They were Father Etienne Grienenberger, rector of Saint Martial, the largest Catholic College, and Father Joseph Marrec, a village priest.

EXPANSION PLAN—This is preliminary drawing by architect Sol Silver of proposed expansion of Marin Jewish Community Center in San Rafael. Addition to building at right would house nursery school and provide space for other activities. In yard would be fenced Olympic-sized swimming pool.

Jewish Center Drive For $60,000 Started

A campaign to raise $60,000 for expanding the Marin Jewish Community Center in San Rafael was launched among 3,000 Jewish residents in Marin County this week.

It is part of a $2,750,000 capital funds campaign conducted by the Jewish Welfare Federation for Jewish Community centers in Marin, San Francisco and the Peninsula, Mount Zion Hospital and a group residence for the aged.

Chairman of the Marin County drive is Julius H. Selinger, attorney of 31 Irving Drive, San Anselmo. Solicitation during the month-long drive will be limited to Jewish residents, he said.

Planned in the expansion of the Marin Jewish Center at Mission and Forbes Avenues are a 2,000-square-foot addition to house a nursery school, which can also be used for clubs and classrooms, and an outdoor Olympic-size swimming pool with dressing rooms and showers.

Center president Richard Gladstein, attorney of 168 Palm Avenue, San Rafael, declared that because of the increasing Jewish population in Marin County, "the center has outgrown its facilities to the extent that it is not able to keep pace with the needs for service."

He said expanded plans, drawn up by Sol Silver, Sausalito architect, will provide needed space for the 32-preschoolers in the nursery school program and meeting rooms for school-age children.

It will also permit an expanded program for teen-agers including social activities, games, sports and hobby groups, he said.

"As the only community center of any kind in Marin County, the Jewish Community Center is open to everyone and its facilities are available to other organizations in the community," Gladstein added.

"Forefathers Day," observed principally in New England Dec. 21, commemorates the landing at Plymouth Rock in 1620.

CAT WETS EARS, HELPS SHAPE WEATHER MAP

HARTFORD, CONN. (UPI)—The U. S. Weather Bureau differed today with an amateur forecaster — a cat —but later conceded the feline prophet might be partially right.

Early today the Weatherman noted that a cat in Waterbury had been seen washing behind his ears. This, coupled with cloudiness at the time, supposedly means rain soon.

But the Weather man said, "The weather maps do not agree," and forecast fair weather.

Later the official forecast was changed to read variable cloudiness. At that moment, however, the sun was shining.

The "Sala de las Dos Hermanas," or Hall of the Two Sisters, one of the richly decorated rooms of the Alhambra, famous Moorish palace in Granada, was named after the two huge slabs of almost identical white marble which decorate the room.

Finch Maid Goes Home For 'Sanity'

GOTEBORG, Sweden (AP) — A pretty 20-year-old Swedish girl, key witness in the two murder trials of Dr. R. Bernard Finch and Carole Tregoff in Los Angeles, said today she fled the United States "to preserve my sanity."

Marie Anne Lidholm, a maid at the Finch home when Mrs. Barbara Jean Finch was shot to death in July, 1959, said she might return to Los Angeles for the third trial Jan. 3.

"But first I have to rest," she added in an interview in her home here.

"I have been accused of acting a nervous breakdown in court. I tell you nobody has to act or play nervous in an American court. These trials are terrible."

In Los Angeles, Dist. Atty. William B. McKesson said Miss Lidholm agreed to return and testify again, "provided we pay her transportation."

Seven of the ten top agricultural counties in the United States are in California.

Living Cost Pushed Up In October

WASHINGTON (UPI)—Higher prices for food, new cars, housing and clothing pushed the cost of living to a record high in October, the Labor Department reported today.

The department's consumer price index rose 0.4 per cent, the second largest jump this year and the eighth time in 10 months it has risen.

The index for October stood at 127.3, meaning that prices last month were 27.3 per cent higher than in 1947-49. The index was 1.4 per cent higher than a year ago.

As a result of the rise, some 1.1 million workers will get pay increases. About 975,000 workers in autos and farm equipment manufacturing will get two cents an hour more. Another 80,000 in small aircraft firms and farm equipment lines will get an additional one cent an hour.

Another 500,000 iron and steel workers may get wage hikes depending on final determinations of their insurance costs.

The department reported that food prices advanced 0.6 per cent last month. Primarily responsible was unusually large markups for eggs—up 11 per cent—grapefruit, tomatoes and pork.

Lesser increases were reported for milk and dairy products, cereal and bakery goods, frozen fruits and vegetables, and baby food.

Damage to outdoor crops in Florida caused by Hurricane Donna in September help push up some fruit and vegetable prices.

The department also reported that average take-home pay of factory workers rose to an October record last month. A lengthening of the factory work week and recalls in the high wage auto industry accounted for the increase.

IN APRIL ELECTION

Councilmen Discuss Vote On City Hall

Leaving the decision of what to do about the San Rafael City Hall up to the voters was proposed this week by San Rafael City Councilman Fred Jensen.

Expansion or moving the city hall, and possible new sites for it, were discussed on radio station KTIM's "Marin Sounding Board." The program will be rebroadcast from a recording on Sunday at 12:30 p.m.

On the panel were four members of the city council: Mayor John F. McInnis and Councilmen Charles W. Aby, Jensen and David Menary Jr. Kitty Oppenheimer was the moderator.

After 20 minutes discussion on whether to remodel the existing city hall on A Street, build a new structure at the foot of A Street near Albert Field, or remodel the E Street School, Jensen suggested:

"Why don't we leave it up to the people at the municipal election next April to decide if we need a new or remodeled city hall and where?"

Other councilmen agreed, but stressed that much preliminary work on costs and plans would have to be done before the question could be presented to the electorate.

Councilmen agreed that the present city hall is inadequate and in run-down condition. They differed is to what to do about it.

Questions telephoned from listeners included:

Why not use the courthouse as a city hall?

Maynor McInnis answered that the property is owned by the county and cannot be given away—the county will have to sell it. Values is estimated between one to two million dollars.

How long will it take the city council to make up its mind on the problem?

The mayor declared, "We have been hesitant because there has been a difference of opinion on the council, but the time to make a decision is getting close."

Jensen said the city has many more important things to spend money on than a new city hall. "We are getting by," he said.

Study Shows Strikes May Be Useless

NEW YORK (UPI)—The 1959 steel strike showed that while Americans still believe firmly in the right to strike, many believe the strike as a weapon is outliving its usefulness, the National Council of Churches said today.

Charles P. Taft, former mayor of Cincinnati and chairman of the council's department on the church and economic life, presented the council's study of the steel strike's ethical and social importance at a news conference in New York.

"No one from either union or the steel companies had anything to do with preparing this report," Taft said.

The most notable thing about the steel strike, the committee said is that it failed to settle anything.

That is, the work stoppage in the steel mills finally was ended only by strong pressure from the White House. The committee added—"fortunately, the last step — action by Congress—was not taken."

From this, the committee concludes that the strike is no longer the useful weapon it once was, but that the Taft-Hartley Act is still an inadequate tool for forcing settlements of big public-interest labor disputes.

CHESSMAN FUROR

Brazil Puts Guard On Gov. Brown

BRASILIA, Brazil (UPI)—California Gov. Edmund G. Brown is being protected by five Brazilian secret servicemen everywhere he goes in this country because of the furor raised here by the Caryl Chessman case, it was disclosed yesterday.

Brown and 27 other U.S. state chief executives arrived here yesterday on a tour of South America. None of the other governors is being given the protection afforded Brown.

NOT REQUESTED

The California governor said he had not requested special protection and did not know about it beforehand. He said there had been no incidents during the group's two-day stay in Rio de Janeiro before his arrival here.

The Chessman case attracted widespread attention and criticism in South America, especially in this country. A petition bearing three million signatures, had been sent to Brown asking him to grant clemency to Chessman.

DIED IN QUENTIN

Chessman, who became a celebrated author during his 12 years of legal battles against death, was executed in San Quentin Prison earlier this year under California's "Little Lindberg Law." He had been convicted of attempted rape, sex perversion, grand theft and kidnaping.

Brown said he considered the guards merely precautionary. He said Brazilian authorities had not indicated to him that there might be any trouble here.

The governor said the agents accompanied him to a soccer match Wednesday night, then to a nightclub he and Mrs. Brown attended later. He had the agents as guests for dinner afterward.

In Illinois, which has 27 electoral votes, Cook County (Chicago) Republican Chairman Francis X. Connell said his party will file petitions seeking a recheck of paper ballots in many heavily Democratic precincts.

S.F. Offered Statue

SAN FRANCISCO (AP)—A 16-foot statue of St. Francis that stood for five years at St. Francis of Assissi Church has been offered to the City of San Francisco.

Rev. John J. Curtin has asked that the 12-ton granite work be removed, claiming it was ill-placed on the church steps. Wednesday, the priest and Benny Bufano, the statue's sculptor agreed that St. Francis should go to the city and suggested the civic center plaza for its new location.

Havana Bombings

HAVANA (AP) — Ten small bombs exploded in widely separated areas of Havana during the night and the crew of a police patrol car found another bomb that had not exploded. One man was injured by the blasts.

The bombings, which occur nightly, usually are attributed to the anti-Castro underground.

AUTOMATION IN COURT—Several keys are punched, the machine whirrs, and out pops a traffic tag receipt all ready for the customer. At the same time the machine digests and files the court record. 'PIONEER' IN FIELD

New Machine Starts Marin Court Work

An $8,700 electronic accounting machine, designed especially for Marin courts to meet specifications prepared by Municipal Court Clerk Edna Lemke, has arrived in the courthouse for a test run.

After about a month of trial run, the machine will start handling all civil, criminal and traffic fees that are now written out by hand.

Clifford E. Swanson, past president of the Municipal Court Clerks Assn. of California, commended Mrs. Lemke for "pioneering in an entirely new dimension of municipal court accounting." He wrote that other counties are awaiting Marin's experience with the machine for installation of similar computers in their counties.

Engineers for National Cash Register Co., which built the machine, say this is the first equipment of its kind ever developed for municipal court use in the United States.

Mrs. Lemke explained that this is how it operates:

A large keyboard has keys for each of the 10 cities in the county, plus the California Highway Patrol, and the county. Other keys are for location of arrest, type of violation, type of payment (cash, check or money order), and file number.

The operator punches keys, and the machine records all data and gives the customer a receipt. At the same time, the machine punches the information on a wired tape recorder. The machine also serves as a cash register.

At the end of each day, the operator punches out the totals and checks them with the total receipts.

Information punched out on the tape is later sent to the Data Processing Bureau of the auditor's office to put on IBM cards for automatic tabulation and distribution of fees.

At the end of each month, the IBM machines can provide a quick total of all fees collected, and the apportionment to the county, each city, and state.

Auditor Leon A. deLisle said the machine not only simplifies municipal court records but also is a big time saver in accounting work in the auditor's office.

Councilmen, Planners Schedule Meeting

Members of the Corte Madera Town Council and planning commission will get together at 7:30 p.m. Monday in the council chambers for an informal discussion of mutual problems.

The meeting was called at the suggestion of Mayor Edward H. Colthurst and also will serve as a get-acquainted session for some of the new councilmen and commissioners who have not yet met.

Contractors Offer To Build Shelters

SACRAMENTO (UPI)—California highway contractors have offered to put their huge earth-moving machines behind a new idea in civil defense.

The idea is to protect people by digging cavernous fallout shelters under the sity and suburban streets. The contractors argue that their equipment could build each shelter in a matter of days, that construction would not jam traffic, and the finished shelter would cost far less per family than the backyard type.

"Furthermore," says Pat Wixted, a spokesman for the Engineering and Grading Contractors Assn. of California, "each family could survive better in a group than it could sitting in its own backyard."

Wixted, the association's business manager for Orange, San Bernardino and Riverside Counties, came up with the understreet shelter idea three years ago. Since then he has been working to prove its engineering, legal and financial feasibility.

Checking in an Orange County suburb, he found that a shelter 20 feet wide, 20 feet high, and 500 feet long could accommodate 750 persons, or about the number that live on both sides of a three-block stretch of street. The shelter would sit under the middle block with three feet of earth between its roof and the street surface.

"Any mother could get to it in a matter of minutes, even with a baby in her arms," he said.

Such a shelter would cost $50,000, or $66 per person. This compares with $3,000 for the typical backyard shelter, he said. He pointed out also that the understreet shelter could not be taxed as improvement on any individual's property.

Checking an apartment house district in Los Angeles, he found that the shelters must be longer and spaced closer together. A shelter 2,000 feet long, with entrances every several feet, would protect 3,000 persons—or about the number that live on one block of three and four-story apartment buildings.

Wixted said that the Orange County Board of Supervisors, as well as the utilities whose lines lie under the county streets, have called his plans "very feasible" and expressed "general agreement" with the project.

Concerning finances, he said that he had conferred with banking officials who offered to finance individual shelters with loans to property owners.

In a suburb, for instance, the affected property owners would borrow money from the bank, and pay it back on monthly installments. Wixted estimated the cost at $330 per family and said the money could be borrowed on the strength of personal notes.

Apartment house owners would proceed similarly, except that their share of construction costs would be financed by adding to the mortgages on their property.

"Then they could offer the shelters as an inducement to renters, like a swimming pool," he said.

Wixted made it clear that the contractors would not make huge profits from the project.

"All work would be done on a reduced charge basis," he said. "If we tried to make money on this, someone is sure to blow a whistle on the whole idea."

Why did the contractors support his plan and affer their equipment?

"We want to make sure that we do it and that the state and federal governments don't start buying heavy equipment for some big civil defense programs of their own," Wixted said.

Wixted said the contractors were ready "right now" to build a shelter under any street in the state.

"We have the equipment; all we need is some people to tell us they want it," he said.

SAN ANSELMO POLICE ISSUE 45 CITATIONS

San Anselmo police stopped 215 cars in a holiday traffic check Wednesday night at the Hub intersection and issued 45 citations, Police Chief Raymond R. Buchignani reported today.

The citations were all for safety defects, such as defective lights, brakes and windshield wipers, Buchignani said. Two warnings were given drivers who had been drinking but were not sufficiently intoxicated to be charged with drunken driving, he said.

The check was one of 11 throughout the Bay Area by police departments in coordination with the California Highway Patrol. In all, 1,432 citations were issued, seven drunken drivers were arrested and 27 drinking drivers warned.

Four Injured In Car Wreck

Three children and a Sausalito woman secretary were hurt in a car collision on Highway 101 frontage road at Ricardo Road north of Richardson Bay Bridge yesterday.

Joan L. Walton of 414 Pine Street, Sausalito, was driving north on the frontage road at 8 p.m. when she struck a car driven by Melvin W. Phenicie of 363 Marin Avenue, Mill Valley, which had started after pausing at a stop sign in emerging from Ricardo Road.

Treated for cuts and bruises at Marin General Hospital were 19-month-old Anna Marie Phenicie and her brothers Michael, 5, and Melvin, 4, children of the driver of the second car, who was cited by the California Highway Patrol for failure to yield the right-of-way. Miss Walton reported minor injuries but declined treatment.

Nixon, Ike Meet 1st Time Since Election

WASHINGTON (UPI) — Vice President Richard M. Nixon and President Eisenhower conferred at the White House today amid growing signs that Nixon may return to California after leaving office in January.

White House news secretary James C. Hagerty said the Eisenhower - Nixon get-together, had "nothing special" on the agenda but was arranged because it was their first chance to meet since the election.

However, a Nixon aide strongly hinted that Nixon may return to California after Democratic president - elect John F. Kennedy takes over on Jan. 20.

Nixon's press secretary Herbert Klein, said the defeated Republican presidential candidate is seriously considering "some very attractive" jobs from California law firms.

Klein said that no firm decision has been reached yet but "these are the things he has in mind most seriously."

He said Nixon also was weighing a number of other possibilities. For this reason the vice president was not in a position to announce at this time his future plans, Klein said.

State Held Favoring Water Request

Representatives of the North Marin Water District spent two days in state hearings this week to gain more water for the Novato area.

A favorable decision on the plea to gain more water from the Russian River is expected about Jan. 1, Jerome Gilbert, manager of the district, reported.

The hearings were held Tuesday and Wednesday before the State Water Rights Board in Sacramento, for detailing the number of acre-feet of water to be supplied from the Russian River.

The North Marin district and Sonoma County are planning a joint project which would bring Russian River water to Novato by late next year.

The state board had approved "about 6,000" acre feet a year for the North Marin district. Gilbert said the request for 10,000 acre feet a year is expected to be approved. The new total would mean a sufficient water supply for the area for the next 20 years, he said.

(An acre-foot is 325-000 gallons of water. The North Marin district, primarily Novato, uses about 15 acre feet a day in the summer; it now uses about four acre-feet a day.)

If approved by the state, Sonoma County would be granted 52,000 acre feet yearly. It would sell the North Marin district 10,000; another 8,000 would be sold to Mendocino County; other amounts would go to various cities and districts.

Low Bidder Announced For New Rice Building

Low bidder for construction of a new J. B. Rice building to be located on Auburn Street in San Rafael was R. C. Briggs Contractors and Builders of Novato with a base bid for $81,945.

The contemporary one-story building, to be erected next to the J. B. Rice Supply Co. headquarters at 16 Auburn Street, will replace the Rice Building at 430 Francisco Boulevard which burned to the ground in a spectacular $500,000 fire on Aug. 26.

Rice was scheduled to meet with designers Edward Hageman and Associates of San Rafael today to award the contract.

Hageman construction should begin next week. The frame and stucco structure with a tar and gravel peaked roof will contain 22,000 square feet of floor space and provide parking for 56 cars.

It is hoped to be ready for occupancy by the end of February.

The nine bids opened at 3 p.m. Wednesday ran as high as $91,000 for construction of the building. Parking lot paving, curbs and gutters will cost an additional $14,700.

The building is divided into 13 sections containing 1,680 square feet in each. Hageman said most businesses that move into the building will use more than one section.

Engineers Bala and Strandgaard of San Rafael prepared the site for the new building.

Hageman said he didn't know how many of the eight businesses burned out in the Aug. 26 fire would move into the new building.

Future use of the Francisco Boulevard site is also unknown since at least part of it is still included in the State Division of Highways plans for widening the Highway 101 freeway.

Paul Low Improving

Paul V. Low, who retired last month as Sausalito street superintendent, was reported in very good condition at Ross hospital today after a minor heart attack Wednesday at his home at 151 Edwards Avenue in Sausalito.

The oldest Volkswagen in America.
You might mistake it for the newest.
© 1960 BY VOLKSWAGEN OF AMERICA, INC.

The oldest Volkswagen in America (a vintage '45 model) was found on a farm in Emerson, Nebraska. It was still working every day for Harold Kuhn, its owner. It was sought out not to put in a museum, but to prove a point: a Volkswagen may grow old, but never obsolete.

The 1945 Volkswagen was driven 1,500 miles to VW headquarters in New Jersey. It averaged about 22 miles per gallon. (Not nearly the milegge you'd get in a new VW, but not bad for a 15-year-old car.) At VW headquarters it was placed side by side with the newest Volkswagen in America (the 500,000th to come over).

You can't see too many differences in the two VWs. The new Volkswagen has: larger front and rear windows, heftier bumpers, new chrome strips and hub caps, different turn indicators. Otherwise, you might mistake the oldest Volkswagen for the newest.

If you took both cars apart, though, you'd find that almost every part has changed since '45. (Most new parts fit any older model.) Volkswagen keeps finding new ways to improve the VW to make it last even longer. Yet not one change in 15 years has made a VW obsolete. Volkswagens depreciate less than any other car.

Come in and see us for a new Volkswagen. Do it today. You'll be making a good long-term investment for tomorrow.

2 Stabbed At Quentin; Escape Attempt Foiled

An attempted escape and two stabbings marred Thanksgiving at San Quentin Prison.

The stabbings occurred yesterday after the holiday dinner, when two prisoners were cut by an unidentified attacker outside their cell. They are Luis C. Bobeda, 32, a Santa Clara County robber who suffered a deep wound in his back, and Roy C. McRae, 20, also doing time for robbery, who was stabbed in the stomach.

Both men, who were reported in satisfactory condition today in the prison hospital, said they did not know who attacked them.

According to prison officials, McRae was attempting to stop a fight between Bobeda and his attacker when the stabbings took place.

The would-be escape was thwarted Wednesday night when Eugene Edwards, 25, serving time for robbery and bad checks from Orange and San Bernardino Counties, was found hiding in the clothing factory after a "grapevine" tip that led guards to his hiding place.

Edwards was missing since Tuesday night when he apparently stuffed his bed with a dummy made of prison clothing. He surrendered without resistance, officials said.

GUARD BEATEN

Prisoners Escape Camp, Captured Minutes Later

Two inmates of a San Quentin Prison camp at Whiskeytown, Shasta County, slugged a guard and escaped in his car last night but were recaptured 40 minutes later.

The prisoners, Christopher A. Deane, 28, and Robert C. Nelson, 25, beat a correctional officer N. R. Miller over the head with a flashlight until he was unconscious, camp officials said. They then took Miller's car keys, wallet and pocket change an robbed the office safe before driving away.

When Miller regained consciousness, the Shasta County Sheriff's office in Redding was alerted and an all-points bulletin broadcast.

About 1:10 a.m. a sheriff's patrol car saw the car and forced it off the road into a ditch near the town of Old Shasta. Nelson, the driver, suffered a back injury and was taken to the jail section of Shasta County Hospital.

Deane is serving concurrent sentences of 6 months to 15 years and 6 months to 5 years for burglary and auto theft in Alameda County. Nelson, who had been released from San Quentin only last year and was returned last November, is serving two 6-month to 5 years sentences for auto theft in Los Angeles County.

Miller was back at work this morning, prison officials reported.

Commercial hatcheries of the United States produced 155,654,000 chicks in last September.

Exams Slated Tomorrow For Novato Police

Examinations are scheduled tomorrow for 108 applicants for the five openings on the Novato police force, now being formed.

Chief Roy McLaren reported that far fewer than the 108 are expected to show up for the tests at Novato High School, as some applications are months old, others will decide at the last minute not to take the test.

The top ten men in the tests will be invited by McLaren and City Administrator J. Julian Baget. Appointment is planned for about Dec. 5 for all five men.

The tests, almost three hours in length, are to be given by the state cooperative personal services.

Starting salary for each policeman will be $414 monthly. Starting salary for a matron-clerk will be $357 monthly. McLaren interviewed 10 women Wednesday and was to interview another four today, with an appointment of matron planned next week.

$332 Is Stolen From Cash Box

Thieves took $332.86 from the petty cash box at Shamrock Materials, Inc., 665 Irwin Street, San Rafael, it was reported Wednesday.

Theodore VanMidde of Montezuma Avenue, Forest Knolls, a salesman at the company, reported the loss at 2:45 p.m. He told Police Officer John Rosentangle the thieves apparently entered through the rear door, which had a faulty lock, and found the key to the cash box.

Be Sure Your Family Enjoys The Christmas Season To Its Fullest

Christmas season is coming Will you enjoy it with your children?

We parents have our share of grief. When our children are babies, we worry about their health and growth. When they reach childhood they start rebelling. We must set limits, explain rules, punish.

When they start school new problems arise. When they reach their teens we go thru the worst ordeal of all. Not easy to be a parent, is it?

But Christmas is a time we can enjoy. It's a time when love and fun prevail. This is our season, parents. I hope you will put your tree up early. Have your children decorate it. Sing the good old Christmas carols together, before the radio and TV wear them out.

Your children will be excited as Christmas approaches. You'll have to calm them down But don't be any sterner than necessary; let them enjoy Christmas with you.

Take them to your church each Sunday in December. Attend the special Christmas festivities. Be sure to go to their schools' Christmas programs. These are big events for everyone.

A bachelor read what I said about Christmas last year. He disagreed.

"What do you have when Christmas is over," he asked me, "except indigestion and empty pocketbook?"

I told him that when Christmas is over we parents have a warmer feeling of family love. We have a new closeness with our children. We have precious memories.

Do you agree?

Let me be the first to wish you a Merry Christmas, friends.

READERS' FORUM

(Q) "Do you approve of the practice of forcing non-Christian children to take part in Christian Christmas activities at school?

—R.E.

(A) I do not believe they are forced to. If they are, it is a mistake. Every school should make it easy for non-Christian children to avoid participating in any Christmas activity, whether it is of a religious nature or not.

Janitor Is Due In Higher Court

Elven Barrow Jr., 20, Marin City janitor, will be certified to Marin Superior Court next week for contributing to the delinquency of a 15-year-old girl with whom he was found on San Rafael Hill last Nov. 1.

Last Tuesday, Barrow pleaded guilty to the contributing charge. On the motion of the district attorney, a charge of attempted rape was dismissed by Judge Joseph G. Wilson.

Evidence showed that the girl had not been criminally attacked.

Hungry I Assistant Manager Injured In Gate Span Crash

Mrs. Joann Edmundson of 719 Spring Street, Sausalito, was in fair condition at Marin General Hospital today after suffering a broken nose and jaw with other injuries in a crash of her new car on the Golden Gate Bridge at 6:50 a.m. yesterday.

Driving north in her 1960 model compact vehicle from work as assistant manager of the Hungry I restaurant in San Francisco, Mrs. Edmundson swerved left, crossed all the southbound traffic lanes and smashed into the cement curb.

Her face struck the instrument panel with such force as to dent it. The steering wheel was driven back eight to 10 inches. Highway patrol investigators said they could find no reason for the accident.

During heavy holiday traffic on the bridge at 8:55 p.m. yesterday a northbound car driven by Tom Dennis Cordellos, 21, of Sonoma ran into the rear of a vehicle driven by Lloyd D. Carroll, 37, of San Francisco. Theresa Butler, 37, of Vallejo, riding with Carroll, reported injuries to her neck and right ankle but was not hospitalized.

Carroll had halted because of a tow car removing a disabled auto ahead. Cordellos was cited by the California Highway Patrol for following too closely.

Bicycles Sought For Marin Needy

San Rafael's Optimist Club is looking for bicycles.

The service club members want bicycles that are "in a state of disrepair or outgrown by their owners," they say. Members will renovate them and pass them on to youngsters who want bikes.

Donated bicycles will be picked up on weekends from now until Christmas. Those having discarded bikes, or anyone knowing of a needy youngster who would appreciate a good bike, are urged to get in touch with Harold Fulkerson of the law firm of Rockwell and Fulkerson, 1534 Fifth Avenue, San Rafael.

Masked Shoppers

RAWLINS, Wyo. (AP)—A man and two women wearing scary Hallowe'en masks entered a Rawlins food store, which had been struck by the local clerks union for several months.

Fearing a holdup attempt, the manager called police. The trio's explanation for their masks: They didn't want to be identified crossing a picket line to do their weekly grocery shopping.

It will be used in electric generation at PG&E's second atomic power plant, near Eureka, in 1962. Construction is now under way on the $20,000,000 Eureka project, where PG&E engineers expect to break the cost barrier to make atomic reaction an economical source of electrical energy...a pioneering achievement of major significance in the nuclear age.

TRAPPED CHILD RESCUED

A rescue worker holds 2-year-old Todd Duncan by the arm as he and the child are hauled from a rescue tunnel dug to extract the child from an eight-foot construction hole at a motel site in Gilroy yesterday. The child tumbled into the hole, only 14 inches across. A three-foot hole was drilled near Todd, then a rescuer burrowed across and pulled him up. (AP Wirephoto)

Negro Football Game Unmarred By Violence

MONTGOMERY, Ala. (AP) — Montgomery was relaxing today after threats of Thanksgiving Day race violence failed to materialize at a Negro college football game.

Officers arrested five white men, who later were released on bond, as groups of white persons were kept moving at yesterday's game between Tuskegee Institute and Alabama State College.

Signs were posted throughout the city urging "10,000 white people" to appear at the game, but nowhere near that figure showed up at Cramton Bowl.

City and county officers kept white persons moving and broke up white gatherings near the stadium, making it difficult to estimate the size of the crowd outside the bowl.

The arrests were made near a restaurant in the vicinity of the publicly owned bowl, where Tuskeegee defeated Alabama State 12 to 8.

The restaurant, which has a liquor license, was ordered closed for the day.

Sheriff's deputies said those arrested included Sonny Kile Livingston and Henry Alexander, who were indicted in an outbreak of Negro church bombings in Montgomery in in 1957. Livington was acquitted.

Alexander never was tried.

Also arrested were D. V. Andrews, G. W. Sexton and Wilson Bragg. Sexton was charged with illegally carrying a pistol, Andrews with disorderly conduct and Alexander, Livingston and Bragg with failure to obey an officer.

The approximately 8,000 Negro spectators left the game without incident.

MOTHER ARRESTED FOR LEAVING CHILDREN AT NEW YORK STORE

NEW YORK (AP)—A mother who left her two children in Gimbel's toy department has been arrested and charged with abandonment.

The children, Michael, 5, and Maria, 4, were found in the store Thanksgiving eve and taken to a children's shelter. The mother had put a note in the boy's pocket saying she could no longer care for them.

After receiving a telephone tip yesterday, police picked up the mother, Eileen Weiss, 29, in a Brooklyn apartment.

While Mrs. Weiss was being booked, the children's father, Salvatore Andrioli, 31, showed up and told authorities he was willing to take care of the boy and girl.

Andrioli was told to make a formal plea after arraignment of the matter, scheduled for today.

The first meteoric display on record in the United States was observed off Florida Keys in 1799.

Truck Tumbles; Driver Bruised

A pickup truck tumbled 25 feet down a bank from the tight curve of the temporary northbound connecting road between Highway 101 and Sir Francis Drake Boulevard early today.

Creighton Grant Thompson, 44, of 114 Bretano Way, Greenbrae, the driver, suffered a severe shaking-up with some cuts and bruises but said he would seek his own doctor.

Thompson told the California Highway Patrol he had turned too sharply and struck a six-inch dirt bank on the edge of the road. During recent weeks since this diversion was opened, probably a score of truck mishaps have been reported in spite of go-slow postings.

Burned Girl, 4, Gets Skin Grafts For 'Only Chance'

SAN ANTONIO, Tex. (AP) — Peggy Roller, the badly burned little girl to whom three Army sergeants gave skin grafts, is holding her own but "we are watching her closely," a spokesman at the Army's Brooke General Hospital said today.

The three sergeants—M/Sgt. William M. Goodloe, 45, of Earlington, Ky.; Sgt./1c Earl D. Bieler, 26, of Machias, Me., and Sgt./1c Harold S. Orff of Milo, Me., are recovering from the operation. They watched football games on television yesterday and had a Thanksgiving dinner.

Peggy, 4, is the daughter of Maj. and Mrs. Harry N. Roller of El Paso, Tex. She was flown here after a fire at her home Nov. 16 which seared 51 per cent of her body and burned off her hair. Her parents said she may have been playing with matches.

In a two-hour operation Wednesday doctors took 128 square inches of skin from a thigh of each of the sergeants and grafted it to the burned parts of the girl's body.

Doctors hoped the skin grafts will protect Peggy from infection until her body is strong enough to replace the damaged flesh. They said the skin grafts were her only chance for survival.

DINING OUT AND INNS

By HARRY CRAFT

Stacks Of Autos Don't Always Mean A Restaurant Doesn't Have Tables

The number of cars parked outside of a restaurant is usually a true indication of what's going on inside — but not always.

I have in mind the Buon Gusto Villa, which had its banquet room filled to the brim the other evening with members of the Cabrillo Club, resulting in a line of parked cars down to Broadway. Natural assumption was that all tables were filled, and a long wait would be inevitable. We almost made the same mistake ourselves but in deciding to brave it out found that the regular dining room was not occupied beyond the point of pleasant camaraderie.

Buon Gusto's party room, by the way, should be remembered as a likely spot for your club gatherings It's entirely removed from the main dining room, has its own separate entrance and service bar. Seating capacity is about 125.

Lucky for us we called — in so doing we became guinea pigs for a new dish at the Villa. Or, if not new, at least one that hasn't had much of a spread before in the county — veal picata with noodles. The veal is cooked in an egg batter known only in the kitchen sanctum as to its exact constituency. Since I am not one to pry loose trade secrets I was content to accept its toothsome existence as fact and let my empty plate be returned as unspoken approval.

Precursor to this delightful entree was one of Eleanor's famous salads with aged, pure wine vinegar which, according to my wife's sensitive taste buds, has no peer.

Other recent menu additions here include an infiltration from central Europe — schnitzel, goulash and a superb sauerbraten. The latter, however, should be prearranged for on a small or large group basis for assurance that it will be among the servings when you call.

AFTER A FEW successful trials, Leo Albertoni and chef George Thompson of Mission Inn are extending their field of food service to outside catering for parties and banquets. They are able to handle groups up to 350 or 400, Thompson says.

Paul Di Pietro has made available the Wye Club since discontinuing his own food operations, so that Mission Inn, King Cotton and other restaurants may use its capacious quarters for gatherings too large for them to handle in their home dining rooms.

ALSO I FIND that the Marin Golf and Country Club, exclusive for members only in the ordinary sense, has its banquet room on the available list for groups and parties.

Chef here is Claude Booth, well known to many in Marin.

A NOT UNUSUAL procedure in trying out a new dinery or one of reputable stature is to place yourself in the capable hands of the maitre, thereby becoming informed on certain delectibles which might otherwise be missed in making your own selections.

Such a custom for two or more is recommended at Ramona's where la senora ligera, Ramona Stallings, a charming example of perpetual animation often laments the common belief of most Americans that Mexicans eat nothing but enchiladas, beans and tacos.

This, she affirms, is not so, and to prove it, suggests that you leave your preconceived notions at the doorway, pay only scant attention to the menu and let her do the ordering.

You may end up with a combination of seeming unpronounceables to try out on your Spanish idiom but not. we'll warrant, anything mediocre in true Mexican cooking.

AFTER FIVE WEEKS or more, some of that time in the hospital, the return of Hector Paris to Novato Joe's is gratifying.

You can be sure that everyone pitched in while he was away, and the restaurant ran smoothly. It may be hard to convince Hector of that fact, since he has never been one to pass on to others what he thinks he should be doing himself.

Tell him, will you? He may get used to the idea of taking it easier.

RARE RECORDINGS of the Roaring 20s transcribed to 45-speed platters for Rancho Nicasio are being used in its juke box — many of them collectors' items.

I may be prejudiced by the memories of my youth, but it seems to me that some are better listening than today's output.

No Problems In Jr. Highs, Principal Says

Discipline is not a cricial problem in San Rafael's junior high schools, Santa Venetia Principal Lawrence Geiger told the board of education Tuesday night.

Geiger said the schools have problem youngsters who need special help and guidance, but the principal problem is in the child's not working to capacity and progressing as he should be.

Geiger, principal Homer Hoyt of Davidson School and junior high faculty members presented a progress report on the junior highs to the board.

The Santa Venetia principal defined a discipline problem as a situation where a youngster is habitually responsible for disturbances. "We are not losing class time because of any disturbance," he told the board.

Board member Willard Vernon pointed out that the board recently had statistics presented to it on discipline problems in the high school. "These kids had to come from some place," said Vernon.

Geiger said that the big breakdown in discipline comes when a child has to face up to responsibilities. He said numbers were a factor in controlling problem children. Santa Venetia has only about 250 youngsters, and problems are handled immediately when they come up, he declared.

Hoyt noted that he has just completed four reports to the probation department on students, all of whom moved into the district this year.

Reed Board Asks Study For 10 Rooms

Supt. Paul R. Stouffer of Reed Union School District has been given the job of figuring out whether the district should build 10 classrooms at Del Mar Estates.

The State of California will allow the district aid toward building eight classrooms at the site. But 10 rooms are needed to move seventh and eighth graders from Reed, Belvedere and Tiburon Schools to the new plant, Stouffer told the district trustees Tuesday night.

Four names were suggested for a board member to succeed Alfred J. Azevedo, resigned. The four, to be presented to County Supt. Virgil S. Hollis, who makes the appointment, are: Peter MacGowan of Rolling Hills, John Murray of Paradise Drive, Mrs. E. Allen Steinau Jr. of Belvedere and Leo Souza of Stafirth.

Architect William Gillis reported on the proposed remodeling of the upstairs at Belvedere School and trustees authorized expenditure of between $750 and $1,000 for the work to be done during Christmas vacation. Revamping of the Belvedere kindergarten room and adjacent access areas will be studied further by Gillis.

Students Honored For Achievement

Two Marin students at San Francisco State College were awarded certificates for superior academic achievement Wednesday for being among the top 10 students of last year's freshman class.

They are Margaret W. Roberts of San Francisco, daughter of Mr. and Mrs. John H. Roberts of 32 Plaza Drive, Alto, and Carl A. Gail of Terrace Avenue, Bolinas.

ISTVAN NADAS
Sets hometown debut

First Marin Recital Set By Pianist

Concert pianist Istvan Nadas of Sausalito will appear in his first recital in Marin County next Thursday at 8:30 p.m. at the Gate Playhouse in Sausalito.

An established concert artist in Europe and South America and winner of critical acclaim after his American debut at Town Hall and another concert at New York's Carnegie Hall, the Hungarian born pianist is a new professor and teacher of piano master classes at the San Francisco Conservatory of Music.

Nadas was a pupil of the Hungarian composers Bartok and Kodaly and holds a degree in composition and conducting from the State Academy of Music in Budapest and a doctorate in philosophy from the University of Budapest. He speaks five languages: Hungarian, Italian, German, Spanish and English.

His concert will be under auspices of Lewis Yagow of Sausalito and a group of Marin people interested in promoting an annual Sausalito music festival.

Nadas is personally offering two scholarships to winners to be determined in auditions on Dec. 6 at the Outdoor Art Clubhouse in Mill Valley.

For his program, Nadas will play prelude and fugue in D major, Vol. 2, No. 5 from Bach's "Well-Tempered Clavier Sonata in C major, Opus 53 ("Waldstein") by Beethoven; Sonata No. 7, opus 83 by Prokofieff; Chopin's Scherzo No. 2 in B flat minor and ballade No. 3 in A flat major, and the "Spanish Rhapsody" by Liszt.

Tickets may be obtained at Village Fair Records in Sausalito, Village Music in Mill Valley and Hoy's TV and Music Store in San Rafael.

Last Of Missing Bonds Located

After a four-month search, the last of 47 owners of building bonds issued in 1948 to finance completion of the Mill Valley American Legion Hall has been found, Martin Jukich adjutant of American Legion Post 284, said today.

Number 47 was Wayne L. McFadden, who was a truck driver on the project and is now living in Summit City, near Redding. McFadden, by letter, said: "Sorry, I was so hard to find. I didn't know the state of your treasury so didn't turn the bond in on the due date." The post has sent McFadden a $25 check.

A total of $2,725 has been paid out to redeem all of the non-interest bonds issued Jukich said.

Marin GOP Announces Finance Plan

The Marin County Republican Central Committee is considering a direct contribution plan for financing its county headquarters.

Republican headquarters, which has been located in the Masonic Building in San Rafael for almost two years, includes a fulltime paid secretary and several volunteer workers.

Under a direct contribution plan — similar to one established in Sonoma County — monthly contributions of $1 each from party members would maintain the office and personnel, according to Chairman David Winslow of Tiburon.

The committee which met Tuesday night in the San Rafael courthouse refered the plan to the finance committee for a report on Jan. 24, since there will be no December meeting of the central committee.

Winslow also outlined a plan for consolidating and strengthening the committee during the next two years. He included work on the financial structure, precinct organization, expansion of the county's four Republican volunteer organizations, and creation of a special subcommittee to keep the committee informed of legislation in Sacramento and Washington.

The central committee is sponsoring a dinner honoring candidates and volunteer workers at Bob's of Marin Dec. 1. Tickets are available at the Republican Headquarters.

Sales Taxes Revenue Dips In California

SACRAMENTO (AP) —California is collecting more money this year, but not from sales taxes, its top source of income.

Sales taxes in the first four months of the current fiscal year were down about 8.2 million dollars from the comparable period of 1959-60, Controller Alan Cranston reported yesterday. The decline was 3.8 per cent.

And the total $207,463,580 collected accounted for 50.3 per cent of general fund revenues. Last year it was more like 60 per cent.

Cigarette tax revenue also dropped. The $21,223,293 collected was about 1.4 million dollars or 6.4 per cent lower than in the first four months of 1959-60.

Nevertheless, other general fund revenue continued climbing, with the total reaching $412,494,397, a 14 per cent boost over the previous fiscal year.

But the state spent $501,679,692 during the four-month period—89.2 million dollars more than it took in. Expenditures were up 12½ per cent over 1959-60.

Drop Reported In Mumps Cases

New cases of mumps dropped sharply in Marin County last week, declining from 16 the preceding week to only three, according to physicians' reports to the county health department.

Dr. Carolyn B. Albrecht, county health officer, said today one mumps case was reported last week in Marin City, one in Novato and one in rural Marin.

Four cases of gonorrhea were reported, two of infectious heptatitis, one of syphilis and one of salmonella.

MARIN FILMS

Shelly Winters Good In Story Of Skid Row

By LESLIE DARD

The weekend films in capsule review:

RAFAEL THEATER

"Let No Man Write My Epitaph" is a highly dramatic and effective exploration of the lower depths of our society. Its setting is Skid Row and its characters are Skid Row people. It opens Sunday on the San Rafael screen.

Based on Willard Motley's best-seller, its setting is Chicago's West Madison Avenue, about as low down as you can get. And it tells how a boy's mother, a derelict judge, a legless newsboy, a prostitute, a singer in a gin mill become the self-appointed guardians of yound Nick Romano (James Darren), determined to save him from the brutal influences around him.

The cast is skilled: Shelley Winters, Burl Ives, Ella Fitzgerald, and Ricardo Montalban. They succeed in lifting this image of a grim life above average, as films go.

How they labor to help Nick leave the slums—even though they know they can't follow him — makes for a first-rate movie.

Estimate: Oscar-caliber performance by Miss Winters.

TAMALPAIS THEATER

"North to Alaska" (CinemaScope, color) is a farce-melodrama which stars John Wayne, Stewart Granger, Ernie Kovacs and Fabian.

Basically a western set in the tundra, it spins a tale of two pals, Wayne and Granger. The latter sends Wayne north to pick up his girl (Capucine) and bring her home. The expected complications occur.

This film is showing on the Hub screen.

MOTOR MOVIES

I've always had a fondness for gentle, frustrated Doug Roberts, the hero of the late Thomas Heggen's immensely successful novel and play, "Mr. Roberts."

The film version, being revived at this theater (in CinemaScope and color) retains the story fairly intact. Henry Fonda stars as the wonderful guy caught, quite literally, between the devil and the deep blue sea.

The devil is the sadistic, crotchety captain of a cargo ship plying the Pacific during WW II. As captain, Jimmy Cagney is perfect—bellowing, hated by his men. He and Roberts frustrate each other frequently in a long battle finally resolved by the crew in a courageous move which has bittersweet results.

The cast includes Jack Lemmon as the predatory Ensign Pulver and William Powell as a philosophical physician.

NOVATO THEATER

"Ocean's 11" (Panavision color) is the title of a film about a monumental Las Vegas crime caper. It opens Sunday.

Ocean is Danny Ocean (Frank Sinatra) and the 11 are pals from a wartime commando unit. And what do veterans do when they get together? Well, Danny and his pals rob five casinos at the same time.

Among the 11 are Dean Martin, Sammy Davis Jr., Peter Lawford and Richard Conti. And their plot is ingenious, indeed.

LARK THEATER

"Carry On, Nurse" is a new British comedy which establishes, beyond a doubt, that the male animal cuts a pretty sad figure when bereft of his pants. It has been held over for an eighth week.

The men's ward of a hospital serves as the setting for this romp. There is no story as such. Rather, the audience follows the day and night antics of the patients, a zany lot at best.

FAIRFAX THEATER

"The Apartment" is a very funny, very good film.

Starring Jack Lemmon and Shirley MacLaine, it relates the ludicrous plight of a bachelor who lends his apartment key to office mates for their amatory adventures. Before long, he scarcely has a home.

To keep him quiet, his superiors get him promoted. Then he learns the one girl he admires (Miss MacLaine) is having a romance in his apartment with his boss, Fred MacMurray.

His distress becomes acute when, rejected, she tries to take her life in the apartment. Yet this all leads to an upbeat ending.

SEQUOIA THEATER

"All the Fine Young Cannibals" (CinemaScope, color) spins a tale of very mixed-up young people and the troubles they can get into without half trying. It opens Sunday on the Mill Valley screen.

It starts in a Texas town, where Natalie Wood becomes involved with Robert Wagner. When she discovers that she's "in a family way," she grabs a train and meets Yaleman George Hamilton.

Later, learning that she is pregnant and not suspecting that another may be the father, he weds Natalie, installs her in a mansion and floats off on a sea of liquor.

Story is complicated by Bob's success in New York and his marriage to George's sister (Susan Kohner).

How this tangle is resolved, makes up the gist of the story.

TIBURON PLAYHOUSE

"Solomon and Sheba" (color) is a gaudy spectacle, filled with big battle scenes and starring Yul Brynner and Gina Lollobrigidia.

Solomon (Brynner) is portrayed as a brilliant monarch whose growing wealth alarms Egypt's pharaoh. The latter sends his ally, the Queen of Sheba (Gina) to bring him down if she can.

Plenty of battle scenes mark this "De Mille type" drama which is co-featured at the playbox with "Career," a pretty good drama set in New York.

Ross Trustees Approve Supplemental Reading List

A list of more than 200 books to be used as supplemental reading material for seventh and eighth graders has been reviewed by the Ross School District trustees.

The list, chosen by seventh and eighth grade teachers, include classics as well as recent and current fiction.

Trustee George David Hart was appointed by the board at its meeting this week to serve as the district legislative representative to the Marin County School Boards Assn.

Announcement was made of a countywide meeting of custodians and administrators at Ross School today beginning at 9 a.m. The host school will serve lunch to the delegates to the all-day meeting.

The board was told that Irvin Van Brocklin, assistant custodian, will replace Horace Koelsch as head custodian on Dec. 1. Koelsch, who is retiring, has served as custodian in the district for 20 years.

Shoreline Route Letter Drive Set

Decision to concentrate a letter-writing campaign on the need for prompt improvement of the Shoreline Highway, without trying to indicate the nature of the road, was made at a meeting Tuesday of the Marin Coast Chamber of Commerce at Point Reyes Station.

"Everyone has ideas as to 'how,' but our idea is about 'when'—and make it quick," was the summary of Don DeWolfe, who was re-elected chamber president.

Other officers chosen were: James Marshall of Tomales, vice president; Mrs. Harriet M. Greene of Stinson Beach, secretaay-treasurer, and as directors, George Ludy of Inverness, Lee Sefton of Stinson Beach and Mrs. Emma Benevenga of Olema. Marshall is an outgoing county superior and Ludy will take his place.

Unified School District Looms In Tiburon Area

Possibility of a new unified school district on the Tiburon Peninsula — with one district operating all schools through 12th grade — has been raised by trustees of Reed Union School District.

Reed is one of a dozen elementary school districts within Tamalpais Union High School District. Graduates of Reed's eighth grades now attend Tamalpais High School in Mill Valley.

Two bond issues proposed by the Tamalpais District have failed of the necessary two-thirds voter approval within the past year. Both were predicated on purchasing a site for another high school in the district — although in neither case was it specified that the school would be on the Tiburon Peninsula.

A third bond issue, set up on the same basis in a three-million-dollar amount, is to be put before voters next April 18.

Reed trustees, discussing the situation this week, decided to appoint a local committee to augment the work of the Marin County Committee on School District Organization, which is charged by the legislature with preparing a long-range plan for school unifications within the county.

The trustees emphasized they are taking the long view. The study should not have any bearing on the Tam district bond issue election, declared board chairman Richard J. MacLaury.

The State Agricultural Society was formed Nov. 13, 1854 in Sacramento "to conduct fairs, exhibitions and promote agriculture, horticulture and stockraising in California."

Hanna Boys Center Issues Annual Appeal For Funds

Hanna Boys' Center at Sonoma, the "Boys Town" of the West, today issued its annual appeal for financial support, as it began its second decade of providing a home for boys who have no real home.

Marin Dist. Atty. Roger P. Garety, member of the board of directors of the Hanna Center, said prevention of delinquency before it becomes a fact has been the primary aim of the center.

Other Marin representatives on the board are Albert V. Martin of San Rafael, Roy Bersaglieri of San Anselmo, and James E. Muldoon of Sausalito. Muldoon is executive secretary of the center.

The Hanna Center is a nonprofit corporation built near Sonoma entirely by voluntary contributions. Right Rev. William L. O'Connor is director of the home for 120 underprivileged boys of all races and creeds.

Australia is the only continent entirely in the southern hemisphere.

San Rafael Man Named Span Manager's Aide

WILLIAM H. HENDRICKS
$12,000 job

William H. Hendricks, San Rafael advertising and publicity man, today was named assistant general manager of the Golden Gate Bridge and Highway District.

The job pays $12,000 per year. Hendricks' assignment as assistant to general manager James Adam will include public relations of the bridge district, which currently is engaged in a struggle against giving up jurisdiction over the famed bridge to the proposed Bay Area Authority.

Hendricks is co-owner of William Hendricks and Associates, San Rafael advertising-public relations firm. Before entering that business, he was a longtime newspaperman.

He worked as a reporter on both the San Rafael Independent and the Marin County Journal before they merged into the Independent-Journal, and on the Mill Valley Record. For 11 years he was Marin Correspondent for the San Francisco Examiner.

which blocked traffic on the stretch for an hour.

The Harringtons moved to Mill Valley from Berkeley three months ago. The children are Mrs. Harrington's daughter by a former marriage, Laurie, 4, and Harrington's two sons by a former marriage. The two boys had been brought to Mill Valley from Sebastopol, where they had been staying with relatives, to make the holiday trip.

Also injured in the crash were Ohmstad and his passengers, Mr. and Mrs. Richard Lord of Inglewood and their 4-year-old son, Chris.

Boy, 16, Admits Theft Of Coins

A 16-year-old Mill Valley boy, who had never been in trouble before, pilfered $235 in rolled coins from the grocery where he worked to pay for a car which he recently bought, sheriff's deputies reported Wednesday.

Inspector Guido Battaglia said the youth, who worked as box boy at Shoreline Market in Tamalpais Valley, admitted taking rolled coins in various amounts between Oct. 4 and Nov. 18. With this money, he was able to pay cash for a used car he bought last week from a friend.

Market owner Al Santos became suspicious when he noticed small cash shortages on days that the boy worked at the store. He called the sheriff for help last Friday.

The boy said he took rolls of money in amounts ranging from $5 to $70 at a time. He has been referred to juvenile probation officers.

Divorce Granted Writer's Wife

Sausalito novelist and magazine editor Calvin Brice Kentfield, 36, was divorced by his wife, Veronica Anne, in Marin Superior Court Wednesday.

He did not contest the action. Mrs. Kentfield gets custody of their two children, aged 1 and 4, and gets $150 per month support for the youngsters. Judge Harold J. Haley approved the property settlement, which gives her the household furniture and him a 1949 car and hi-fi equipment.

They were married in London in 1955. They lived at 885 Bridgeway in Sausalito. Kentfield is one of the editors of Contact magazine.

Paint Delivered After Plane Trip

PENSACOLA, Fla. (AP)—Merritt Supply Co., a building materials firm, was embarrassed to find itself completely out of a brand of paint to meet an urgent order of two gallons. Delivery had been promised within 24 hours.

The manufacturer was called in St. Louis. Ten hours later an employe of the manufacturer stepped off a plane at Pensacola with two gallons of paint. Retail price of the paint, $6.

Drunken Driver Given Extra Fine As 'Nuisance'

A Santa Rosa judge who felt that a Novato drunken driver had "made a nuisance of himself" and might have tried to deceive a jury Wednesday, imposed a $350 fine, $100 over the minimum which is customary for first offense.

Municipal Court Judge A. F. Scheidecker said he was assessing the extra $100 because of James Gomes's "obnoxious behavior" plus the fact that expert testimony indicated his alcohol content to have been higher than he testified.

Games was convicted Nov. 7 but attorney James E. Jones Jr. moved for mistrial Wednesday on grounds of "misconduct" by Sonoma Deputy Dist. Atty. Jack Shea by appealing to the jury's prejudice on a basis of "carnage on the highway" caused by drunken drivers.

But Judge Scheidecker found the trial fair and the defendant due for above-average fine.

Three Teen-Agers Go Joyriding

A 13-year-old Ignacio boy and two girl friends, aged 14, stole a car and went for a "Thanksgiving joy ride" about 2 a.m. yesterday, sheriff's deputies reported.

Donald L. Loflin, 42, of 1850th Airways and Air Communication Service, Hamilton Air Force Base, emerged from the Meadows about 2 a.m. and discovered his 1957 hardtop was missing from the parking lot.

He and Deputy Sheriff William Johansen went looking and spotted the missing car parked at Nave Lanes bowling alley. A boy and two girls stood by the car. As the patrol car approached, one girl ran, but the deputy caught the other two. They admitted they took the car for a joy ride. The youngsters were cited to appear before the juvenile probation officer next Wednesday morning.

Soft Drink Stand Invites I.Q. Test

SHELBY, N.C. (AP) — A sign over the empty soft drink crates at a service station here reads, "Test your I.Q. Put the round bottle in the square hole."

The operator claims it's hard for people to pass up the chance to prove their intelligence, and he says the gimmick has ended the problem of picking up bottles scattered around the station.

BABY

Continued from page 1

4:04 a.m., Kennedy was at the hospital at 4:16.

He visited briefly with his wife, still groggy from medication, received the doctors' reassuring reports and went home an obviously happy man.

Dr. Walsh told reporters during his midday visit that Mrs. Kennedy was resting. He said she did not sleep very well, but characterized her condition as "excellent."

After a few hours sleep, Kennedy left his home in the Georgetown section of Washington at 11:30 a.m. and drove to Georgetown Hospital for another visit with his wife and another look at his son.

About 100 well-wishers were gathered across the street from the house. Several shouted congratulations.

Another crowd of about 100 gathered outside the hospital.

Kennedy remained at the hospital about 20 minutes and told newsmen as he left that his wife was "doing very well."

The senator drove directly back to his home and aides said he planned to remain there for the remainder of the day except for hospital visits.

Kennedy said he may be in Washington two or three weeks. Earlier he had said he expected to return to Palm Beach in two weeks, taking his family with him.

Dr. Walsh said Mrs. Kennedy had not yet seen her son, occupying an incubator in a nursery about 25 feet down the hall from her room. He said she might see him tomorrow, depending on when she can make the wheelchair trip to the nursery or the pediatrician will permit the baby to be brought to her.

Hospital authorities said incubator care for a time is routine in such cases.

Dr. Walsh described Mrs. Kennedy as being delighted that the baby is a boy.

A flood of congratulatory messages was coming in for the Kennedys, including wires from President and Mrs. Eisenhower and Queen Elizabeth II.

DRUGS

wages are keyed to the cost-of-living index.

But drug prices declined sixtenths of 1 per cent, BLS reported—largely due to cuts in the price of tetracycline, a family name for a group of antibiotics in wide use.

California's chief criminal deputy attorney general, Charles A. O'Brien, said yesterday that his office will begin an active investigation of drug prices.

Assemblyman Phillip Burton (D-San Francisco) disclosed that the assembly committee on social welfare has been investigating prices charged for the state drugs for indigents for three weeks.

He said public hearings will be held here Dec. 8 and 9.

Husband Jailed For Hitting Wife

A. C. Speegle, 32, of 120 G Street, San Rafael, was jailed yesterday on a charge of hitting his estranged wife in the eye, after an argument in the Club Moderne at 804 Fourth Street.

Mrs. Julie Annette Speegle of 830 B Street, San Rafael, suffered a black eye during the fight, which she said started over money. She called Police Officer Wade R. Powell at 5:30 p.m. and placed her husband under a citizen's arrest charging assault and battery. He was held in lieu of $262.50 bail today.

OBITUARIES

Noted Latin Scholar Dies In Hospital

Anthony M. Givanovich of Sausalito, who worked for more than 30 years to make classical Latin the everyday language of the world, died of a heart attack yesterday in a local hospital. He was 69.

He left unfinished a Latin-English dictionary which included such modern-day phrases as "rock-and-roll" and "atomic war." The manuscript, which represented 20 years work, was scattered about his home at 27 Caledonia Street, Sausalito.

He had recently translated more than 100 popular songs into Latin. Such selections as "Rock and Roll Waltz," "Marianne," "Winter Wonderland" and "Silver Bells" could bring the friendliness of the Latin language to elementary school children, he believed.

Givanovich was for 30 years an associate editor of the monthly magazine Auxilium Latinum and a member of the Virgilian Society of America, both of which are dedicated to the promotion of the study of Latin.

As a fluent speaker of classical Latin, Givanovich was a strong opponent of Esperanto, which has been proposed as an international language.

"Why construct a new language when Latin, a 3,000-year-old tongue, already has a good background and is known well by many?" he would ask.

Givanovich was born in San Francisco. His father was a native of what is now Yugoslavia; his mother was French.

Because of the diversity of family languages, correspondence with his grandfather, a Latin professor in Vienna, was in Latin.

Givanovich moved to Sausalito 25 years ago. Not once during his life did he leave California, a record he was proud of.

For the past two months he had been confined to bed with a heart ailment.

He is survived by two sisters, Louise Givanovich, who lived with him in Sausalito, and Marianna Gaillard of Alameda.

The Rosary will be recited at 8:30 p.m. today at Frank J. Keaton Mortuary, Sausalito. Requium Mass will be celebrated at 9:30 a.m. tomorrow at the Star of the Sea Church, Sausalito. Interment will follow at Holy Cross Cemetery, Colma.

Irene Grande Dies Of Heart Seizure

Mrs. Irene Grande of Pacific Grove, Monterey County, died yesterday, apparently from a heart attack, at the home of her daughter, Mrs. Thelma Tabor of 55 Woodland Avenue, San Rafael.

Mrs. Grande was visiting with her daughter for the Thanksgiving holidays, suffered the apparent attack shortly after 5 p.m. yesterday in her daughter's home. She was taken to the hospital by ambulance, but was pronounced dead on arrival, said the Harry M. Williams Mortuary, Marin County Deputy Coroners.

Mrs. Grande's husband is an employee of the Monterey Glass Co. in Monterey. She is survived by him and Mrs. Tabor.

Private funeral services are pending at the Harry Williams Mortuary in San Rafael.

Clara M. Halleck Dies In Hospital

Mrs. Clara M. Halleck, wife of longtime Mill Valley and Belvedere-Tiburon mail carrier Theron Halleck, died this morning in a local hospital after a short illness.

Mrs. Halleck, who was 67, had been a Marin resident 20 years. She and her husband made their home at 5 Meadow Drive, Mill Valley. Halleck was a Mill Valley mail carrier from 1940 to 1957, then a mail carrier for the Belvedere-Tiburon Post Office for two years, retiring last year.

Mrs. Halleck was born in Illinois. She and her husband were married in Honolulu, where she resided 15 years. They came to California from Hawaii in 1939.

She is survived by her husband and by nieces and grandnieces.

Funeral arrangements are pending at Russell and Gooch Mortuary in Mill Valley.

Amelia T. Fontes Dies Of Illness

Mrs. Amelia T. Fontes of Novato died early today at her home, 6 Garden Court, after a short illness.

She was a native of the Azores Islands and came to California 45 years ago to settle in Marin. Her husband, Frank Fontes, is a retired dairy rancher.

Mrs. Fontes was a member of the SPRSI of San Rafael.

She is survived by her husband; two sons, Anthony Fontes of Novato and Frank Fontes of Bolinas; two step-daughters, Mrs. Mary Silva of Oakland and Mrs. Sarah Tonnemacher of Mill Valley, and a grandson.

A Requiem High Mass will be celebrated at St. Raphael's Church in San Rafael at 10:30 a.m. Monday, with the funeral cortege leaving Keaton's Mortuary at 10:15 a.m. Rosary will be recited at 8 p.m. Sunday at the mortuary.

Interment will be in Mount Olivet Cemetery in San Rafael.

Mrs. Irene Little Dies In Fairfax

Mrs. Irene Little, who had been visiting her son in Fairfax for the past three months, died yesterday in a local hospital at the age of 71.

She had been staying with her son, Ward Duffy at 377 Scenic Road, Fairfax.

Mrs. Little, who had been ill for several years, lived with her husband, William L. Little in Ludington, Mich. She had come to Marin County in September.

The body was sent to Evanston, Ill., for services and interment.

Mrs. Schwaderer Rites Planned

Funeral services for Mrs. Margaret Louise Schwaderer, 78, mother of Norman T. Johnson of San Rafael, were to be held this afternoon in Sonoma.

Mrs. Schwaderer died in a Sonoma hospital Tuesday after an illness. She was a longtime member of the Order of Eastern Star.

Surviving are three sons, Johnson, Dr. Herbert C. Schwaderer of Los Gatos and Dr. Norman E. Schwaderer of Sonoma; two sisters, Mrs. John Darms and Mrs. Henry Hillman of Napa; two brothers, Richard Bernsdorf of Palo Alto and Oswald Bernsdorf of San Bruno, and nine grandchildren.

Terra Linda High School Dedication Set

All the doors and windows are now in place at Terra Linda High School on Nova Albion Way, so there'll be a dedication ceremony Tuesday night.

This will be one of many features in an open house comprising the school's second "Back to School Night" and starting at 7:30 p.m.

"Things are finally getting pretty well straightened out so we felt the time had come for a dedication," said Principal Webster Wilson today. "But of course we've been in here since the start of the semester, working it out as we went along."

ROOMS OCCUPIED

Wilson said the locker room, gymnasium, homemaking and art rooms have been occupied, the science department isn't quite ready. Shop equipment is about ready for use.

Additional to the dedication, there will be six school periods in miniature—about 20 minutes each with five minutes for passing to classes.

Parents will be given schedules of their offspring and will thus be able to follow the pattern of a day's work, with observation of how the classes go.

440 STUDENTS

The school now has 440 students and 24 on the staff, including teachers and administrators. An initial "Back to School Night" held just before school opened, drew attendance of around 900.

Members of the Native Sons of the Golden West will take part in the dedication program.

Heavy Rains Flood Towns In Oregon

PORTLAND, Ore. (AP)—Flood waters coursed from ankle to waist deep through scores of western Oregon communities today. Heavy rains put one entire town of 1,000 persons under water.

U.S. 101 along the coast, U.S. 22 across the Cascade Range and many secondary routes were blocked by rampaging streams and slides touched off by a Thanksgiving Day downpour that continued today. It was slackening off in some areas.

Most residents sat it out as the water swirled into stores and homes, but an estimated 50 families were evacuated in scattered areas. No casualties were reported.

Small communities bore the brunt of it. Weather Bureau forecasters said only minor flooding is to be expected along the major rivers. Along the tributaries it was another matter.

Several points reported more than four inches of rain in 24 hours, and the already sodden community of Valstez in the coast range measured 6.41 inches, making a total of 32 inches there in the past two weeks.

The streams could not handle it.

Mill Creek came bursting into the town of Turner, nine miles south of the state capital of Salem. First it spread boards from a lumber yard throughout the town of 1,000. Before midnight the entire town was under water, which was waist deep in some streets. There were no evacuations there.

Twenty-eight families left the community of Shady Dell on the Molalla River, about 25 miles southeast of Portland. A number of families also fled lowlands east of Portland, where Johnson Creek overflowed.

U.S. 101, the coast highway, was cut in a half-dozen places by slides, mostly between Florence and Newport.

A 300-foot-ling slide buried U.S. 22 under 12 feet of mud, rocks and trees about 35 miles southeast of Salem.

Water flowed three feet deep over the Corvallis-Waldport highway as the Alsea River overflowed. The Siuslaw River flooded the Eugene-Florence highway.

The flooding closed scores of secondary roads throughout the Williamette Valley south of Portland, washed out a bridge near Newberg and nearly drowned two duck hunters caught on the upsurging Williamette River.

Their boat capsized near Junction City. They managed to swim to an island, where they had to spend a shivering day until the finally were rescued.

Warm winds from the ocean brought the heavy rains, but later the weather turned cold. A chill rain continued along the coast and in the Williamette Valley, but snow began falling in the Cascade and Coast ranges.

CHANDLER, Ariz. (AP)—Jack Pleasant, assistant fire chief at Williams Air Force Base, was on duty when he received an emergency call from the nearby Chandler Fire Department.

Pleasant arrived in time to aid the Chandler force in battling a fire at his own home.

Tiros II Report Card: Good On Heat, So-So On Photos

WASHINGTON (AP)—Government scientists have handed down this report card for the new weatherman satellite, Tiros II:

Excellent in checking the earth's heat balance.

So-so in photographing its cloud cover.

The cloud cover problem centers on the two cameras of the satellite, which was sent into orbit Wednesday from Cape Canaveral, Fla.

The National Aeronautics and Space Administration reports that the small camera is doing its job well, but the large camera isn't.

The small camera takes pictures of cloud areas that cover a square of 75 miles. These photos, however, need support from the large camera's photos to give scientists useful weather information.

The large cameras snap pictures of clouds that cover areas of 800 miles square. These pinpoint the exact locations of the small photos.

Scientists report that the infrared equipment on Tiros II is doing its job on checking heat balance. The equipment provides information on the amount of reflected sunshine, the amounts of radiation from the earth and its atmosphere, and the amount of visible light reflected back into space.

49ers Up Against Tough Situation Against Rested Colt, Ram Elevens

CONNOLLY

As if they didn't have their hands full already, our San Francisco 49ers fall heir to a real tough situation the next two weekends.

Through the vagaries of scheduling brought about by the advent of the Dallas Cowboys this year, each team in the National Football League draws a one week bye sometime during the season.

Sunday, in Baltimore, the 49ers meet a Colt team that had a two-week rest. And the following week in Los Angeles the same situation prevails against the Rams, who draw a bye this weekend. That's the way the ball bounces, as the fella says.

Many coaches deplore the open date in a schedule, feeling that the time off dulls the sharp edge of their players and makes them sitting ducks for the next opponent. However, this is mainly true of college footballers. In the pro ranks it must be assumed that all the players know their jobs. When you are playing for pay, a week off is just as welcome to a guard or a tackle as Thanksgiving is to an office worker.

THIS IS especially true when the bye allows the team to be at home for the two or three weeks involved. Sorta nice to get reacquainted with the wife and kiddies once in a while.

To make matters worse for the 49ers, a win for the Colts this Sunday would just about sew up the Western Conference for them. I'm glad my contact with the Colts will be by way of the idiot box instead of the field of battle. I only hope the Colts remember about "the quality of mercy," etc.

WITH COLLEGE football all but over except for a few 11th week games and the bowl contests, the real silly season starts now with the annual orgy of naming the All-American teams.

Local fans will give the selections a look see as usual, but none expects to find the names of any northern California players even on the honorable mentions. This must be one of the driest years in history when it comes to talent.

Old Blues and Old Reds from Cal and Stanford must have done some real agonizing this week when the All-Coast selections were announced. We had to look all the way to the third team to find a mention of a Bear or an Indian. Selected above this lonely duo were men from such as Humboldt State, San Francisco State and Fresno State.

NATIONALLY, the picture is a little better. Head Scout Pappy Waldorf of the 49ers has been beating the bushes all season, and he reports a good crop of players ready to replenish the ranks of the pro teams. The good college boys are in a wonderful spot to pull down some bonus money with two pro leagues and the Canadians in search of talent.

One amazing thing is the apparent result of the law of supply and demand. Just take a look at the weight and height figures on this year's crop of All-Americans. Where were all these 6-foot-5, 240-pound mammoths just 10 years ago? Somebody is supplying the demand.

Colts Favored By 16 Points Over 49ers

WASHINGTON (AP) — Big Monty Stickles, the San Francisco 49ers' rugged rookie end, will move back into the starting lineup Sunday against the Colts at Baltimore.

Coach Red Hickey said yesterday that Stickles, replacing Dee Mackey, was the only change contemplated for the 49ers' lineups.

The unpredictable 49ers, 16-point underdogs for the game at Baltimore, could spring right back into the midst of the championship battle with an upset.

Hickey points out:

"Our guys know what they're up against. The Colts have more of everything than any team I've ever seen."

But he also figures that his crew, on a good day, can beat anybody.

The Colts, led by crackerjack quarterback Johnny Unitas, have a devastating offense that features strong running and spectacular passing. The Baltimore defense, anchored by enormous Gene Lipscomb, is tough to run against and clever against enemy passers. The Colts lead the National Football League with 24 interceptions.

The biggest thing on the 49ers' side for this one is the desire for revenge. The 49ers were leading the NFL's Western Division with a 6-2 record last year when they moved into Baltimore's huge Memorial Stadium.

The Colts clobbered the 49ers 45-14, moved into a tie with the San Franciscans and took the division crown by sweeping their final three games.

Y. A. Tittle, the 49ers' veteran quarterback, was helped from the field that day and flown home to San Francisco, his leg injured. He required a wheel chair and crutches for two weeks after that game.

Tittle has been hobbled again this season, suffering from a groin injury. But he'll be in uniform Sunday with just one thing on his mind: Avenging last year's Baltimore bombing.

As Hickey puts it: "If there's anything we've got, it's incentive."

OFF FOR THE TENNIS TOURNEY

Harvey Klyce, left, and Steven Stockton talked tennis with TWA stewardess Edna Martyn of San Francisco before the two San Rafael High School net stars boarded a plane at San Francisco Airport for St. Louis where they were competing today in the National Indoor Tennis Championships. Contributions by Marin organizations, business firms, and individuals made possible the trip for the two youths.

Trojans Picked Over Notre Dame Tomorrow

LOS ANGELES (UPI) — The greatest of all intersectional clashes, Southern California against Notre Dame, will be played for the 32nd time here tomorrow with the Trojans favored to close out a spotty season on a high note.

Coming off one of the top upsets of the season with a 17-6 victory over UCLA, the Trojans were favored by a touchdown to beat the Irish for the first time since 1956.

A Southern California victory would give the Trojans a 5-5 season and the successful close would offset earlier defeats. Should Southern Cal win, it would be the first time since 1938 that they would have beaten their three California rivals — Stanford, California and UCLA — in the same season with Notre Dame.

And a win over the Irish would be only the third time USC has beaten Notre Dame and UCLA in the same year. They did it in 1938 and 1956.

Not desiring to tamper with success, Coach John McKay indicated he would go with the same lineup that performed so well against UCLA and featured two sophomore stars — quarterback Bill Nelsen and fullback Hal Tobin.

There was a possibility, however, that co-captain George Van Vliet would start at left end because it was his last game. Injuries kept him from starting last week.

The Irish, beset with about as many injuries all season as the Trojans, indicated they too may start a sophomore quarterback, Daryle Lamonica, who hails from nearby Fresno, but it was likely that junior George Haffner would see most of the playing time.

Haffner does not have as good a percentage record as Lamonica but has completed 30 passes out of 108 for 548 yards this season.

Illustrating how deep Coach Joe Kuharich has had to go into his reserves was the fact that possible starting fullback Bill Ahern, if he gets the call, will be the ninth man used at the spot this season.

The Irish have won only one game this year, their opener against California, but in most games they have been a touchdown or less behind their opponents.

Last year the beefy Irish shoved around a stronger Southern California line than this year's forward wall in recording a 16-6 victory and McKay was well aware that most of last year's linemen are back on the current team.

A crowd of better than 55,000 was expected at the traditional game which closes out the season for both squads. The kickoff is scheduled for 2 p.m.

Oceanside Clobbers Taft In Alfalfa Bowl

LANCASTER (AP) — Oceanside-Carlsbad Junior College downed Taft Junior College 34-14 yesterday in the Alfalfa Bowl.

Spartan quarterback Don Shepherd passed for three touchdowns, including a 57-yard play in the first quarter and a 90-yard play in the third. He also ran for one TD.

Shepherd was voted outstanding back of the game. Taft tackle Jim Schmidt was voted outstanding lineman.

MARIN BOWLING ACE COMPETES IN NATIONALS

Don Bickford, manager of Diablo Bowling Supplies in San Rafael and Marin County's highest average bowler, was in Memphis, Tenn., today to compete in the National Professional Bowlers Assn. championships.

Bickford, who carries a 208 average in major league competition, is one of 11 Bay Area bowlers in a national field of 192 competing in the invitational tournament. The tournament is comparable in importance to the United States Open Golf Championship. There is $25,000 prize money. The tournament continues through next Tuesday.

Bickford has been by far the individual star in the Tuesday night classic league at Country Club Bowl in San Rafael. He recently bowled a three-game series of 749 at Country Club.

GAME ON TELEVISION

Middies Favored Over Army Eleven

PHILADELPHIA (AP)—Explosive Joe Bellino makes once-beaten Navy a slight favorite over Army tomorrow at Philadelphia Stadium in their 61st meeting before 98,816 fans.

Bellino, a senior halfback from Winchester, Mass., whose 104 points make him the second highest scorer in the nation's major college ranks, is the key to Navy's well-balanced offense. Only Duke, which held Bellino scoreless by forcing him inside, has been able to shoot down the high-flying Middies who rank No. 7 in the Associated Press poll.

Army's attack has been made up of Tom Blanda's passes and the crashes of Al Rushatz, a 190-pound fullback, through the line. The Cadets have a 6-2-1 record, losing to Penn State and Nebraska and tying Pittsburgh. Their fine performance in upsetting Syracuse 9-6 and the statistical edge they held despite their tie with Pitt has drawn solid support to Coach Dale Hall's Cadets.

NATIONAL TELEVISION

There will be full pomp and ceremony at the vast concrete stadium which will house its usual sellout crowd. The Cadets and Middies will stage customary parades before the game with kickoff scheduled for 1:30 p.m. and national network (ABC) television coverage, (10:30 a.m., PST).

If Navy wins, it may go to either the Cotton Bowl in Dallas where it would meet Arkansas or to the Orange Bowl in Miami where Missouri would be the opponent.

Bellino, the man who set a Navy record by scoring three touchdowns against Army in last year's 43-12 rout, probably is the most publicized football player in the nation. His 17 touchdowns and spectacular runs make him a marked man. Only Duke kept Bellino from scoring while the Middies were rolling up an 8-1 record.

Bellino also is a threat as a passer when he runs wide and is a superior quick kicker with a 47.1 yard average.

Qarterback Hal Spooner's passes to halfback John Prichard, and end Jim Luper or Bellino balance Bellino's running threat.

Army's Blanda, brother of George Blanda of the pro Houston Oilers of the American Football League, has thrown more often than Spooner 142 to 91, but each quarterback has a completion average of 58 per cent. Spooner has thrown seven TD passes, Blanda eight.

LIONS SCORE UPSET

Packers Admit Title Hopes Very Slim Now

DETROIT (UPI)—Coach Vince Lombardi, a picture of dejection in the quiet gloom of the Green Bay dressing room, admitted yesterday that his Packers are no longer in the running for the National Football League championship.

"I guess you'd have to say we're out of it," said Lombardi in the wake of Green Bay's 23-10 Thanksgiving Day loss to the Detroit Lions.

The defeat was the second in a row for the fading Packers and dropped them into third place in the Western Division, a game and a half behind the front-running Baltimore Colts who are seeking an unprecedented third-straight world championship.

Lombardi conceded that only a miracle could save his ball club which, all season long, stood as the prime contender for Baltimore's Western Division throne. And Lombardi did not act or speak like a man who believed much in miracles.

The Packers, who looked unbeatable in the early stages of the season after an opening day loss to Chicago, have simply run out of gas.

That was clearly evident yesterday as they rolled over and played dead for the aroused Lions who stormed to a 16-0 halftime lead and then squelched a brief Green Bay uprising in the third period.

SECOND UPSET

It was the second major upset of the season for the erractic Lions and stunned Baltimore, 30-17, Oct. 23. But this time there was a difference. Even while losing, the Colts looked tough. Green Bay didn't.

The Packers suffered through a humiliating first half during which they were unable to penetrate beyond their 49-yard line.

The hard-charging Detroit defense got the Lions rolling in the scoring column when Bruce Maher shot through and blocked Boyd Dowler's attempted punt for a safety.

Then the Lions added touchdown marches of 76 and 52 yards with the passes of Jim Ninowski and Nick Pietrosante's power running leading the way.

Paul Hornung brought the Packers briefly to life in the third period when he scored all their points. He booted a 12-yard field goal, smashed over from the eight for the only Green Bay touchdown and added the extra point.

Hornung's point total for the season is now 129, just nine short of the NFL record set by Don Hutson in 1942.

But after that splurge, Green Bay was finished. A recovered fumble on the Packer 13 set up the Lions' final touchdown which came on an 11-yard pass from Ninowski to Jim Gibbons.

The victory was the fourth against five defeats for Detroit. Green Bay's record is now 5-4.

Scads of scattergun addicts will be pleased to learn that at long last a new bridge across the Montezuma Slough to Grizzly Island near Fairfield in the Sacramento-San Joaquin Delta will be dedicated December 2. That means that the quota of 500 hunters will be restored (the quota on that popular area had been reduced to 100 for the first half of the season).

Don't forget that applications for reservations on this or other public shooting areas must be RECEIVED at the Fish and Game Department headquarters, 722 Capitol Ave., Sacramento, 10 days in advance of shooting dates. That means you must mail in your application at least 11 days in advance. For opening date of the second half of the waterfowl season, all applications must be in the F&G headquarters no later than Nov. 30. Here are the shoot dates for waterfowl areas: Dec. 10, 11, 14, 17, 18, 21, 24, 28 and 31, and Jan. 4, 7 and 8.

Considering the reduced quota at the Grizzly Island area, it seems like that should be a good bet for the second half of the season.

In case you don't know—Each reservation entitles the holder to take along one guest over 16 years of age, and both holder and guest are allowed to bring with him one minor under the age of 16, provided the partner chosen has not hunted on the area during the half of the season covered by the reservation.

OKAY, that's the good news—now for some that isn't so good. Chances (at this writing) for a take of steelhead in the "loop streams" are poor. I spoke to Ernie Titus of Point Arena an hour ago, and was told that while the Garcia is rather low and clear, apparently no steelhead have come in, or if they did they have all gone upstream without stopping. None have been taken.

The mouth of the Navarro opened after the rains but closed again. A few silver salmon were caught in the Lagoon, but no steelies. The mouth of the Gualala and the Navarro could be opened manually but it wouldn't help as the water is too low to break through the sand piled up at the mouths.

THE BIG, Ten Mile and Noya rivers have not produced and we have no dope on the Russian or Eel, but assume the story is the same.

Ernie Titus, who is recognized as one of the best steelhead fishermen in that part of the North Coast (Ernie practically lives on the waterways when there is even a slim chance of making the grade), told me not to expect anything to happen before two weeks from today, and then only if there isn't too much hard rain. So that's that.

THE GOOD-TO-EXCELLENT striper striving locally amazes by its continuance—trolling off Cove and Red Rock; bait fishing all the way from the Sisters to the Flats off China Camp any upstream to the Carquinez Bridge on the Contra Costa side of the bay; The Suisun Bay, Hanker Bay and Little Honker; off McAvoy and on the Middle Grounds.

The Antioch and Rio Vista sectors have been from warm to hot. In short—bass fishing is prime right now. Only bad storms can prevent good fishing. Lots of nice, fat, flounder fillets in the San Pablo Bay, off Dillon's Point and above the S.P. Bridge at Martinez. Goodbye, good luck and go get 'em!

Tournament Scheduled

The San Rafael Recreation Department announced its youth basketball program will start the second week of January, and that the entry deadline for teams wishing to participate is Wednesday, Dec. 14, at 5 p.m.

Leagues will be set up in the following age groups: 18 and under; 16 and under; 14 and under. Division I will include the 9th grade; division II, the 8th grade, and ages 12 and under.

Teams from outside the San Rafael School District will have to pay $1.50 per scheduled leage game. In addition to this, a flat fee of $1.50 will be assessed each of the entered teams, said the department.

Roster sheets may be picked up at the department's office, B and Treanor Streets or gotten by contracting Dennis Sullivan at the department.

Hemus' Father Dies

SAN DIEGO (AP)—The 85-year-old father of Manager Solly Hemus of the St. Louis Cardinals died at a rest home here yesterday.

Benjamin Orlando Hemus, a retired cement contractor, had been ill for some time.

He leaves his widow, Emilie, four sons, Solly and Benjamin Jr., George and Paul of San Diego, and a daughter, Mrs. Peggy Leiker of Los Angeles.

Raiders Figure To Lose 500 Grand In First Year

SAN FRANCISCO (UPI) — The Oakland Raiders will lose approximately $500,000 during their first year of operation in the brand-new American Football League.

That amounts to about $50,000 per man in the 10-man combine that owns the stock. However, they aren't hollering.

"We figured to lose money for three years on this venture," said one of the stockholders. "We didn't know how much — but we had hopes it would be no more than $25,000 each. However, we aren't complaining. If we can get set up in the proper place, I'm sure we'll catch on with the public."

Kezar Stadium in San Francisco, home of the 49ers, has been the setting for the Oakland games. There are no parking facilities at this spot. And most of the fans throw their allegiance to the 49ers.

Plans now are being worked out to play in Candlestick Park, home of the baseball Giants, where there is room for 11,000 cars. Also there is some hope that a home may be found for the club in Oakland or nearby.

The latter idea seems like the perfect solution. The East Bay area has a population of about 2,000,000. On the San Francisco peninsula there are only about 1,500,000.

The Central Pacific Railroad Co. of California, destined to build the first transcontinental railroad, was organized June 28, 1860 with a capital of $8,500,000.

San Rafael Girl Wins Trophy At Fort Ord

Sherry Tuttle of San Rafael, shooting Sunday in a rifle match at Fort Ord, Monterey County, for the Marin Rod and Gun Junior Rifle Club, won the trophy for "high girl" shooter.

Miss Tuttle also blasted her way to a second place medal in the expert class.

At the same affair, Skip Gosser of Mill Valley won a first place medal in the marksman 1 class, and took another first in the 100-yard match.

Mike Pickett of Fairfax won a fifth place award in the sharpshooter class and Linda Leber of San Rafael placed second in the marksman 11 class.

All the Marin shooters are representatives of the Marin Rod and Gun Junior Rifle Club.

Sausalito Y.C. To Install Officers

Evidence clearly indicates that the title "Commodore" belongs in front of the name Pete Fromhagen.

That became obvious recently when the Sausalito Yacht Club bestowed that title for the second straight year to Fromhagen at the club's annual election of officers.

He'll be installed to the familiar position Dec. 10 at a dinner dance at the clubhouse.

Others to take office for the coming year will be Hugh Garrett, vice-commodore; Fred Crawford, rear commodore; Van Sargent, treasurer; John Sweeny, secretary; and Dick Hart, Don McLeod, Neil Munro and Ted Schoonmaker, directors.

Gallinas Valley Recreation Club Elects Officers

Gallinas Valley Recreation, Inc., formerly known as the Gallinas Valley Little League, elected officers and directors for the 1960-1961 season at a Monday night meeting at Mac Phail School.

Past President Grant Galvin turned the gavel over to President elect R. E. (Bill) Saleme, with best wishes for the season ahead.

Other officers elected were Charles Fuller, first vice president, Robert Hill, second vice president, William Lockett, player agent, Mrs. John Muelrath, treasurer, and Mrs. J. R. Walker, secretary.

Thomas Young will be grounds' chairman in charge of both O'Connor and Castro ball parks, and Mrs. H. J. Scotto will head the Women's Auxiliary. A. D. Mahood will serve as financial secretary, Clifford Thompson, as purchasing agent, Mrs. H. A. Luba as head score-keeper and Mrs. Ralph Bartl as team mother.

Elegance In Home Decor Extends Even To The Walls

CHICAGO (UPI)—The current trend toward elegance in home decor extends even to the walls, where it takes the form of two-tone stippled finishes, textured surfaces and multicolor paint jobs.

Do-it-yourselfers can achieve most of these highly decorative wall effects with the new paints on the market and a little know-how.

For a two-tone stippled effect, first paint the wall in the chosen background color, using either an alkyd or oil base paint. Use a brush or roller and allow the wall to dry. Then, select either a contrasting or harmonious stippling color and brush it out heavily on a piece of metal, wood or cardboard.

Dip a slightly damp sponge into the brushed-out paint and press it against the wall to transfer the color to the base coat in an irregular pattern. Repeat the process until the entire area is covered.

If using a special stippling brush or roller, put a full coat of the second or stippling color on the wall and pat it with the stippling brush or roller while still wet. This will remove small areas of the second color, permitting the under-color to show.

To achieve textured walls, use either texture paints or add texture powders to certain paints recommended for the purpose by paint dealers. In either case, the resulting paint has a special, heavy consistency and produces a rough, plaster-like effect that makes a good cover-up for old, scarred walls.

Wish to invite your elegant friends next Sunday for Dinner?

Marin Women

Fashions For The Snow Puts Focus Show Audience In Glow

How do you "Ski Into the Season?" There's obviously only one way—fashionably. To learn how it could be accomplished, you only needed to be a guest at Rickey's popular Fashion Focus luncheon on Tuesday.

Aiding and abetting the cause of a fashionable season in winterland were Nancy and Al Loeffler, dedicated ski enthusiasts, who introduced distinctive ski and after ski fashions from their new husband-wife enterprise, a ski shop in Sausalito.

Skiing into the season as Tuesday's honored community service organization were the Marin Volunteers who have made such tremendous strides forward in their work with the Senior Citizens and who welcome into membership women throughout the county who are dedicated to the same cause.

Adding the visual emphasis at the Fashion Focus luncheon were eight af Marin's most attractive models representing many county organizations that believe in the work of the Marin Volunteers with the seniors.

From the moment Mrs. Alex Bovee of Arequipa appeared in brilliant purple stretch pants, and a lavender knit sweater with a hooded ski jacket, it was evident that the winter of 1960 would be bold, bright and beautiful, thanks to the fashionable knowledge of the Loefflers who proved themselves well qualified to know what's-what in the world of skis.

The stretch pants imported from leading ski fashion houses in France, Germany and Sweden were a threefold delight to the women guests who saw them as a boon to all manner of sporting activity from skiing to car-pooling as well as flattering to the figure and appealing to the eye.

Perfect for down hill dazzling at a distance were the apricot stretch pants graced by Mrs. William Donohoe of Junior Social Service, plus a sleek, matching ski jacket trimmed with green and white.

A furry parka by Stroco, ski poles and goggles and Mrs. Richard Hardin of the San Rafael Improvement Club was bound for cross country.

The snow coat story was told by Mrs. Dan Williams of Southern Marin Recreation Center in a stunning reversible knee-length walking coat; one side, birch; the other white, in a miracle blend-wind, water and wrinkle resistant, and by Mrs. Eugene Hiller of the Marin Sisterhood, buttoned in shaggy moss green mohair perfect for Marin Country living as well as Squaw Valley.

COFFEE BREAK

Ready for a mid-morning coffee break was Mrs. Maury Salzman, a long, hip hugging pullover in stripes of white, gray and black to top sleek, trim black stretch pants. Ready for cocktails by the fire, Mrs. Nicholas Mecca pencil slim in black and gold metallic stretch pants chaperoned by a stunning black sweater with matching fox collar.

In a role she plays well, Mrs. Al Loeffler represented the dedicated skiier, complete with ski boots, skis and poles ready for a full day on the slopes in three piece coordinates by Libo of Sweden.

Next Tuesday, Fashion Focus says it is time to "Head for the Holiays" and honors the Novato Junior Women's Club for their work with Muscular Dystrophy. Reservations maye be made at Rickey's.

ALMANAC

Today is Friday, Nov. 25, the 330th day of the year with 36 more in 1960.

The moon is in its first quarter.

The morning stars are Mercury and Mars.

The evening stars are Venus, Jupiter and Saturn.

On this day in history:

In 1783, more than 6,000 British troops evacuated N. Y. City.

In 1835 industrialist and philanthropist Andrew Carnie was born.

In 1874, the Greenback Party was organized in Indianapolis.

In 1907, Scottish Mary Garden made her U. S. debut.

In 1920, Station WTAW of College Station, Tex., broadcast the first play-by-play description of a football game in radio history . . . the Texas U-Texas Aggie game.

In 1936, the German Japanese anti-comintern agreement was signed in Berlin.

A thought for today: British playwright John Tyndall said: "The brightest flashes in the world of thought are incomplete until they have been proved to have their counterparts in the world of fact."

Money In Bank But Can't Afford To Help Needy

If you had $20,000 saved up toward a new home . . .

And if you had another $20,000 saved up toward retirement . . .

Could you rightly tell an ailing elderly relative that you were sorry but you just couldn't afford $10,000 to help care for him, or her?

Twice recently, we voters of Marin by voting down bonds for a new custodial hospital for the aged out at Lucas Valley have told our aging "relatives" that we were sorry but we just couldn't afford to care for them properly.

It happens that our county treasury includes $2,000,000 cash accumulated for a new "home" in the form of the Frank Lloyd Wright-designed civic center.

And it happens that our county retirement fund reserves now amount to more than another $2,000,000.

But we say collectively that we cannot afford to provide proper facilities for our ailing elderly "relatives."

Actually, a majority of Marin voters have twice voted for county hospital bonds. But the majority was short of the required two-thirds.

What do we do now?

We do the same as the fellow who has $40,000 saved but doesn't feel he can afford to help a needy relative.

We have to bear our shame until we face up to doing something about it. Perhaps we should spend some of our "savings" to discharge our responsibility to the ailing aged.

Let's hope we aren't still bearing this shame when the holiday season rolls around again next year.

In Defense Of Turkey Hash

Thanksgiving is over—but the memory and the turkey linger on. How to dispose of the remains is the major problem. The scrappy carcas lurks in the refregerator as a grim reminder of man's carniverous instincts.

Many means have been devised by myriad cooks of tempting the palate with these after effects of a satisfactory holiday. The more exotic minded speak of such delights as curried turkey and turkey ala king. Others talk of turkey patties and turkey and noodles.

In our humble opinion, however, one of the finest dishes devised by man is plain, old turkey hash, on biscuits or toast. Glamorous? Maybe not. Tasty? You bet! We drool at the thought. It's almost the best part of having turkey.

Take your fancy dishes and flee. It's mouth-watering, gravy-laden, onion-spiced turkey hash for us. Bring on the calories.

THREE MINUTES A DAY

By JAMES KELLER

HELP THEM, DON'T HINDER THEM

A young woman admitted touching off no less than nine blazes in Milwaukee recently for the purpose of seeing her boy friend—a fireman—in action.

The judge, unmoved by her romantic reasons, put her on two years' probation.

Firemen, policemen, and all government employees have enough to cope with in carrying out their normal duties. Fortunately, it is only a minority of citizens who go out of their way to make things more difficult.

Much of the edge can be taken off the burdens that public servants assume by encouragement on the part of the people they protect. A friendly greeting, a clear and courteous letter, and a cheerful obedience to the law can all make for the smoother running of our society.

And, if "order is the first law of heaven," we can be sure that God is pleased by our attempt to bring some of His order to the running of things on earth.

"Admonish them to be subject to princes and authorities, obeying commands, ready for every good work."

(Titus 3:1)

Never let me forget, O Father, that my actions have effects for better or worse, on others.

Sightless Educator Says Blindest Prejudice Is Against The Blind

NEW YORK (AP)—A sightless young educator here believes one of America's blindest prejudices is its prejudice against the blind.

"It is prejudice—there is no other word for it," said Dr. Herbert M. Greenberg, 31, assistant professor of sociology at Long Island University.

"The blind are the most discriminated against minority in the United States."

Dr. Greenberg, who lost his own sight at 10 after a mastoid operation, objects to the isolation of the blind in special schools and institutions and the reluctance of many employers to hire blind people for other than menial tasks.

"Three-quarters of all blind children are in segregated schools," he pointed out. "But they don't want to be isolated in this way. It gives them a psychology of defeat.

"You can't spend 18 years in a school for the blind and then come out and adjust to a world of the sighted."

Dr. Greenberg, a rugged, athletic man of 31 with a boyish crew cut, is living proof of his contention that a blind student can compete on equal terms in classes wtih children who can see.

He was a Phi Beta Kappa college graduate at 20. He attended graduate school while working as a consultant on rehabilitation for the city department of welfare here—and took his doctorate degree with honors at 24.

Aided only by a slender eluminum cane, Dr. Greenberg daily travels alone by train and subway the 70-mile round trip between his home near New Brunswick, N. J., and the Brooklyn campus where he teaches. He sees nothing unusual about this.

"IF YOU really need help, you can always ask for it and get it," he said crisply.

He pursues two other careers. He maintains a private practice in psychotherapy and acts as research director for a Manhattan marketing firm.

"This doesn't leave me much time with my wife and two sons," he said, smiling.

NEVERTHELESS, he does find time to participate in local politics and pursue his hobbies—swimming, bowling, bridge and chess.

"The funny thing about prejudice is this: Once you get the job, the prejudice melts away. You are treated as an equal."

REMEMBER WHEN

20 YEARS AGO

Nineteen Santa Rosa Junior College students, including three football players, were booked at the Marin County Jail on charges of malicious mischief as result of a series of raids on the campus of Marin Junior College. Paint was splashed around, lawn dug up with sticks, stadium seats damaged, ignition wires torn out of cars and "S.R." burned on both sides of the lawn.

Public Gets Facts About Hospital

EDITOR,
Independent-Journal:

Our board of directors is most grateful for your fine editorial of Wednesday, Nov. 16. As our mailing list is very limited this gave the public an opportunity to know about our operation. Actually your report was much more complete and we think the idea of detailing to taxpayers how much the original bond issue is being reduced each year is a very good one. We shall incorporate similar information in next year's report.

We think it timely to add to your comments that a good measure of Marin General's healthy growth and success is related to your fine cooperation and interpretation of the hospital's story from time to time in your daily newspaper, the Independent-Journal.

Anti-Fluoridation Unit Claims Libel

EDITOR,
Independent-Journal:

I am the attorney for the Marin Pure Water Committee, Inc. This letter is a demand for publication of correction of a libel.

On November 16, 1960, the Independent-Journal published in its column titled "What Our Readers Say," on page 28 of its regular edition of said date, what purported to be a letter from Lawrence A. Post, M.D. to the editor of the Independent-Journal. A copy of this column, with said letter included, is attached hereto, marked Exhibit A, and is incorporated herein by reference, the same as though it was fully set out at length herein.

The Marin Pure Water Committee, Inc., is not named in said letter, however it is clear from the content of the letter that the "very small group" to which the writer refers is the group which makes up the Marin Pure Water Committee, Inc. Said committee was the only organized group in Marin County actively sponsoring a "no" vote on the fluoridation issue.

Said committee considers said letter to be untrue and libelous. The specific portions of said letter which are alleged to be untrue and libelous are as follows:

". . . Adding a trace of fluoride salt to that which is already in our drinking water remains the most effective, the safest, and the most economical means of reducing dental decay—that is a statement of fact, not opinion or assumption! Yet with a lot of money spent in spreading half-truths, distortions, and outright lies a very small group attracted misguided followers and produced enough confusion and fear to make the voters reject this unusual opportunity that was theirs for the asking . . . .

". . . I'm afraid that this decision to deprive and indirectly punish all the children in Marin was made largely because of mininformation.

"With this skillful use of the big lie Hitler's Germany accepted the Nazi doctrine of racial superiority as a scientific fact. To me it is alarming to see a similar technique work so well in spreading false reports of mottled teeth, dying vegetation, corroded water pipes, etc. This is absurd bunk of course, but there was neither the money nor the organization to tell the voters the truth . . . "

Demand is hereby made, pursuant to Civil Code Section 48a, that you immediately publish a correction and retraction of those portions of said letter mentioned above, in substantially as conspicuous a manner as was the said letter.

This notice and demand is being served upon you with twenty days after knowledge of said publication.

Name On Ad Wasn't Authorized

EDITOR,
Independent-Journal:

I would appreciate your printing this letter in the "Letters to the Editor" column of your paper in regard to an ad that appeared in your paper over my name.

I am not and never have been of the opinion that if a person did not understand something on which they were voting, that they should vote no on it. My own practice has always been to study the issues as carefully as possible—both pro and con—and then if I did not understand it—to leave it vacant.

I was not notified that this ad was going to appear in the paper and, if I had been, would not have allowed my name to be used on it as the thought expressed in it is strictly against my own principles.

I am sorry I am late in writing you, but I was in the process of moving and, as such, did not see my copy of the Independent-Journal until just a few days ago.

Family From Iran Receives Welcome

EDITOR,
Independent-Journal:

On behalf of the members of the First Baptist Church of San Anselmo let me express my appreciation to you and your staff, especially Mr. Carleton Williams, for the excellent coverage given on the arrival of the Toumazi family from Iran. You will be interested to know, I am sure, that as a result of the newspaper article many calls have come from people in the community indicating a desire to help the family in becoming established. Mr. Toumazi at the present time is working as a mechanic at the Fontana Garage in San Anselmo.

Let's Be On With The Vote Recount

EDITOR,
Independent-Journal:

As a patriotic American I am appalled that you suggest that the people give up their constitutional rights to a free ballot in the name of good sportsmanship.

You suggest that we be compromised by corruption and fraud, if they be there, rather than demand the truth.

If Mr. Kennedy did not win the ballot in the key states by fair play, we the people have the right to know.

I am sure Mr. Kennedy would rather have our trust than our doubts—so let's be on with the recount!

A comedian wangled a fortnight booking at a second-rate night club, then beseeched an agent, discarded when the comic was in the chips, to "catch" his new act. There weren't 50 patrons in the club the night the agent showed up, and they didn't laugh once. "This was an off night," alibied the comic in his dressing room. "Man, you should have seen me LAST night."

The agent answered grimly, "I DID!"

Fire Commissioner Asks Burglar To Move Along; Averts Burglary

BECAUSE BELVEDERE city councilwoman and fire commissioner Mrs. Ida M. Scott takes her duties seriously, she probably saved herself a loss in the recent rash of burglaries perpetrated in Belvedere and around the county.

It was just a few weeks before the burglar was caught that Mrs. Scott noticed a car parking out in front of her house. She also noticed that the man was parking in front of the fire hydrant so, being the wearer of Fire Hat No. 1 as fire commissioner, she hustled out to inform the driver that he was parking illegally.

Graciously, the driver moved his car off down the street with the comment "this is a nice house you have here" . . . in a very appreciative manner. It wasn't until Belvedere Police Chief William Woodington was driving around with the captured burglar for his identification of the homes that he had gone through, that the guy mentioned that he would have burgled the Scott house if she hadn't come out when he was parking on the street.

IT WILL BE interesting to see whether a Marin judge will hear the suit filed against the city of Belvedere and its five councilmen by the Belvedere Land Company.

At a recent council meeting when members were reviewing the timetable of court action on the suit by the land company, protesting the council's decision to not revise the city ordinance to permit construction of homes on the Island's western tidelands, it came out that every single one of the Marin judges not only know most of the council members but the developers as well.

City attorney William H. MacKay gave out with a big Cheshire cat smile when Mayor Dr. Robert P. Watkins asked him what would happen if no Marin judge would handle the case. Should be interesting to see what happens.

TIBURON MAIN Street developer Fred G. Zelinsky has had his hands full lately fighting county planning commissioner Felix M. Warburg's idea to form a parking district commission for the downtown business area. After a four month battle, Zelinsky finally got the idea dumped at a Tiburon Chamber of Commerce meeting, when none of the businesses to be included showed any interest.

So it was with a pixie expression on his face that Zelinsky asked the first question after Mrs. Mary Burrell had presented the architectural plans for her Greenwood Lagoon commercial development on the peninsula: "What about parking?"

CREDIT TEACHER Mrs. Louise Coulon with adapting the curriculum of the Belvedere School morning and afternoon kindergarten classes to current events.

After the burglary in the classroom, perpetrated sometime during the night, which left the moppets minus their flag and a few pencils AND a broken window, Mrs. Coulon took advantage of the fingerprint identification test made by Belvedere policemen to impress upon the kids differences in hands, fingerprints, etc.

This produced a rash of fingerprinting, coloring, painting, etc., with little hands as the theme . . . plus the fact that the children could talk of nothing else but the policeman, etc. for days.

IT MIGHT BE interesting to find out the subject of conversation recently between Congressman Clement W. Miller, an official of the United States postoffice, and a local Tiburon merchant who also serves on one of the district commissions. Could be the Belvedere-Tiburon postoffice is due for some changes in its hierarchy?

SOVIET INTENTIONS

Russ Aim To Divide U.S. From N. Atlantic Allies

By WILLIAM L. RYAN
AP News Analyst

A DEVELOPMENT in Paris this week provides a clue to Soviet intentions toward the incoming U.S. administration. It indicates a long-range, back-door attack to divide the United States from its North Atlantic allies.

The Paris move carried a step further the Soviet attack on the structure of the United Nations. The Soviet delegation demanded that the U.N. Educational, Scientific and Cultural Organization abolish the post of its director-general and substitute a three-member executive board, representing the Communist bloc, the neutrals and the West.

This proposal was similar to the one applied to the U.N. secretary-general's office by Premier Khrushchev during his spectacular show in the U.N. Assembly last month.

THE PROPOSAL to abolish the secretary-general's office got little support, even from neutralist nations. But the Russians have been bringing up the general idea of three-man directorates time after time in various committees and agencies of the world peace organization.

To breach the idea for UNESCO, however, would seem to make little sense, even for the Kremlin. UNESCO is supposed to deal with matters largely outside the frigid atmosphere of the cold war.

It is difficult to see what the Russians expect to get out of their Paris proposal.

By persisting in their demands, and applying them in such unlikely fields as cultural relations among nations, the Russians fortify the impression that they hope to freeze the cold war permanently into all U.N. organs.

IF THE RUSSIANS have their way, this will mean summits, summits and more summits. The indications are that they are now generating the steam for pressure they intend to bring against the administration of President-elect Kennedy to push him into a top-level meeting in April.

When Sen. Kennedy became the apparent victor in the U.S. elections, Khrushchev sent him a message saying that "the eyes of many people are fixed on the United States and the Soviet Union, because the destines of world peace largely depend upon the state of Soviet-American relations."

This seemed to express the idea that the only nations which can attempt to settle world problems are the U.S.S.R. and the United States. Should the United States seem to accept such an idea, it could arouse such distrust among America's allies that the begining of the end of NATO might be in sight.

That is one of Khrushchev's most cherished goals. His attack on the U.N. structure may be just one weapon in his attempt to achieve it.

Creampuff
'55 Buick
$695

Here's a 4-Dr. Special sedan which is the small Buick. It has an economical standard transmission which gives outstanding gas mileage. Best of all the original owner who bought it from us in 1955 and just traded back to us on a new Buick—put only 35,000 miles on the car.
It's all white with a really clean matching interior on charcoal and grey. Not a scratch on the paint.

Recreation Dept. Sets Yule Event

The San Rafael Recreation Department will present a public Christmas program, featuring both youth and adult groups, Dec. 21 from 8 to 9 p.m. in the E Street School auditorium.

A feature will be the appearance of the San Rafael Recreation Chorale and adult vocal group directed by Byron Jones, music specialist in the San Rafael School District. The theme of the program will be "Christmas Around the World." Customs of several nations will be depicted, including those of Italy, Germany, France, China, United States and England.

The area is limited to 150 persons.

Board Delays Decision On Neider Plans

Two rezoning proposals for Samuel R. Neider properties in the Strawberry area were subject of a lively skirmish before the Marin County Board of Supervisors Tuesday, but the supervisors postponed decision to Nov. 29.

Attorney Bryan R. McCarthy centered his efforts on trying to get supervisorial confirmation of:

1. Apartment zoning of 13 acres near Highway 101 and the Golden Gate Theological Seminary, termed by residents "the gateway to Strawberry."

2. Reduction of lot sizes from 10,000 to 7,500 square feet on a 72-acre man-made island east of Strawberry Point, beside the Salt Works Canal.

Opposition earlier in evidence before the planners was again present.

Ralph Cole, chairman of the Strawberry Property Owners Assn., was chief critic of both proposals.

He said Neider has not carried out plans in the past and that the Neider program was not one of "rezone and see what I can get out of it." The first project would harm the Strawberry entrance and was only a "speculative request," he said.

Cole's criticisms of the island covered a wide range including such matters as tidal action and possible storms, as well as danger of overburdening the nearby highway.

McCarthy in heated rebuttal said Neider has spent millions on efforts to develop which will "come to culmination within the next two or three years and you're going to be proud of this area."

The supervisors also:

1. Appointed Mary Jean Wright as intermediate stenographer clerk for the planning commission at $335 monthly, and Patricia L. Barane as deputy clerk III for municipal court at $366 monthly.

2. Adopted as set policy a summary by Administrator D. A. Jensen of procedures on the county employees physical examination program.

3. Ordered Castro Park advertised for bids in anticipation of acquisition by the Las Gallinas Little League at a nominal figure.

4. Approved annexation of Faith Evangelical Church to the Las Gallinas Valley Sanitary District.

5. Set for hearing at 3 p.m. Nov. 30 a question of freeway access for the 370-acre Silveira ranch property west of Highway 101 near Marinwood.

6. Heard from Supervisor William Gnoss that settlement was being reached in the Marin Pilots Assn.-county airport feud, and continued a scheduled hearing to 3 p.m. Dec. 6.

7. Confirmed planning commission approval of a use permit for a Sabella's restaurant south of its present Highway 101 location, plus an extensive composite of associated marine enterprises.

8. Received but did not act on one $15,987 bid from Richard Wilcox Co. of Aurora, Ill., for folding doors for supervisors-planners chamber, library and school department in the Civic Center, and one of $8,103.68 from Diebold, Inc., for vault doors and burglar alarm system.

9. Advised San Francisco Bay Area Rapid Transit District that survey by Marin Industrial Development Foundation among Marin cities showed general willingness to stay in the district.

10. Decided to call for bids for Civic Center excavation, fill placement, compacting embankment, excavation of lagoon in Fair Grounds area, and other work, estimated to cost around $143,000.

Marin Gets $2,600 In Sales Taxes

Marin County has just received a "November dividend" of $2,649.41 from the State Board of Equalization to make a total distribution to Marin of $1,628,817.68 for its share of the 1 per cent local sales and use tax during the last fiscal year.

The "dividend" represented saving by the board in administering the tax at a cost of 1.5 per cent of gross collections instead of the 1.64 per cent withhold in accordance with earlier estimate.

Throughout the state, $354,786 was refunded through this means.

Total Marin distribution including the refund has been: Unincorporated area, $365,688.78; San Rafael $773,221; Mill Valley, $146,613.20; Sausalito, $100,832.42; Corte Madera, $66,887.32; Larkspur, $46,034.16; Fairfax, $43,564.98; San Anselmo, $76,436.04; Belvedere, $6,952.75; Ross, $2,587.03. No separate figure was given for Novato.

Fisherman Benefit

Juanita Musson will hold a coffee klatch benefit at her restaurant, Juanita's Galley, in Marinship, at 2 a.m., Saturday and Sunday, the money raised to be turned over to Eureka Fisherman Lauren Pfeffer, who was burned on both forearms in an explosion of his fishing boat Monday at a Sausalito pier.

Military Children Cause Overflow On San Rafael High School Buses

The San Rafael Board of Education has a problem: How to fit 294 youngsters (and more on the way) into buses with seats for only 274. No standing is permitted.

The problem stems from the Capehart housing units on Hamilton Air Force Base, which have poured more students into San Rafael High School this year than were expected.

As of Nov. 1, there were 109 high school pupils coming from the Capehart project, or one from every four units. The "normal" figure would be one in every 10, Dr. Raymond Simpson, assistant superintendent in charge of business, told the board Tuesday night.

The whole northern area of the high school district—above Marinwood — has a total of 294 students to be transported.

It hasn't been a problem so far, because about 20 pupils have not been riding the buses daily, for various reasons. But soon, more Capehart units will open, about 30 more high-school-age students are expected to move in.

The high school and elementary districts' nine buses, including an extra standby bus, are all running to capacity on tight schedules, transporting about 1,500 students a day, Simpson said.

Hamilton can help in an emergency, Simpson said, but the base has no extra buses now. All are in use for transportation in San Jose school district and to parochial schools on a lease arrangement.

Board member Rex Silvernale said there are probably some buses the base can requisition.

Supt. Frank L. Lucas declared that "we'll go at least to the commanding officer before we take 'no' for an answer."

Lucas noted that according to law, high school students who live beyond three miles from the school must be transported. If the board does not supply transportation, the youngsters are excused from compulsory attendance.

Inaugural Parade Groups Sought

California will be represented in the presidential inaugural parade in Washington on Jan. 20 by a band and two marching units.

Roger Kent of Kent Woodlands, state chairman of the Democratic State Central Committee, said today the inaugural committee has asked him to select the groups.

"There are many outstanding bands and units in California," Kent said, "and all applications for this great honor will be considered if received prior to Nov. 30. Expenses must be borne or raised by the participating units."

He said applications will be received at Democratic Headquarters, 212 Sutter Street, San Francisco.

Two N. Marin Schools Start Merger Move

A movement for merger of the Marshall and Tomales Union School Districts was launched at a meeting Tuesday night of the Marshall district board at the Marshall School.

With a dozen parents present, nine signatures were obtained to start a petition asking an election on the merger. Signatories must be parents with at least one child in school, a majority must be obtained. This will require six more signatures.

A public meeting has been called at the Tomales School for 8 p.m. Monday when a similar movement will be launched under similar rules. Both districts must vote approval to implement the merger.

Although a merged district would be created, the expected result would be to continue a present practice whereby Marshall children go to the Marshall School through the fifth grade and to Tomales for sixth, seventh and eighth grades.

New construction is required to accommodate children of both districts. Through merger of the districts, this could be done only at Tomales, while the Marshall school would be adequate for the first five grades in that area, now numbering 23 pupils.

Nine children from Marshall go to the Tomales School at present.

A PROUD FATHER — President-elect John F. Kennedy, followed by Pierre Salinger, his press secretary, leaves his Georgetown home today for a visit to his wife and son. The baby was born early today. (AP Wirephoto)

MOTHER, CHILD DOING WELL

Kennedys Welcome First Son

WASHINGTON (AP) — A son, John Fitzgerald Jr., was born today to President-elect Kennedy and his wife, Jacqueline in circumstances that brought the father speeding back from a Florida vacation in an emergency after-midnight flight.

Both mother and child were reported doing well after the delivery by caesarean section. The father was man full of obvious pride and delight.

His cry is good, Dr. John A. Walsh, the attending physician, said of the six-pound, three-ounce newcomer. "Excellent" was his report on the condition of both mother and child some 11 hours after delivery. After an earlier hospital visit, the doctor had described both parents as delighted that the baby is a boy.

Events came in rapid-fire order last night after Kennedy set out by plane to resume the vacation he had broken to spend Thanksgiving with his wife and their 3-year-old daughter, Caroline.

At 10:15, while Kennedy was airborne, Mrs. Kennedy called her doctor. The physician summoned an ambulance, visited his patient and beat the ambulance to the hospital.

Caesarean delivery had been planned long in advance for Dec. 12 but events "occurred a little sooner than we had expected," Dr. Walsh said.

By 12:22 a.m. the baby was delivered.

A minute later when Kennedy landed at Palm Beach the only word over a telephone line held open for him was that the operation was going on. Kennedy was airborne again in less than half an hour on a bigger and faster plane. He was notified of the impending birth after he left Washington.

At 1:05 word was radioed to him that "it's a boy."

Housewife Killed On Trip Family Almost Canceled

Rabies Scare Caused Concern; Auto Crash Near Tulare Fatal

A Mill Valley housewife was killed in a Central Valley auto crash yesterday on a Thanksgiving Day trip which was almost called off because of a rabies scare.

Mrs. Frances Harrington, 23, of 65 Lovell Avenue, was riding in the family car with her husband and their three children when it collided with another auto in dense fog near Tulare. She was killed and eight other persons—including her husband, Richard, 27-year-old carpenter-draftsman, and the three children — were seriously injured, reported United Press International.

Mrs. Harrington had been expecting another baby five months hence.

Mrs. Nancy Davison of 61 Lovell Avenue said other neighbors had tried to dissuade the family from taking the trip because Harrington was suffering from a fever and all were upset over a rabies scare.

The Harrington's dog was in a fight with a cat in the neighborhood Wednesday, Mrs. Davidson related. Someone killed the cat and expressed fear it was rabied.

The Marin County Humane Society placed the dog in quarantine and turned the cat's head over to the county health department to have rabies tests made. Dr. Carolyn B. Albrecht, county health officer, said several days would be required to make the tests.

Despite the rabies scare and Harrington's illness, the family left for a Thanksgiving visit with relatives. In dense fog on a stretch of Highway 99 under construction six miles north of Tulare, the Harrington car collided with a sedan driven by Robert Ohmstad, 27, of Hawthorne, Los Angeles County. Harrington was driving at the time, UPI reported.

The California Highway Patrol reported Ohmstad was passing a semi-trailer truck in a two-lane section of the highway when the two cars met head-on.

The accident touched off a series of rear-end collisions

Bay Area Braces For Rain, Wind

Storm To Last, But Power Is Dwindling

The Bay Area braced today for heavy rain and gale-force winds which were predicted for as far south as Monterey.

The season's second storm, which moved into California from Oregon last night, was reported "dwindling," however, and storm warnings issued today for the Bay Area would be withdrawn tomorrow, the Weather Man said. He predicted five days of heavy, intermittent rain for Marin with snow in all mountain sections of north and central California.

About a half-inch of rain fell last night in Marin. Wind damage was reported as "practically nil."

LITTLE WATER GAIN

Marin County's lakes did not appreciably gain, water district officials reported, because of slight runoff.

Jerome B. Gilbert, manager of the North Marin Water District, said Stafford Lake now contained about 1,100 acre feet of water, approximately one-fourth of its total capacity. "A normal year's rain would fill the lake," Gilbert said, adding that the level is considerably below what it was last year at this time.

Marin Municipal Water District officials reported Kent and Alpine Lakes "about 20 per cent ahead" of last year. In the last two days, 1.59 inches of rain fell at Kent Lake and .86 at Alpine.

SOME LIMBS DOWN

Pacific Gas and Electric Co. officials said winds had caused no major damage with only the normal amount of minor interruptions reported.

A few limbs were reported down in Ross and a five-foot sign on the Village Music Shop at 27 Throckmorton Avenue in Mill Valley fell on the sidewalk last night, causing no damage.

Point Reyes Station reported .20 of an inch of rain yesterday and .50 today just before noon. In Fairfax, the wettest spot in the county, 1.7 inches of rain was reported for the past 48 hours.

Woodacre reported .21 of an inch yesterday and .70 today. In Kentfield .26 was recorded yesterday and .22 today.

The Weather Bureau said winds were expected to reach 35 to 45 miles per hour with the temperature expected to drop to 50 degrees tonight.

THANKSGIVING MISHAP TOLL REACHES 222

By ASSOCIATED PRESS

Accident fatalities made the Thanksgiving holiday a tragic time in many American homes.

The traffic toll reached 157 as the extended weekend's second day wore on. Fires took 26 lives since Thanksgiving eve. Other types of accidents left 39 dead. The total reached 222.

Fizzles Won't Halt Mercury Space Project

WASHINGTON (UPI) — The United States still expects to hurl a man into orbit some time next year despite two recent failures in the Mercury space flight program, the head of the project said today.

The official, Robert R. Gilruth, said the program had been set back only a few weeks. Other experts said the equipment failures which caused the two mishaps had been corrected and would not happen again.

Gilruth referred to the unsuccessful test flight of a Redstone missile at Cape Canaveral, Fla., last Monday and the Nov. 8 mishap at Wallops Islands, Va., in which the Mercury escape capsule failed to function properly.

No date has been set for a repeat of the Redstone test.

Dependent Ranks To Be Thinned At 15,000 A Month

WASHINGTON (UPI) — The Defense Department said today that beginning Jan. 1 the number of military dependents abroad will be reduced by at lease 15,000 per month.

A directive signed by Defense Secretary Thomas S. Gates Jr. formalized orders given verbally to the military services Nov. 16. The order was given after President Eisenhower ruled that military dependents abroad must be reduced from 484,000 to 200,000 in an effort to halt the flow abroad of U.S. gold.

The initial reduction thus may have to be made primarily by shortening the overseas tours of men now abroad with their families.

Marin Tennis Player Reaches Quarter-Finals

Steve Stockton of San Rafael today fought his way into the quarter-finals of the National Indoor Junior Tennis Championships in St. Louis, Associated Press reported.

However, Stockton's teammate at San Rafael High School, Harvey Klyce, was eliminated in the third round of the boys' 15-and-under age bracket.

Stockton won his third round match with an easy 6-2, 6-1 decision over Robert Pritula of Detroit. Later today the 14-year-old San Rafael star was scheduled to meet John Pickens of Tuscaloosa, Ala., in the quarter-finals. Pickens was the lad who eliminated Klyce, also 14, in the hard fought third round today, 6-1, 4-6, 6-4.

Stockton and Klyce traveled to St. Louis early Wednesday in a flight sponsored by contributions from Marin County individuals and organizations.

Brusatori Home, To Resume Work

Judge N. Charles Brusatori of Marin Superior Court, who suffered a dizzy spell at the courthouse on Nov. 16, is out of the hospital.

He spent a quiet Thanksgiving at home yesterday and expects to be back on the bench next week.

Search Continues For 2 Guardsmen Missing Off Coast

Search continued today on the rainswept Point Reyes coastline for two Marin Coast Guardsmen feared drowned in rough water after completing a rescue mission Wednesday night.

Their 36-foot lifeboat, self-righting and self-bailing, was found rammed against a sandy beach with its motor still running about 9 a.m. yesterday. Deputy Sheriff William S. Christensen reported that the boat had run aground between the Radio Corp. of America station and Point Reyes.

Missing are Engineman Fireman Hugh James McClements, 19, of Cotati, and Boatswain's Mate 1/c Anthony E. Holmes, 24, of Street, Md.

McClements joined the Coast Guard last year in San Anselmo, where Marin recruiter Ralph D. Wedertz formerly had his office.

Sheriff's deputies and Coast Guardsmen, who combed the coastline this morning, expressed fears that the huge waves may have flipped the boat, dumping the men into the water, then righted itself and continued going until it hit the beach. The propellor was still churning when the boat was found.

McClements and Holmes, stationed at the Point Reyes Lifeboat Station, had towed a disabled fishing boat into Bodega Bay Wednesday night. They were heading back and were less than a hour away from home base when lost.

Two 95-foot patrol boats and seaplanes were being used in the search. Bad weather kept helicopters grounded.

ONE FOR BOOK

Situation Comic, But Not Funny

A comic book almost cost 10 year-old Gregg Duncan his Thanksgiving dinner yesterday.

Gregg, an avid funny book fan, was so engrossed in his favorite literature in the Owl Drug Store at 21 San Anselmo Avenue in San Anselmo that he failed to notice the store had closed.

His parents, Mr. and Mrs. Stuart M. Duncan of 83 Bolinas Avenue in Ross, sat down to dinner without him, correctly surmising that the boy probably "has his nose stuck in a book somewhere."

The store's burglar alarm, which rang in the San Anselmo police station at 2:30 p.m., summoned officers to the scene, where they found Gregg, his book finished, shaking the door and demanding to be let out.

Gregg enjoyed a late dinner after being driven home by Officer Geoage Alberigi.

Probers May Call Marin Pharmacists

Reports were current today that one or more Marin druggists would be summoned by a federal grand jury in San Francisco investigating possible anti-trust law violations in drug pricing.

If so, according to Kenneth Harris, operator of Lockwood Pharmacies in Mill Valley and Kentfield and past president of the Marin Pharmaceutical Assn., they will find no evidence of concerted price-fixing.

NO SCHEDULE

Harris said that, contrary to a report in Wednesday's Independent-Journal, no proposed schedule of prices had ever been recommended by the Marin association for use of its members.

Such a recommendation was discussed in 1957, when he was president, said Harris, but was abandoned on legal advice that it might be too close to prohibited price-fixing.

At least two different pricing schedules are used by Marin County pharmacies, with others having their own bases for pricing perscription drugs, said Harris. Prices quoted in Wednesday's I-J were from the higher of the two schedules, he said. Also, since a single capsule is never prescribed and the price each is lower on a larger quantity, they gave a distorted picture in some cases, he said.

'SOMEWHAT LOWER'

"I believe Marin drug prices are generally somewhat lower than those in San Francisco," Harris said.

The San Francisco prices were called highest in any major city at the grand jury hearing there.

Meanwhile, a Bureau of Labor Statistics report indicated durg prices are declining slightly—although prices as a whole are rising.

In October, reported BLS, living costs rose four-tenths of one per cent to hit another all-time peak—1.4 per cent higher than a year ago and enough to give a two-cent hourly boost to a million union members whose

Mental Patient Beats 18-Month-Old Nephew

An 18-month-old boy from Fairfax, severely beaten by a mental patient outside Marin General Hospital Wednesday night, was reported in satisfactory condition at the hospital today.

Robert Craig Illgen, son of Mr. and Mrs. Robert F. Illgen of 88 Dominga Avenue, suffered bruises about the face but no fractured bones.

The attacker, who is the boy's uncle, was committed to Napa State Hospital. He is Prentice Gerald Sharp, 23, of Atwater, Merced County, who was on leave from Pacific State Hospital at Pomona.

Inspector Bowen Bridges of the sheriff's office said Sharp apparently became enraged because his mother and his brother-in-law left him in the car outside the hospital while they went in to the maternity ward to visit Mrs. Illgen, who had given birth to a child Wednesday morning.

Sharp who was told to remain in the car with the baby boy, said he got angry because the baby cried and dropped his bottle of milk twice. Sharp told Inspector Bridges he "slapped the little guy" a little but did not use his fist.

The baby apparently put up a battle. Officers found scratches on Sharp's hands, chin and neck.

William Jacob McCormick of 247 Miller Avenue, Mill Valley, who was at the parking lot about 7 p.m., noticed Sharp waving his hands. Then he heard cries from the baby. When McCormick ran to the car, Sharp jumped out and ran down an embankment. McCormick found th baby screaming in the back seat, covered with blood.

He ran into the hospital emergency room for help, then back to the car, followed by Mrs. Margaret Killion, night admittance nurse. Mrs. McKillion took the baby to the emergency room.

The child's father told the inspector that his mother-in-law, Mrs. Catherine E. Davies of Atwater, and her son, Sharp, were visiting their home in Fairfax. Mrs. Davies was caring for the 18-month-boy while Mrs. Illgen was in the hospital with the new child.

Wednesday night, the whole family went to the hospital. Only Illgen and Mrs. Davies went inside because maternity rules allow only two visitors. Illgren said he was trying to get a visiting privilege for Sharp when the beating took place in the parking lot.

RAIN CAN'T STOP SANTA CLAUS

It was pouring at 11 a.m. today at the Corte Madera Shopping Center, but that made only one change in the plans of Santa Claus to visit the center: Instead of riding in glory atop a fire truck, he arrived in the enclosed comfort of a police car. About 30 people were on hand despite the rain to greet the jolly Christmas patron. He was holding court this afternoon inside shopping center stores—where youngsters need not get drenched to tell him their requests. (Independent-Journal photo)

Dixie Schools Seeking Better Math Teaching

More imaginative paths to mathematics instruction will be sought by a "teaching team" from Dixie School District as result of decision by the board of trustees last night.

The board voted to send its curriculum consultant, Penrod Moss, with Vallecito school principal Henry M. Smith and four teachers to the California Mathematics Council fall meeting at Asilomar, Calaveras County, Dec. 9-11.

Teachers at this meeting will work to improve mathematics teaching with such men as Edward Teller of the University of California, David A. Page of the University of Illinois and Charles C. Torrance of the U.S. Naval Postgraduate School, experts in removing math from sheer drudgery.

POLICY DECISIONS

Several policy decisions were adopted, one to the effect that school buses owned by the district must be used instead of private cars when field trips require transportation.

The board laid down that it will not deny the right of professional staff members to take outside employment, but will seek to insure that any such work doesn't interfere with the educational program.

It was agreed to grant one day leave with pay to employees whose religious faith requires observance of special prayer and fast days.

Amendments were made to the district's disaster plan to cover conditions changed since its inception. In cases of one-hour warning all pupils will walk home except those transported to schools, from ranches and Terra Linda Valley, or from Terra Linda to Mary E. Silveira School. These are to stay in school until picked up by designated persons.

ACCEPTS BOOKS

The board accepted library books and equipment valued at $265.25, bought with funds from the Granville Coggs Jr. Memorial Fund. It was ruled that the gift shall be permanently housed at Santa Margarita School.

A resolution was adopted requesting the county, the City of San Rafael, the Terra Linda Community Services District and the California Highway Patrol to make a study of school crossing hazards at the Las Gallinas-Freitas Parkway intersection, and to take steps to decrease them.

A special session Nov. 30 was set, for continuation of discussion of the "San Francisco Report" which was taken up last night. The report was considered important but controversial, requiring objective analysis before any decision on application in Dixie District.

Drunken Driver Gets 90 Days

A San Rafael construction worker, convicted of his fourth drunken driving offense in five years, must spend 90 days in county jail and not drink at all for three years.

Francis A. Redlin, 40, of 1476 Lincoln Avenue, San Rafael, was sentenced in Marin Municipal Court by Judge Joseph G. Wilson. The judge put Redlin on three years' supervised probation, on condition he serve 90 days in jail with work furlough privilege, not drink at all, and seek treatment as deemed necessary by the probation office or the court.

Redlin was caught on Highway 101 last Oct. 30. He had prior convictions in October of 1953, again in November the same year, and in November of 1955.

Elmer John Moeller, 41, of 2901 Vineyard Road, Novato, drew one year probation on condition he commit himself to Napa State Hospital for treatment for alcoholism. He must also refrain from liquor during probation.

Moeller was arrested at Novato Boulevard and Wilson Avenue last Oct. 19, and asked for commitment to a hospital for treatment. He had a prior conviction on Aug. 30 this year. The judge suspended a 60-day jail sentence on condition that Moeller go to the hospital.

Two other drivers drew fines and probation for their first offenses.

The two are A2/c Andrew Glenn Crowe, 30, of 78th Air Base Group, Hamilton Air Force Base, and Robert Lee French, 40, a steamship company employee from San Francisco. Both received identical sentences. They must pay $158 fine and remain on six months probation. Crowe was caught at Highway 101 and Black Point Cutoff on Monday, and French on Highway 101 on Sunday.

Felon Found Innocent

San Quentin convict James Barton, 24, was freed of the charge that he had a knife in the prison furniture factory last April. A Marin Superior Court jury, sitting before Judge Harold J. Bailey, deliberated for six hours Wednesday and found Barton innocent. Barton, a burglar from Alameda County, was defended by Public Defender Peter Allen Smith.

Hurt In Accident

Willie Blewert, 58, of Redwood City was treated for cuts on his face and a fractured right knee at Marin General Hospital yesterday morning after his car went off the road at 424 Molino Avenue in Mill Valley. Police said Blewert could not explain why he ran off the road.

France, Too, Refuses To Aid In Dollar Deal

LONDON (UPI)—U.S. Treasury Secretary Robert B. Anderson today wound up empty-handed a mission to win financial help from the Allies and stop a dollar drain to Europe.

The Allies promised only good will, not cash.

Anderson, accompanied by Undersecretary of State Douglas Dillon, conferred in London with Chancellor of the Exchequer Selwyn Lloyd and other British officials after unsuccessful meetings in Bonn and Paris on ways to conserve the dollar.

British government sources said the British officials had no specific commitments.

Anderson and Dillon came here from Paris where they made little headway in trying to get the French to meet more of the defense costs in Western Europe and plug the drain on dollars.

Informed French sources said France refused in two days of talks to contribute to the cost of maintaining American forces in France and said it could not offer a bigger share of aid to under-developed countries because France already is giving until it hurts.

The French agreed to help the U.S. increase exports to France, and said "maybe" to making bitter contributions to NATO—provided France gets a bigger voice as an equal of the United States and Britain in the defense alliance.

In Bonn, the answer was the same. West German officials refused flatly to contribute 650 million dollars to America's high cost of maintaining troops in West Germany.

$1,000 Blaze Damages Living Room

A sofa in a San Rafael home went up in smoke early today and caused $1,000 worth of damage to the living room of Mrs. Frances Lara at 25 Margarita Drive.

Mrs. Lara discovered the fire just before reporting it at 3:50 a.m. The San Rafael Fire Department had the blaze out and were back to the firehouse within an hour.

Firemen said the sofa apparently caught fire after it had sat over a lit floor furnace most of the night and early morning. They said that fire, smoke and water caused about $600 worth of damage to the walls and floor of the living room and that the destroyed sofa was valued at $400.

Hardware Store Opens In Hub City

Y-Paymor Hardware has opened as a self-service operation at 60 Red Hill Avenue, San Anselmo, under the same ownership and at the same location as the former Highland Hardware, which closed about a month ago after two months of sale to clear its stock.

George Vaio of 77 Via La Cumbre, Greenway, owner of the present and earlier enterprise, said the premises have been completely remodeled for a serve-yourself "supermarket" type of operation.

Floor space has been extended from about 4,000 to 6,000 square feet through the remodeling, he said. This has been achieved partly by clearing a former storage area on the ground floor and employing a second story for storage.

Larkspur Plans Summer School

Larkspur School District plans to offer a summer school next year if at least 250 pupils are signed up.

Supt. Vaughn D. Seidel told the district board this week that a survey by principals indicated about 300 children are interested in attending summer school. Enrollment of that many would bring state reimbursement sufficient to pay the cost of the school, he said.

The summer school would combine remedial work and special work for gifted children, the superintendent said. It would be a four-week session starting June 26.

Woman Dies In S.F. Lagoon, Daughter Of Marinite

The body of a San Francisco housewife, found floating in the lagoon at the Palace of Fine Arts yesterday noon(was identified as that of Mrs. Helen De Borba, 41, daughter of Mrs. Mary E. Silveira, prominent Marin County resident.

Mrs. DeBorba was discovered by a San Francisco Army sergeant who had taken his children to the lagoon to feed the ducks.

The San Francisco coroner's office listed the death as suicide.

A spokesman for the Silveira family said today they did not know any of the circumstances surrounding the death, nor any reason for her taking her own life "if she did."

Mrs. DeBorba's husband, Edward DeBorba, told police she had been away from their San Francisco home since 4 p.m. Tuesday. He said Mrs. DeBorba had undergone major surgery a few months ago, and had been depressed.

Mrs. DeBorba was born in San Rafael and reared on the Silveira Ranch. She attended San Rafael High School and College of Marin. In 1940, she moved to San Francisco, where her husband was a salesman for Marin Dell Milk Co., which was founded by her father, the late Antonio F. Silveira.

Mrs. DeBorba's mother was for many years a trustee of the Dixie School District and a school in that district is named for her.

Mrs. DeBorba is survived by her husband, her mother, three brothers, Anthony Silveira, Joseph Silveira, Carlos Silveria of San Rafael; two sisters, Mrs. Dolores Cordeiro of the Burdell Ranch in Novato, and Mrs. Jean O'Donnell of San Rafael.

Funeral arrangements are pending.

Woman Injured In Hub Wreck

A San Francisco woman was seriously injured yesterday when her car went out of control on Red Hill Avenue at the hub intersection in San Anselmo and struck the concrete divider strip.

Mrs. Louise M. Hansen, employee of a San Francisco department store, was reported in fair condition today at Marin General Hospital with several broken ribs.

She told San Anselmo police that the steering wheel of her 1961 automobile started going "zig zag" and threw her from the seat.

Three Students Near Scholarship

Three Tamalpais High School students have been selected as semi-finalists in the Bay Area pilot plan competition for a Hertz engineering scholarship.

They are: James Weil, a senior, son of Mr. and Mrs. Robert G. Weil of 3 Rhoda Way; Harold Elder, a senior, and son of Mr. and Mrs. J. L. Elder of 271 Sycamore Avenue, and Peter Hindley, junior, son of Mrs. H. H. Hindley, 48 Carmelita Avenue, all of Mill Valley.

The scholarships are designed for students who have a definite intention to study engineering at a school accredited by the Engineers Council for Professional Development.

$5,400 Given For Yule Seals

Marin Christmas Seal contributions at the end of the first week of the campaign totaled $5,784.83, according to Mrs. Helen Hoxie, president of the Marin Tuberculosis and Health Assn.

More than 2,400 persons returned their contribution during the week, making early returns $2741 over last year for the same week, she said.

New residents or others who did not receive their 1960 Christmas Seals may order any amount of the seals by telephoning the tuberculosis association in San Rafael.

Corte Madera Tree Planting To Start Soon

Planting of trees in the Corte Madera Town Park should begin within a month, the Park and Recreation Commission learned Wednesday night.

Town Gardener George Paraspolo discussed with commissioners a planting plan prepared by Royston, Hanamoto and Mayes, San Francisco landscape architects. Many of the trees will be evergreens, and will come from the town nursery. First plantings will be in the section facing Tamalpais Drive.

Seventy-five per cent of the fill has now been placed in the park, and 1,000 cubic yards of loam was recently purchased. Town engineer Arthur H. Brandow is designing an irrigation system for watering this area after planting.

Dystrophy Drive Starts Dec. 4

Marin County's "March for Muscular Dystrophy" is to open Dec. 4 under chairmanship of Louis Crottogini, according to announcement today from Bay Area headquarters in San Francisco.

Mr. and Mrs. Crottogini will operate Marin headquarters from their home at 13 Ash Avenue, Kentfield. The immediate need was said to be for workers to call at homes throughout the county. No office solicitations are to be made.

The Bay Area drive as a whole gets under way earlier, starting next Monday in San Francisco and San Mateo Counties.

On some California farms the total investment per farm worker averages more than $50,000.

RED SUMMIT MEET MAY BE NEAR END

Decision Between China, Moscow Views On World Tactics Reportedly Reached

MOSCOW (AP) — The worldwide Communist summit conference, in secret session here since Nov. 9, may be near its end.

Reports at a Soviet-Finnish reception last night said the conference has reached its main decisions in the argument between Red China and Soviet camp over Communist tactics.

These reports suggested that the talks might wind up tonight.

Reports filtering through to outsiders have indicated the conference has been dominated by determined bargaining and long speeches over Soviet Premier Khrushchev's line that communism is now so strong it can win the world through patient peaceful competition with Western capitalism.

The Red Chinese, voicing a much harder line, contend that war is inevitable as long as capitalism exists, and that communism would come out victorious from the ashes of a nuclear war.

Pravda declared yesterday that peaceful coexistence is still the valid and controlling factor of Soviet policy. This was taken by some observers to mean that the Chinese views have been submerged at least to the extent that the split can be glossed over in a proclamation of Communist unity.

Officially, the Communists have never admitted that a summit meeting has been going on. But apparently another big session was held yesterday. Long lines of limousines carried the foreign delegates to and from the Kremlin.

The Soviet-Finnish reception highlighted a visit here by Finnish President Urho Kekkonen who won an important concession—a 50-year lease on the Saimaa Canal. Never before has the Soviet Union given a lease within its territory.

The 36-mile-long canal connects a rich Finnish timber region with the Baltic. The Finns had to resort to expensive overland routes for their timber exports when the Soviet border was pushed beyond the canal and the port of Viipuri (now called Vyborg) near the end of World War II.

The Finns also won Moscow's acquiescence to their association with the European Free Trade Area. The trade block of seven Western European nations aims at lower and relatively uniform tariffs among its members. The Soviets insisted on keeping their most favored nation treatment in trade with Finland, however.

State May Gain Million Pupils In Next Five Year

SACRAMENTO (AP)—California will gain an estimated one million elementary and high school pupils in the next five years and will need about 1.5 billion dollars in new classrooms to teach them.

The estimates were made yesterday by the State Bureau of School Planning. It warned that unless school construction is stepped up, an increasing number of pupils will be forced to attend school only a half-day.

By 1965, it said, there will be about 3.1 million public elementary school pupils and 1.1 million in public high schools, compared with the current totals of 2.5 million and 802,500.

Commuters Request Closing Of Toll Gate

The Mill Valley Commuters Club has written a letter to the Golden Gate Bridge District board asking that it close toll gate lanes from the right instead of from the left, after 9 a.m., since the driver's seat is always occupied but often the right hand seat of a car is not.

Members also voted appreciation of Mill Valley's going ahead on the Miller Avenue center strip improvement which the club has had as a long time project.

Haiti Expels Top Catholic Prelate For Aiding Students In Red Plot

PORT AU PRINCE, Haiti (AP)—Roman Catholic Archbishop Francois Peirier, long a foe of President Francois Duvalier, was secretly hustled out of Haiti last night with no baggage and no money except a borrowed dollar.

The highest church official of this Negro Catholic republic was accused of giving $7,000 to aid striking students accused by the government of being involved in Communist plotting. To deal with the strike the government declared martial law last Tuesday. Yesterday it closed all schools for Christmas vacations a month ahead of time.

The archbishop, 56, said on arriving in Miami yesterday that the charges against him were "entirely false." He is going back to his native Brittany in France.

Vatican sources said Haitian authorities involved in the expulsion of the archbishop "very likely" incurred excommunication denying them the church sacraments. No official word was available but the sources said Canon Law No. 2334 normally automatically inflicts excommunication upon persons who directly or indirectly impede a Catholic prelate in his work.

The churchman's expulsion was swift. Police and presidential guards arrested him at his office and escorted him to the airport where they bought him a ticket for Miami.

President Duvalier, denouncing "lizards" who oppose him, said he knew who they are and where they are hiding.

The government's charges concerning the student strike were spelled out at a news conference by Gen. Pierre Merceron, the army chief, and Joseph Baguidy, foreign minister and acting education minister.

Haiti University students went on strike Monday demanding the release of Joseph Roney, student union treasurer, who was arrested in September on charges of distributing Communist tracts.

Baguidy held up a small white flag with red hammer and sickle and the numerals "26" on it. He said the flag was found at a college. Cuban Prime Minister Fidel Castro's revolution has been called the 26th of July Movement.

Baguidy said the strike was the work of "professional agitators, foreign and Haitian, who are brandishing the hammer and sickle."

Haiti, which shares the island of Hispaniola with the Dominican Republic, was invaded by a rebel band of 31 men in August 1959. The government said all but one were Cubans and that all were killed or captured.

At about the same time the government's dispute with church leaders bobbed up with the expulsion of two priests. They were Father Etienne Grienenberger, rector of Saint Martial, the largest Catholic College, and Father Joseph Marrec, a village priest.

EXPANSION PLAN—This is preliminary drawing by architect Sol Silver of proposed expansion of Marin Jewish Community Center in San Rafael. Addition to building at right would house nursery school and provide space for other activities. In yard would be fenced Olympic-sized swimming pool.

Jewish Center Drive For $60,000 Started

A campaign to raise $60,000 for expanding the Marin Jewish Community Center in San Rafael was launched among 3,000 Jewish residents in Marin County this week.

It is part of a $2,750,000 capital funds campaign conducted by the Jewish Welfare Federation for Jewish Community centers in Marin, San Francisco and the Peninsula, Mount Zion Hospital and a group residence for the aged.

Chairman of the Marin County drive is Julius H. Selinger, attorney of 31 Irving Drive, San Anselmo. Solicitation during the month-long drive will be limited to Jewish residents, he said.

Planned in the expansion of the Marin Jewish Center at Mission and Forbes Avenues are a 2,000-square-foot addition to house a nursery school, which can also be used for clubs and classrooms, and an outdoor Olympic-size swimming pool with dressing rooms and showers.

Center president Richard Gladstein, attorney of 168 Palm Avenue, San Rafael, declared that because of the increasing Jewish population in Marin County, "the center has outgrown its facilities to the extent that it is not able to keep pace with the needs for service."

He said expanded plans, drawn up by Sol Silver, Sausalito architect, will provide needed space for the 32-preschoolers in the nursery school program and meeting rooms for school-age children.

It will also permit an expanded program for teen-agers including social activities, games, sports and hobby groups, he said.

"As the only community center of any kind in Marin County, the Jewish Community Center is open to everyone and its facilities are available to other organizations in the community," Gladstein added.

"Forefathers Day," observed principally in New England Dec. 21, commemorates the landing at Plymouth Rock in 1620.

CAT WETS EARS, HELPS SHAPE WEATHER MAP

HARTFORD, CONN. (UPI)—The U. S. Weather Bureau differed today with an amateur forecaster — a cat —but later conceded the feline prophet might be partially right.

Early today the Weatherman noted that a cat in Waterbury had been seen washing behind his ears. This, coupled with cloudiness at the time, supposedly means rain soon.

But the Weather man said, "The weather maps do not agree," and forecast fair weather.

Later the official forecast was changed to read variable cloudiness. At that moment, however, the sun was shining.

The "Sala de las Dos Hermanas," or Hall of the Two Sisters, one of the richly decorated rooms of the Alhambra, famous Moorish palace in Granada, was named after the two huge slabs of almost identical white marble which decorate the room.

Finch Maid Goes Home For 'Sanity'

GOTEBORG, Sweden (AP) — A pretty 20-year-old Swedish girl, key witness in the two murder trials of Dr. R. Bernard Finch and Carole Tregoff in Los Angeles, said today she fled the United States "to preserve my sanity."

Marie Anne Lidholm, a maid at the Finch home when Mrs. Barbara Jean Finch was shot to death in July, 1959, said she might return to Los Angeles for the third trial Jan. 3.

"But first I have to rest," she added in an interview in her home here.

"I have been accused of acting a nervous breakdown in court. I tell you nobody has to act or play nervous in an American court. These trials are terrible."

In Los Angeles, Dist. Atty. William B. McKesson said Miss Lidholm agreed to return and testify again, "provided we pay her transportation."

Living Cost Pushed Up In October

WASHINGTON (UPI)—Higher prices for food, new cars, housing and clothing pushed the cost of living to a record high in October, the Labor Department reported today.

The department's consumer price index rose 0.4 per cent, the second largest jump this year and the eighth time in 10 months it has risen.

The index for October stood at 127.3, meaning that prices last month were 27.3 per cent higher than in 1947-49. The index was 1.4 per cent higher than a year ago.

As a result of the rise, some 1.1 million workers will get pay increases. About 975,000 workers in autos and farm equipment manufacturing will get two cents an hour more. Another 80,000 in small aircraft firms and farm equipment lines will get an additional one cent an hour.

Another 500,000 iron and steel workers may get wage hikes depending on final determinations of their insurance costs.

The department reported that food prices advanced 0.6 per cent last month. Primarily responsible was unusually large markups for eggs—up 11 per cent—grapefruit, tomatoes and pork.

Lesser increases were reported for milk and dairy products, cereal and bakery goods, frozen fruits and vegetables, and baby food.

Damage to outdoor crops in Florida caused by Hurricane Donna in September help push up some fruit and vegetable prices.

The department also reported that average take-home pay of factory workers rose to an October record last month. A lengthening of the factory work week and recalls in the high wage auto industry accounted for the increase.

IN APRIL ELECTION

Councilmen Discuss Vote On City Hall

Leaving the decision of what to do about the San Rafael City Hall up to the voters was proposed this week by San Rafael City Councilman Fred Jensen.

Expansion or moving the city hall, and possible new sites for it, were discussed on radio station KTIM's "Marin Sounding Board." The program will be rebroadcast from a recording on Sunday at 12:30 p.m.

On the panel were four members of the city council: Mayor John F. McInnis and Councilmen Charles W. Aby, Jensen and David Menary Jr. Kitty Oppenheimer was the moderator.

After 20 minutes discussion on whether to remodel the existing city hall on A Street, build a new structure at the foot of A Street near Albert Field, or remodel the E Street School, Jensen suggested:

"Why don't we leave it up to the people at the municipal election next April to decide if we need a new or remodeled city hall and where?"

Other councilmen agreed, but stressed that much preliminary work on costs and plans would have to be done before the question could be presented to the electorate.

Councilmen agreed that the present city hall is inadequate and in run-down condition. They differed is to what to do about it.

Questions telephoned from listeners included:

Why not use the courthouse as a city hall?

Maynor McInnis answered that the property is owned by the county and cannot be given away—the county will have to sell it. Values is estimated between one to two million dollars.

How long will it take the city council to make up its mind on the problem?

The mayor declared, "We have been hesitant because there has been a difference of opinion on the council, but the time to make a decision is getting close."

Jensen said the city has many more important things to spend money on than a new city hall. "We are getting by," he said.

Study Shows Strikes May Be Useless

NEW YORK (UPI)—The 1959 steel strike showed that while Americans still believe firmly in the right to strike, many believe the strike as a weapon is outliving its usefulness, the National Council of Churches said today.

Charles P. Taft, former mayor of Cincinnati and chairman of the council's department on the church and economic life, presented the council's study of the steel strike's ethical and social importance at a news conference in New York.

"No one from either union or the steel companies had anything to do with preparing this report," Taft said.

The most notable thing about the steel strike, the committee said is that it failed to settle anything.

That is, the work stoppage in the steel mills finally was ended only by strong pressure from the White House. The committee added—"fortunately, the last step — action by Congress—was not taken."

From this, the committee concludes that the strike is no longer the useful weapon it once was, but that the Taft-Hartley Act is still an inadequate tool for forcing settlements of big public-interest labor disputes.

CHESSMAN FUROR

Brazil Puts Guard On Gov. Brown

BRASILIA, Brazil (UPI)—California Gov. Edmund G. Brown is being protected by five Brazilian secret servicemen everywhere he goes in this country because of the furor raised here by the Caryl Chessman case, it was disclosed yesterday.

Brown and 27 other U.S. state chief executives arrived here yesterday on a tour of South America. None of the other governors is being given the protection afforded Brown.

NOT REQUESTED

The California governor said he had not requested special protection and did not know about it beforehand. He said there had been no incidents during the group's two-day stay in Rio de Janeiro before his arrival here.

The Chessman case attracted widespread attention and criticism in South America, especially in this country. A petition bearing three million signatures, had been sent to Brown asking him to grant clemency to Chessman.

DIED IN QUENTIN

Chessman, who became a celebrated author during his 12 years of legal battles against death, was executed in San Quentin Prison earlier this year under California's "Little Lindberg Law." He had been convicted of attempted rape, sex perversion, grand theft and kidnaping.

Brown said he considered the guards merely precautionary. He said Brazilian authorities had not indicated to him that there might be any trouble here.

The governor said the agents accompanied him to a soccer match Wednesday night, then to a nightclub he and Mrs. Brown attended later. He had the agents as guests for dinner afterward.

'PIONEER' IN FIELD

New Machine Starts Marin Court Work

An $8,700 electronic accounting machine, designed especially for Marin courts to meet specifications prepared by Municipal Court Clerk Edna Lemke, has arrived in the courthouse for a test run.

After about a month of trial run, the machine will start handling all civil, criminal and traffic fees that are now written out by hand.

Clifford E. Swanson, past president of the Municipal Court Clerks Assn. of California, commended Mrs. Lemke for "pioneering in an entirely new dimension of municipal court accounting." He wrote that other counties are awaiting Marin's experience with the machine for installation of similar computers in their counties.

Engineers for National Cash Register Co., which built the machine, say this is the first equipment of its kind ever developed for municipal court use in the United States.

Mrs. Lemke explained that this is how it operates:

A large keyboard has keys for each of the 10 cities in the county, plus the California Highway Patrol, and the county. Other keys are for location of arrest, type of violation, type of payment (cash, check or money order), and file number.

The operator punches keys, and the machine records all data and gives the customer a receipt. At the same time, the machine punches the information on a wired tape recorder. The machine also serves as a cash register.

At the end of each day, the operator punches out the totals and checks them with the total receipts.

Information punched out on the tape is later sent to the Data Processing Bureau of the auditor's office to put on IBM cards for automatic tabulation and distribution of fees.

At the end of each month, the IBM machines can provide a quick total of all fees collected, and the apportionment to the county, each city, and state.

Auditor Leon A. deLisle said the machine not only simplifies municipal court records but also is a big time saver in accounting work in the auditor's office.

Councilmen, Planners Schedule Meeting

Members of the Corte Madera Town Council and planning commission will get together at 7:30 p.m. Monday in the council chambers for an informal discussion of mutual problems.

The meeting was called at the suggestion of Mayor Edward H. Colthurst and also will serve as a get-acquainted session for some of the new councilmen and commissioners who have not yet met.

Contractors Offer To Build Shelters

SACRAMENTO (UPI)—California highway contractors have offered to put their huge earth-moving machines behind a new idea in civil defense.

The idea is to protect people by digging cavernous fallout shelters under the sity and suburban streets. The contractors argue that their equipment could build each shelter in a matter of days, that construction would not jam traffic, and the finished shelter would cost far less per family than the backyard type.

"Furthermore," says Pat Wixted, a spokesman for the Engineering and Grading Contractors Assn. of California, "each family could survive better in a group than it could sitting in its own backyard."

Wixted, the association's business manager for Orange, San Bernardino and Riverside Counties, came up with the understreet shelter idea three years ago. Since then he has been working to prove its engineering, legal and financial feasibility.

Checking in an Orange County suburb, he found that a shelter 20 feet wide, 20 feet high, and 500 feet long could accommodate 750 persons, or about the number that live on both sides of a three-block stretch of street. The shelter would sit under the middle block with three feet of earth between its roof and the street surface.

"Any mother could get to it in a matter of minutes, even with a baby in her arms," he said.

Such a shelter would cost $50,000, or $66 per person. This compares with $3,000 for the typical backyard shelter, he said. He pointed out also that the understreet shelter could not be taxed as improvement on any individual's property.

Checking an apartment house district in Los Angeles, he found that the shelters must be longer and spaced closer together. A shelter 2,000 feet long, with entrances every several feet, would protect 3,000 persons—or about the number that live on one block of three and four-story apartment buildings.

Wixted said that the Orange County Board of Supervisors, as well as the utilities whose lines lie under the county streets, have called his plans "very feasible" and expressed "general agreement" with the project.

Concerning finances, he said that he had conferred with banking officials who offered to finance individual shelters with loans to property owners.

In a suburb, for instance, the affected property owners would form a non-profit corporation, borrow money from the bank, and pay it back on monthly installments. Wixted estimated the cost at $330 per family and said the money could be borrowed on the strength of personal notes.

Apartment house owners would proceed similarly, except that their share of construction costs would be financed by adding to the mortgages on their property.

"Then they could offer the shelters as an inducement to renters, like a swimming pool," he said.

Wixted made it clear that the contractors would not make huge profits from the project.

"All work would be done on a reduced charge basis," he said. "If we tried to make money on this, someone is sure to blow a whistle on the whole idea."

Why did the contractors support his plan and affer their equipment?

"We want to make sure that we do it and that the state and federal governments don't start buying heavy equipment for some big civil defense programs of their own," Wixted said.

Wixted said the contractors were ready "right now" to build a shelter under any street in the state.

"We have the equipment; all we need is some people to tell us they want it," he said.

SAN ANSELMO POLICE ISSUE 45 CITATIONS

San Anselmo police stopped 215 cars in a holiday traffic check Wednesday night at the Hub intersection and issued 45 citations, Police Chief Raymond R. Buchignani reported today.

The citations were all for safety defects, such as defective lights, brakes and windshield wipers, Buchignani said. Two warnings were given drivers who had been drinking but were not sufficiently intoxicated to be charged with drunken driving, he said.

The check was one of 11 throughout the Bay Area by police departments in coordination with the California Highway Patrol. In all, 1,432 citations were issued, seven drunken drivers were arrested and 27 drinking drivers warned.

Four Injured In Car Wreck

Three children and a Sausalito woman secretary were hurt in a car collision on Highway 101 frontage road at Ricardo Road north of Richardson Bay Bridge yesterday.

Joan L. Walton of 414 Pine Street, Sausalito, was driving north on the frontage road at 8 p.m. when she struck a car driven by Melvin W. Phenicie of 363 Marin Avenue, Mill Valley, which had started after pausing at a stop sign in emerging from Ricardo Road.

Treated for cuts and bruises at Marin General Hospital were 19-month-old Anna Marie Phenicie and her brothers Michael, 5, and Melvin, 4, children of the driver of the second car, who was cited by the California Highway Patrol for failure to yield the right-of-way. Miss Walton reported minor injuries but declined treatment.

Nixon, Ike Meet 1st Time Since Election

WASHINGTON (UPI) — Vice President Richard M. Nixon and President Eisenhower conferred at the White House today amid growing signs that Nixon may return to California after leaving office in January.

White House news secretary James C. Hagerty said the Eisenhower-Nixon get-together had "nothing special" on the agenda but was arranged because it was their first chance to meet since the election.

However, a Nixon aide strongly hinted that Nixon may return to California after Democratic president-elect John F. Kennedy takes over on Jan. 20.

Nixon's press secretary Herbert Klein, said the defeated Republican presidential candidate is seriously considering "some very attractive" jobs from California law firms.

Klein said that no firm decision has been reached yet but "these are the things he has in mind most seriously."

He said Nixon also was weighing a number of other possibilities. For this reason the vice president was not in a position to announce at this time his future plans, Klein said.

State Held Favoring Water Request

Representatives of the North Marin Water District spent two days in state hearings this week to gain more water for the Novato area.

A favorable decision on the plea to gain more water from the Russian River is expected about Jan. 1, Jerome Gilbert, manager of the district, reported.

The hearings were held Tuesday and Wednesday before the State Water Rights Board in Sacramento, for detailing the number of acre-feet of water to be supplied from the Russian River.

The North Marin district and Sonoma County are planning a joint project which would bring Russian River water to Novato by late next year.

The state board had approved "about 6,000" acre feet a year for the North Marin district. Gilbert said the request for 10,000 acre feet a year is expected to be approved. The new total would mean a sufficient water supply for the area for the next 20 years, he said.

(An acre-foot is 325-000 gallons of water. The North Marin district, primarily Novato, uses about 15 acre feet a day in the summer; it now uses about four acre-feet a day.)

If approved by the state, Sonoma County would be granted 52,000 acre feet yearly. It would sell the North Marin district 10,000; another 8,000 would be sold to Mendocino County; other amounts would go to various cities and districts.

Low Bidder Announced For New Rice Building

Low bidder for construction of a new J. B. Rice building to be located on Auburn Street in San Rafael was R. C. Briggs Contractors and Builders of Novato with a base bid for $81,945.

The contemporary one-story building, to be erected next to the J. B. Rice Supply Co. headquarters at 16 Auburn Street, will replace the Rice Building at 430 Francisco Boulevard which burned to the ground in a spectacular $500,000 fire on Aug. 26.

Rice was scheduled to meet with designers Edward Hageman and Associates of San Rafael today to award the contract.

Hageman construction should begin next week. The frame and stucco structure with a tar and gravel peaked roof will contain 22,000 square feet of floor space and provide parking for 56 cars.

It is hoped to be ready for occupancy by the end of February.

The nine bids opened at 3 p.m. Wednesday ran as high as $91,000 for construction of the building. Parking lot paving, curbs and gutters will cost an additional $14,700.

The building is divided into 13 sections containing 1,680 square feet in each. Hageman said most businesses that move into the building will use more than one section.

Engineers Bala and Strandgaard of San Rafael prepared the site for the new building.

Hageman said he didn't know how many of the eight businesses burned out in the Aug. 26 fire would move into the new building.

Future use of the Francisco Boulevard site is also unknown since at least part of it is still included in the State Division of Highways plans for widening the Highway 101 freeway.

Paul Low Improving

Paul V. Low, who retired last month as Sausalito street superintendent, was reported in very good condition at Ross hospital today after a minor heart attack Wednesday at his home at 151 Edwards Avenue in Sausalito.

The oldest Volkswagen in America.

You might mistake it for the newest.

© 1960 BY VOLKSWAGEN OF AMERICA, INC.

The oldest Volkswagen in America (a vintage '45 model) was found on a farm in Emerson, Nebraska. It was still working every day for Harold Kuhn, its owner. It was sought out not to put in a museum, but to prove a point: a Volkswagen may grow old, but never obsolete.

The 1945 Volkswagen was driven 1,500 miles to VW headquarters in New Jersey. It averaged about 22 miles per gallon. (Not nearly the milegge you'd get in a new VW, but not bad for a 15-year-old car.) At VW headquarters it was placed side by side with the newest Volkswagen in America (the 500,000th to come over).

You can't see too many differences in the two VWs. The new Volkswagen has: larger front and rear windows, heftier bumpers, new chrome strips and hub caps, different turn indicators. Otherwise, you might mistake the oldest Volkswagen for the newest.

If you took both cars apart, though, you'd find that almost every part has changed since '45. (Most new parts fit any older model.) Volkswagen keeps finding new ways to improve the VW to make it last even longer. Yet not one change in 15 years has made a VW obsolete. Volkswagens depreciate less than any other car.

Come in and see us for a new Volkswagen. Do it today. You'll be making a good long-term investment for tomorrow.

Board Votes Against Buying School Lots

San Rafael's new Laurel Dell Intermediate School will be located on property already owned by the San Rafael Elementary School District.

Board of education members decided Tuesday night against purchase of two additional lots which had been suggested to add to the school site so buildings could be located closer to Woodland Avenue and more easily reached from the Laurel Dell Primary School across the street. They were told the lots have been appraised at a total of $36,000, and decided the price was too high for the advantage to be gained.

The present Laurel Dell Intermediate School will become part of Davidson Junior High when the new school is built.

Final inspection of Terra Linda High School, which had been scheduled for last Monday, was again postponed. The school is now 99.72 per cent complete, the board was told.

The board also:

1. Decided to protest to the State Alcoholic Beverage Control Department the issuance of a license for a bar and restaurant across Third Street from the San Rafael High School athletic field.

2. Called for opening bids for $3,500 worth of science equipment at 11 a.m. Dec. 8.

3. Accepted the resignation of Mrs. Dora Berling as clerk at Short School and appointed Mrs. Harriet Thon in her place.

4. Accepted the $1,575 low bid of Bob Herman Garden Supply, San Rafael for 350 yards of top dressing for San Rafael High, Terra Linda High and San Pedro School turfs.

5. Declared its intention to convey a drainage easement on the Coleman School site to the City of San Rafael and set Dec. 13 at 7:30 p.m. as the time for a hearing on the matter.

Two Teeners Arrested For Burglary At Store

Two boys, 14 and 16 years old, from El Cajon in San Diego County, were nabbed in the Valley Hardware and Tamalpais Lumber Co. at 241 Shoreline Highway in Tamalpais Valley about 12:50 a.m. Wednesday and charged with burglary.

The youths had a .38-caliber Japanese revolver and a 16-inch bayonet in their car, parked outside. They gave up without a struggle.

Deputy Sheriff Charles Prandi said he was patrolling Shoreline when he saw the hardware store door was open. He noticed someone moving inside.

Prandi called for reinforcements. Keeping his headlights and spotlight trained against the front door, he went around to a side door.

Deputies Boyd Burnham and A. V. Menjou arrived to help in the search.

One boy was lying flat on a shelf inside the lumber company supply room. The other was flushed from a wood rack under an old tire. They had money bags belonging to the company with about $20 in cash inside the bags, the officers reported.

Both boys were dressed in black from head to foot.

The 14-year-old has a record for robbery in San Diego.

They admitted they had committed a series of burglaries from San Diego to Marin beginning last Friday.

Fishing Revolution

SEATTLE (AP)—If he knew what he was doing when he stole a fishing tackle box from Dr. Flory E. Wagenaar, some thief is going to revolutionize fishing by using a hypodermic needle instead of a hook.

Dr. Wagenaar said the tackle box contained a complete set of anesthesiologist's instruments valued at $400.

DAILY CRYPTOQUOTE — Here's how to work it:
A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

2 Stabbed At Quentin; Escape Attempt Foiled

An attempted escape and two stabbings marred Thanksgiving at San Quentin Prison.

The stabbings occurred yesterday after the holiday dinner, when two prisoners were cut by an unidentified attacker outside their cell. They are Luis C. Bobeda, 32, a Santa Clara County robber who suffered a deep wound in his back, and Roy C. McRae, 20, also doing time for robbery, who was stabbed in the stomach.

Both men, who were reported in satisfactory condition today in the prison hospital, said they did not know who attacked them.

According to prison officials, McRae was attempting to stop a fight between Bobeda and his attacker when the stabbings took place.

The would-be escape was thwarted Wednesday night when Eugene Edwards, 25, serving time for robbery and bad checks from Orange and San Bernardino Counties, was found hiding in the clothing factory after a "grapevine" tip that led guards to his hiding place.

Edwards was missing since Tuesday night when he apparently stuffed his bed with a dummy made of prison clothing. He surrendered without resistance, officials said.

GUARD BEATEN

Prisoners Escape Camp, Captured Minutes Later

Two inmates of a San Quentin Prison camp at Whiskeytown, Shasta County, slugged a guard and escaped in his car last night but were recaptured 40 minutes later.

The prisoners, Christopher A. Deane, 28, and Robert C. Nelson, 25, beat a correctional officer N. R. Miller over the head with a flashlight until he was unconscious, camp officials said. They then took Miller's car keys, wallet and pocket change an robbed the office safe before driving away.

When Miller regained consciousness, the Shasta County Sheriff's office in Redding was alerted and an all-points bulletin broadcast.

About 1:10 a.m. a sheriff's patrol car saw the car and forced it off the road into a ditch near the town of Old Shasta. Nelson, the driver, suffered a back injury and was taken to the jail section of Shasta County Hospital.

Deane is serving concurrent sentences of 6 months to 15 years and 6 months to 5 years for burglary and auto theft in Alameda County. Nelson, who had been released from San Quentin only last year and was returned last November, is serving two 6-month to 5 years sentences for auto theft in Los Angeles County.

Miller was back at work this morning, prison officials reported.

Commercial hatcheries of the United States produced 155,654,000 chicks in last September.

Exams Slated Tomorrow For Novato Police

Examinations are scheduled tomorrow for 108 applicants for the five openings on the Novato police force, now being formed.

Chief Roy McLaren reported that far fewer than the 108 are expected to show up for the tests at Novato High School, as some applications are months old, others will decide at the last minute not to take the test.

The top ten men in the tests will be invited by McLaren and City Administrator J. Julian Baget. Appointment is planned for about Dec. 5 for all five men.

The tests, almost three hours in length, are to be given by the state cooperative personal services.

Starting salary for each policeman will be $414 monthly. Starting salary for a matron-clerk will be $357 monthly. McLaren interviewed 10 women Wednesday and was to interview another four today, with an appointment of matron planned next week.

$332 Is Stolen From Cash Box

Thieves took $332.86 from the petty cash box at Shamrock Materials, Inc., 665 Irwin Street, San Rafael, it was reported Wednesday.

Theodore VanMidde of Montezuma Avenue, Forest Knolls, a salesman at the company, reported the loss at 2:45 p.m. He told Police Officer John Rosentangle the thieves apparently entered through the rear door, which had a faulty lock, and found the key to the cash box.

Be Sure Your Family Enjoys The Christmas Season To Its Fullest

Christmas season is coming Will you enjoy it with your children?

We parents have our share of grief. When our children are babies, we worry about their health and growth. When they reach childhood they start rebelling. We must set limits, explain rules, punish.

When they start school new problems arise. When they reach their teens we go thru the worst ordeal of all. Not easy to be a parent, is it?

But Christmas is a time we can enjoy. It's a time when love and fun prevail. This is our season, parents. I hope you will put your tree up early. Have your children decorate it. Sing the good old Christmas carols together, before the radio and TV wear them out.

Your children will be excited as Christmas approaches. You'll have to calm them down But don't be any sterner than necessary; let them enjoy Christmas with you.

Take them to your church each Sunday in December. Attend the special Christmas festivities. Be sure to go to their schools' Christmas programs. These are big events for everyone.

A bachelor read what I said about Christmas last year. He disagreed.

"What do you have when Christmas is over," he asked me, "except indigestion and empty pocketbook?"

I told him that when Christmas is over we parents have a warmer feeling of family love. We have a new closeness with our children. We have precious memories.

Do you agree?

Let me be the first to wish you a Merry Christmas, friends.

READERS' FORUM

(Q) "Do you approve of the practice of forcing non-Christian children to take part in Christian Christmas activities at school?

—R.E.

(A) I do not believe they are forced to. If they are, it is a mistake. Every school should make it easy for non-Christian children to avoid participating in any Christmas activity, whether it is of a religious nature or not.

Janitor Is Due In Higher Court

Elven Barrow Jr., 20, Marin City janitor, will be certified to Marin Superior Court next week for contributing to the delinquency of a 15-year-old girl with whom he was found on San Rafael Hill last Nov. 1.

Last Tuesday, Barrow pleaded guilty to the contributing charge. On the motion of the district attorney, a charge of attempted rape was dismissed by Judge Joseph G. Wilson.

Evidence showed that the girl had not been criminally attacked.

Hungry I Assistant Manager Injured In Gate Span Crash

Mrs. Joann Edmundson of 719 Spring Street, Sausalito, was in fair condition at Marin General Hospital today after suffering a broken nose and jaw with other injuries in a crash of her new car on the Golden Gate Bridge at 6:50 a.m. yesterday.

Driving north in her 1960 model compact vehicle from work as assistant manager of the Hungry I restaurant in San Francisco, Mrs. Edmundson swerved left, crossed all the southbound traffic lanes and smashed into the cement curb.

Her face struck the instrument panel with such force as to dent it. The steering wheel was driven back eight to 10 inches. Highway patrol investigators said they could find no reason for the accident.

During heavy holiday traffic on the bridge at 8:55 p.m. yesterday a northbound car driven by Tom Dennis Cordellos, 21, of Sonoma ran into the rear of a vehicle driven by Lloyd D. Carroll, 37, of San Francisco. Theresa Butler, 37, of Vallejo, riding with Carroll, reported injuries to her neck and right ankle but was not hospitalized.

Carroll had halted because of a tow car removing a disabled auto ahead. Cordellos was cited by the California Highway Patrol for following too closely.

Bicycles Sought For Marin Needy

San Rafael's Optimist Club is looking for bicycles.

The service club members want bicycles that are "in a state of disrepair or outgrown by their owners," they say. Members will renovate them and pass them on to youngsters who want bikes.

Donated bicycles will be picked up on weekends from now until Christmas. Those having discarded bikes, or anyone knowing of a needy youngster who would appreciate a good bike, are urged to get in touch with Harold Fulkerson of the law firm of Rockwell and Fulkerson, 1534 Fifth Avenue, San Rafael.

Masked Shoppers

RAWLINS, Wyo. (AP)—A man and two women wearing scary Hallowe'en masks entered a Rawlins food store, which had been struck by the local clerks union for several months.

Fearing a holdup attempt, the manager called police. The trio's explanation for their masks: They didn't want to be identified crossing a picket line to do their weekly grocery shopping.

TRAPPED CHILD RESCUED

A rescue worker holds 2-year-old Todd Duncan by the arm as he and the child are hauled from a rescue tunnel dug to extract the child from an eight-foot construction hole at a motel site in Gilroy yesterday. Negro Football Game Unmarred By Violence

MONTGOMERY, Ala. (AP) — Montgomery was relaxing today after threats of Thanksgiving Day race violence failed to materialize at a Negro college football game.

Officers arrested five white men, who later were released on bond, as groups of white persons were kept moving at yesterday's game between Tuskegee Institute and Alabama State College.

Signs were posted throughout the city urging "10,000 white people" to appear at the game, but nowhere near that figure showed up at Cramton Bowl.

City and county officers kept white persons moving and broke up white gatherings near the stadium, making it difficult to estimate the size of the crowd outside the bowl.

The arrests were made near a restaurant in the vicinity of the publicly owned bowl, where Tuskeegee defeated Alabama State 12 to 8.

The restaurant, which has a liquor license, was ordered closed for the day.

Sheriff's deputies said those arrested included Sonny Kile Livingston and Henry Alexander, who were indicted in an outbreak of Negro church bombings in Montgomery in in 1957. Livington was acquitted.

Alexander never was tried.

Also arrested were D. V. Andrews, G. W. Sexton and Wilson Bragg. Sexton was charged with illegally carrying a pistol, Andrews with disorderly conduct and Alexander, Livingston and Bragg with failure to obey an officer.

The approximately 8,000 Negro spectators left the game without incident.

MOTHER ARRESTED FOR LEAVING CHILDREN AT NEW YORK STORE

NEW YORK (AP)—A mother who left her two children in Gimbel's toy department has been arrested and charged with abandonment.

The children, Michael, 5, and Maria, 4, were found in the store Thanksgiving eve and taken to a children's shelter. The mother had put a note in the boy's pocket saying she could no longer care for them.

After receiving a telephone tip yesterday, police picked up the mother, Eileen Weiss, 29, in a Brooklyn apartment.

While Mrs. Weiss was being booked, the children's father, Salvatore Andrioli, 31, showed up and told authorities he was willing to take care of the boy and girl.

Andrioli was told to make a formal plea after arraignment of the matter, scheduled for today.

The first meteoric display on record in the United States was observed off Florida Keys in 1799.

Truck Tumbles; Driver Bruised

A pickup truck tumbled 25 feet down a bank from the tight curve of the temporary northbound connecting road between Highway 101 and Sir Francis Drake Boulevard early today.

Creighton Grant Thompson, 44, of 114 Bretano Way, Greenbrae, the driver, suffered a severe shaking-up with some cuts and bruises but said he would seek his own doctor.

Thompson told the California Highway Patrol he had turned too sharply and struck a six-inch dirt bank on the edge of the road. During recent weeks since this diversion was opened, probably a score of truck mishaps have been reported in spite of go-slow postings.

Burned Girl, 4, Gets Skin Grafts For 'Only Chance'

SAN ANTONIO, Tex. (AP) — Peggy Roller, the badly burned little girl to whom three Army sergeants gave skin grafts, is holding her own but "we are watching her closely," a spokesman at the Army's Brooke General Hospital said today.

The three sergeants—M/Sgt. William M. Goodloe, 45, of Earlington, Ky.; Sgt./1c Earl D. Bieler, 26, of Machias, Me., and Sgt./1c Harold S. Orff of Milo, Me., are recovering from the operation. They watched football games on television yesterday and had a Thanksgiving dinner.

Peggy, 4, is the daughter of Maj. and Mrs. Harry N. Roller of El Paso, Tex. She was flown here after a fire at her home Nov. 16 which seared 51 per cent of her body and burned off her hair. Her parents said she may have been playing with matches.

In a two-hour operation Wednesday doctors took 128 square inches of skin from a thigh of each of the sergeants and grafted it to the burned parts of the girl's body.

Doctors hoped the skin grafts will protect Peggy from infection until her body is strong enough to replace the damaged flesh. They said the skin grafts were her only chance for survival.

DINING OUT AND INNS

By HARRY CRAFT

Stacks Of Autos Don't Always Mean A Restaurant Doesn't Have Tables

The number of cars parked outside of a restaurant is usually a true indication of what's going on inside — but not always.

I have in mind the Buon Gusto Villa, which had its banquet room filled to the brim the other evening with members of the Cabrillo Club, resulting in a line of parked cars down to Broadway. Natural assumption was that all tables were filled, and a long wait would be inevitable. We almost made the same mistake ourselves but in deciding to brave it out found that the regular dining room was not occupied beyond the point of pleasant camaraderie.

Buon Gusto's party room, by the way, should be remembered as a likely spot for your club gatherings It's entirely removed from the main dining room, has its own separate entrance and service bar. Seating capacity is about 125.

Lucky for us we called — in so doing we became guinea pigs for a new dish at the Villa. Or, if not new, at least one that hasn't had much of a spread before in the county — veal picata with noodles. The veal is cooked in an egg batter known only in the kitchen sanctum as to its exact constituency. Since I am not one to pry loose trade secrets I was content to accept its toothsome existence as fact and let my empty plate be returned as unspoken approval.

Precursor to this delightful entree was one of Eleanor's famous salads with aged, pure wine vinegar which, according to my wife's sensitive taste buds, has no peer.

Other recent menu additions here include an infiltration from central Europe — schnitzel, goulash and a superb sauerbraten. The latter, however, should be prearranged for on a small or large group basis for assurance that it will be among the servings when you call.

AFTER A FEW successful trials, Leo Albertoni and chef George Thompson of Mission Inn are extending their field of food service to outside catering for parties and banquets. They are able to handle groups up to 350 or 400, Thompson says.

Paul Di Pietro has made available the Wye Club since discontinuing his own food operations, so that Mission Inn, King Cotton and other restaurants may use its capacious quarters for gatherings too large for them to handle in their home dining rooms.

ALSO I FIND that the Marin Golf and Country Club, exclusive for members only in the ordinary sense, has its banquet room on the available list for groups and parties.

Chef here is Claude Booth, well known to many in Marin.

A NOT UNUSUAL procedure in trying out a new dinery or one of reputable stature is to place yourself in the capable hands of the maitre, thereby becoming informed on certain delectibles which might otherwise be missed in making your own selections.

Such a custom for two or more is recommended at Ramona's where la senora ligera, Ramona Stallings, a charming example of perpetual animation often laments the common belief of most Americans that Mexicans eat nothing but enchiladas, beans and tacos.

This, she affirms, is not so, and to prove it, suggests that you leave your preconceived notions at the doorway, pay only scant attention to the menu and let her do the ordering.

You may end up with a combination of seeming unpronounceables to try out on your Spanish idiom but not. we'll warrant, anything mediocre in true Mexican cooking.

AFTER FIVE WEEKS or more, some of that time in the hospital, the return of Hector Paris to Novato Joe's is gratifying.

You can be sure that everyone pitched in while he was away, and the restaurant ran smoothly. It may be hard to convince Hector of that fact, since he has never been one to pass on to others what he thinks he should be doing himself.

Tell him, will you? He may get used to the idea of taking it easier.

RARE RECORDINGS of the Roaring 20s transcribed to 45-speed platters for Rancho Nicasio are being used in its juke box — many of them collectors' items.

I may be prejudiced by the memories of my youth, but it seems to me that some are better listening than today's output.

No Problems In Jr. Highs, Principal Says

Discipline is not a cricial problem in San Rafael's junior high schools, Santa Venetia Principal Lawrence Geiger told the board of education Tuesday night.

Geiger said the schools have problem youngsters who need special help and guidance, but the principal problem is in the child's not working to capacity and progressing as he should be.

Geiger, principal Homer Hoyt of Davidson School and junior high faculty members presented a progress report on the junior highs to the board.

The Santa Venetia principal defined a discipline problem as a situation where a youngster is habitually responsible for disturbances. "We are not losing class time because of any disturbance," he told the board.

Board member Willard Vernon pointed out that the board recently had statistics presented to it on discipline problems in the high school. "These kids had to come from some place," said Vernon.

Geiger said that the big breakdown in discipline comes when a child has to face up to responsibilities. He said numbers were a factor in controlling problem children. Santa Venetia has only about 250 youngsters, and problems are handled immediately when they come up, he declared.

Hoyt noted that he has just completed four reports to the probation department on students, all of whom moved into the district this year.

Reed Board Asks Study For 10 Rooms

Supt. Paul R. Stouffer of Reed Union School District has been given the job of figuring out whether the district should build 10 classrooms at Del Mar Estates.

The State of California will allow the district aid toward building eight classrooms at the site. But 10 rooms are needed to move seventh and eighth graders from Reed, Belvedere and Tiburon Schools to the new plant, Stouffer told the district trustees Tuesday night.

Four names were suggested for a board member to succeed Alfred J. Azevedo, resigned. The four, to be presented to County Supt. Virgil S. Hollis, who makes the appointment, are: Peter MacGowan of Rolling Hills, John Murray of Paradise Drive, Mrs. E. Allen Steinau Jr. of Belvedere and Leo Souza of Stafirth.

Architect William Gillis reported on the proposed remodeling of the upstairs at Belvedere School and trustees authorized expenditure of between $750 and $1,000 for the work to be done during Christmas vacation. Revamping of the Belvedere kindergarten room and adjacent access areas will be studied further by Gillis.

Students Honored For Achievement

Two Marin students at San Francisco State College were awarded certificates for superior academic achievement Wednesday for being among the top 10 students of last year's freshman class.

They are Margaret W. Roberts of San Francisco, daughter of Mr. and Mrs. John H. Roberts of 32 Plaza Drive, Alto, and Carl A. Gail of Terrace Avenue, Bolinas.

ISTVAN NADAS
Sets hometown debut

First Marin Recital Set By Pianist

Concert pianist Istvan Nadas of Sausalito will appear in his first recital in Marin County next Thursday at 8:30 p.m. at the Gate Playhouse in Sausalito.

An established concert artist in Europe and South America and winner of critical acclaim after his American debut at Town Hall and another concert at New York's Carnegie Hall, the Hungarian born pianist is a new professor and teacher of piano master classes at the San Francisco Conservatory of Music.

Nadas was a pupil of the Hungarian composers Bartok and Kodaly and holds a degree in composition and conducting from the State Academy of Music in Budapest and a doctorate in philosophy from the University of Budapest. He speaks five languages: Hungarian, Italian, German, Spanish and English.

His concert will be under auspices of Lewis Yagow of Sausalito and a group of Marin people interested in promoting an annual Sausalito music festival.

Nadas is personally offering two scholarships to winners to be determined in auditions on Dec. 6 at the Outdoor Art Clubhouse in Mill Valley.

For his program, Nadas will play prelude and fugue in D major, Vol. 2, No. 5 from Bach's "Well-Tempered Clavier Sonata in C major, Opus 53 ("Waldstein") by Beethoven; Sonata No. 7, opus 83 by Prokofieff; Chopin's Scherzo No. 2 in B flat minor and ballade No. 3 in A flat major, and the "Spanish Rhapsody" by Liszt.

Tickets may be obtained at Village Fair Records in Sausalito, Village Music in Mill Valley and Hoy's TV and Music Store in San Rafael.

Last Of Missing Bonds Located

After a four-month search, the last of 47 owners of building bonds issued in 1948 to finance completion of the Mill Valley American Legion Hall has been found, Martin Jukich adjutant of American Legion Post 284, said today.

Number 47 was Wayne L. McFadden, who was a truck driver on the project and is now living in Summit City, near Redding. McFadden, by letter, said: "Sorry, I was so hard to find. I didn't know the state of your treasury so didn't turn the bond in on the due date." The post has sent McFadden a $25 check.

A total of $2,725 has been paid out to redeem all of the non-interest bonds issued Jukich said.

Marin GOP Announces Finance Plan

The Marin County Republican Central Committee is considering a direct contribution plan for financing its county headquarters.

Republican headquarters, which has been located in the Masonic Building in San Rafael for almost two years, includes a fulltime paid secretary and several volunteer workers.

Under a direct contribution plan — similar to one established in Sonoma County — monthly contributions of $1 each from party members would maintain the office and personnel, according to Chairman David Winslow of Tiburon.

The committee which met Tuesday night in the San Rafael courthouse refered the plan to the finance committee for a report on Jan. 24, since there will be no December meeting of the central committee.

Winslow also outlined a plan for consolidating and strengthening the committee during the next two years. He included work on the financial structure, precinct organization, expansion of the county's four Republican volunteer organizations, and creation of a special subcommittee to keep the committee informed of legislation in Sacramento and Washington.

The central committee is sponsoring a dinner honoring candidates and volunteer workers at Bob's of Marin Dec. 1. Tickets are available at the Republican Headquarters.

Sales Taxes Revenue Dips In California

SACRAMENTO (AP) —California is collecting more money this year, but not from sales taxes, its top source of income.

Sales taxes in the first four months of the current fiscal year were down about 8.2 million dollars from the comparable period of 1959-60, Controller Alan Cranston reported yesterday. The decline was 3.8 per cent.

And the total $207,463,580 collected accounted for 50.3 per cent of general fund revenues. Last year it was more like 60 per cent.

Cigarette tax revenue also dropped. The $21,223,293 collected was about 1.4 million dollars or 6.4 per cent lower than in the first four months of 1959-60.

Nevertheless, other general fund revenue continued climbing, with the total reaching $412,494,397, a 14 per cent boost over the previous fiscal year.

But the state spent $501,679,692 during the four-month period—89.2 million dollars more than it took in. Expenditures were up 12½ per cent over 1959-60.

Drop Reported In Mumps Cases

New cases of mumps dropped sharply in Marin County last week, declining from 16 the preceding week to only three, according to physicians' reports to the county health department.

Dr. Carolyn B. Albrecht, county health officer, said today one mumps case was reported last week in Marin City, one in Novato and one in rural Marin.

Four cases of gonorrhea were reported, two of infectious heptatitis, one of syphilis and one of salmonella.

MARIN FILMS

Shelly Winters Good In Story Of Skid Row

By LESLIE DARD

The weekend films in capsule review:

RAFAEL THEATER

"Let No Man Write My Epitaph" is a highly dramatic and effective exploration of the lower depths of our society. Its setting is Skid Row and its characters are Skid Row people. It opens Sunday on the San Rafael screen.

Based on Willard Motley's best-seller, its setting is Chicago's West Madison Avenue, about as low down as you can get. And it tells how a boy's mother, a derelict judge, a legless newsboy, a prostitute, a singer in a gin mill become the self-appointed guardians of yound Nick Romano (James Darren), determined to save him from the brutal influences around him.

The cast is skilled: Shelley Winters, Burl Ives, Ella Fitzgerald, and Ricardo Montalban. They succeed in lifting this image of a grim life above average, as films go.

How they labor to help Nick leave the slums—even though they know they can't follow him — makes for a first-rate movie.

Estimate: Oscar-caliber performance by Miss Winters.

TAMALPAIS THEATER

"North to Alaska" (CinemaScope, color) is a farce-melodrama which stars John Wayne, Stewart Granger, Ernie Kovacs and Fabian.

Basically a western set in the tundra, it spins a tale of two pals, Wayne and Granger. The latter sends Wayne north to pick up his girl (Capucine) and bring her home. The expected complications occur.

This film is showing on the Hub screen.

MOTOR MOVIES

I've always had a fondness for gentle, frustrated Doug Roberts, the hero of the late Thomas Heggen's immensely successful novel and play, "Mr. Roberts."

The film version, being revived at this theater (in CinemaScope and color) retains the story fairly intact. Henry Fonda stars as the wonderful guy caught, quite literally, between the devil and the deep blue sea.

The devil is the sadistic, crotchety captain of a cargo ship plying the Pacific during WW II. As captain, Jimmy Cagney is perfect—bellowing, hated by his men. He and Roberts frustrate each other frequently in a long battle finally resolved by the crew in a courageous move which has bittersweet results.

The cast includes Jack Lemmon as the predatory Ensign Pulver and William Powell as a philosophical physician.

NOVATO THEATER

"Ocean's 11" (Panavision color) is the title of a film about a monumental Las Vegas crime caper. It opens Sunday.

Ocean is Danny Ocean (Frank Sinatra) and the 11 are pals from a wartime commando unit. And what do veterans do when they get together? Well, Danny and his pals rob five casinos at the same time.

Among the 11 are Dean Martin, Sammy Davis Jr., Peter Lawford and Richard Conti. And their plot is ingenious, indeed.

LARK THEATER

"Carry On, Nurse" is a new British comedy which establishes, beyond a doubt, that the male animal cuts a pretty sad figure when bereft of his pants. It has been held over for an eighth week.

The men's ward of a hospital serves as the setting for this romp. There is no story as such. Rather, the audience follows the day and night antics of the patients, a zany lot at best.

FAIRFAX THEATER

"The Apartment" is a very funny, very good film.

Starring Jack Lemmon and Shirley MacLaine, it relates the ludicrous plight of a bachelor who lends his apartment key to office mates for their amatory adventures. Before long, he scarcely has a home.

To keep him quiet, his superiors get him promoted. Then he learns the one girl he admires (Miss MacLaine) is having a romance in his apartment with his boss, Fred MacMurray.

His distress becomes acute when, rejected, she tries to take her life in the apartment. Yet this all leads to an upbeat ending.

SEQUOIA THEATER

"All the Fine Young Cannibals" (CinemaScope, color) spins a tale of very mixed-up young people and the troubles they can get into without half trying. It opens Sunday on the Mill Valley screen.

It starts in a Texas town, where Natalie Wood becomes involved with Robert Wagner. When she discovers that she's "in a family way," she grabs a train and meets Yaleman George Hamilton.

Later, learning that she is pregnant and not suspecting that another may be the father, he weds Natalie, installs her in a mansion and floats off on a sea of liquor.

Story is complicated by Bob's success in New York and his marriage to George's sister (Susan Kohner).

How this tangle is resolved, makes up the gist of the story.

TIBURON PLAYHOUSE

"Solomon and Sheba" (color) is a gaudy spectacle, filled with big battle scenes and starring Yul Brynner and Gina Lollobrigidia.

Solomon (Brynner) is portrayed as a brilliant monarch whose growing wealth alarms Egypt's pharaoh. The latter sends his ally, the Queen of Sheba (Gina) to bring him down if she can.

Plenty of battle scenes mark this "De Mille type" drama which is co-featured at the playbox with "Career," a pretty good drama set in New York.

Ross Trustees Approve Supplemental Reading List

A list of more than 200 books to be used as supplemental reading material for seventh and eighth graders has been reviewed by the Ross School District trustees.

The list, chosen by seventh and eighth grade teachers, include classics as well as recent and current fiction.

Trustee George David Hart was appointed by the board at its meeting this week to serve as the district legislative representative to the Marin County School Boards Assn.

Announcement was made of a countywide meeting of custodians and administrators at Ross School today beginning at 9 a.m. The host school will serve lunch to the delegates to the all-day meeting.

The board was told that Irvin Van Brocklin, assistant custodian, will replace Horace Koelsch as head custodian on Dec. 1. Koelsch, who is retiring, has served as custodian in the district for 20 years.

Shoreline Route Letter Drive Set

Decision to concentrate a letter-writing campaign on the need for prompt improvement of the Shoreline Highway, without trying to indicate the nature of the road, was made at a meeting Tuesday of the Marin Coast Chamber of Commerce at Point Reyes Station.

"Everyone has ideas as to 'how,' but our idea is about 'when'—and make it quick," was the summary of Don DeWolfe, who was re-elected chamber president.

Other officers chosen were: James Marshall of Tomales, vice president; Mrs. Harriet M. Greene of Stinson Beach, secretaay-treasurer, and as directors, George Ludy of Inverness, Lee Sefton of Stinson Beach and Mrs. Emma Benevenga of Olema. Marshall is an outgoing county superior and Ludy will take his place.

Unified School District Looms In Tiburon Area

Possibility of a new unified school district on the Tiburon Peninsula — with one district operating all schools through 12th grade — has been raised by trustees of Reed Union School District.

Reed is one of a dozen elementary school districts within Tamalpais Union High School District. Graduates of Reed's eighth grades now attend Tamalpais High School in Mill Valley.

Two bond issues proposed by the Tamalpais District have failed of the necessary two-thirds voter approval within the past year. Both were predicated on purchasing a site for another high school in the district — although in neither case was it specified that the school would be on the Tiburon Peninsula.

A third bond issue, set up on the same basis in a three-million-dollar amount, is to be put before voters next April 18.

Reed trustees, discussing the situation this week, decided to appoint a local committee to augment the work of the Marin County Committee on School District Organization, which is charged by the legislature with preparing a long-range plan for school unifications within the county.

The trustees emphasized they are taking the long view. The study should not have any bearing on the Tam district bond issue election, declared board chairman Richard J. MacLaury.

The State Agricultural Society was formed Nov. 13, 1854 in Sacramento "to conduct fairs, exhibitions and promote agriculture, horticulture and stockraising in California."

Hanna Boys Center Issues Annual Appeal For Funds

Hanna Boys' Center at Sonoma, the "Boys Town" of the West, today issued its annual appeal for financial support, as it began its second decade of providing a home for boys who have no real home.

Marin Dist. Atty. Roger P. Garety, member of the board of directors of the Hanna Center, said prevention of delinquency before it becomes a fact has been the primary aim of the center.

Other Marin representatives on the board are Albert V. Martin of San Rafael, Roy Bersaglieri of San Anselmo, and James E. Muldoon of Sausalito. Muldoon is executive secretary of the center.

The Hanna Center is a nonprofit corporation built near Sonoma entirely by voluntary contributions. Right Rev. William L. O'Connor is director of the home for 120 underprivileged boys of all races and creeds.

Australia is the only continent entirely in the southern hemisphere.

San Rafael Man Named Span Manager's Aide

WILLIAM H. HENDRICKS
$12,000 job

William H. Hendricks, San Rafael advertising and publicity man, today was named assistant general manager of the Golden Gate Bridge and Highway District.

The job pays $12,000 per year. Hendricks' assignment as assistant to general manager James Adam will include public relations of the bridge district, which currently is engaged in a struggle against giving up jurisdiction over the famed bridge to the proposed Bay Area Authority.

Hendricks is co-owner of William Hendricks and Associates, San Rafael advertising-public relations firm. Before entering that business, he was a longtime newspaperman.

He worked as a reporter on both the San Rafael Independent and the Marin County Journal before they merged into the Independent-Journal, and on the Mill Valley Record. For 11 years he was Marin Correspondent for the San Francisco Examiner.

which blocked traffic on the stretch for an hour.

The Harringtons moved to Mill Valley from Berkeley three months ago. The children are Mrs. Harrington's daughter by a former marriage, Laurie, 4, and Harrington's two sons by a former marriage. The two boys had been brought to Mill Valley from Sebastopol, where they had been staying with relatives, to make the holiday trip.

Also injured in the crash were Ohmstad and his passengers, Mr. and Mrs. Richard Lord of Inglewood and their 4-year-old son, Chris.

Boy, 16, Admits Theft Of Coins

A 16-year-old Mill Valley boy, who had never been in trouble before, pilfered $235 in rolled coins from the grocery where he worked to pay for a car which he recently bought, sheriff's deputies reported Wednesday.

Inspector Guido Battaglia said the youth, who worked as box boy at Shoreline Market in Tamalpais Valley, admitted taking rolled coins in various amounts between Oct. 4 and Nov. 18. With this money, he was able to pay cash for a used car he bought last week from a friend.

Market owner Al Santos became suspicious when he noticed small cash shortages on days that the boy worked at the store. He called the sheriff for help last Friday.

The boy said he took rolls of money in amounts ranging from $5 to $70 at a time. He has been referred to juvenile probation officers.

Divorce Granted Writer's Wife

Sausalito novelist and magazine editor Calvin Brice Kentfield, 36, was divorced by his wife, Veronica Anne, in Marin Superior Court Wednesday.

He did not contest the action. Mrs. Kentfield gets custody of their two children, aged 1 and 4, and gets $150 per month support for the youngsters. Judge Harold J. Haley approved the property settlement, which gives her the household furniture and him a 1949 car and hi-fi equipment.

They were married in London in 1955. They lived at 885 Bridgeway in Sausalito. Kentfield is one of the editors of Contact magazine.

Paint Delivered After Plane Trip

PENSACOLA, Fla. (AP)—Merritt Supply Co., a building materials firm, was embarrassed to find itself completely out of a brand of paint to meet an urgent order of two gallons. Delivery had been promised within 24 hours.

The manufacturer was called in St. Louis. Ten hours later an employe of the manufacturer stepped off a plane at Pensacola with two gallons of paint. Retail price of the paint, $6.

BABY

Continued from page 1

4:04 a.m., Kennedy was at the hospital at 4:16.

He visited briefly with his wife, still groggy from medication, received the doctors' reassuring reports and went home an obviously happy man.

Dr. Walsh told reporters during his midday visit that Mrs. Kennedy was resting. He said she did not sleep very well, but characterized her condition as "excellent."

After a few hours sleep, Kennedy left his home in the Georgetown section of Washington at 11:30 a.m. and drove to Georgetown Hospital for another visit with his wife and another look at his son.

About 100 well-wishers were gathered across the street from the house. Several shouted congratulations.

Another crowd of about 100 gathered outside the hospital.

Kennedy remained at the hospital about 20 minutes and told newsmen as he left that his wife was "doing very well."

The senator drove directly back to his home and aides said he planned to remain there for the remainder of the day except for hospital visits.

Kennedy said he may be in Washington two or three weeks. Earlier he had said he expected to return to Palm Beach in two weeks, taking his family with him.

Dr. Walsh said Mrs. Kennedy had not yet seen her son, occupying an incubator in a nursery about 25 feet down the hall from her room. He said she might see him tomorrow, depending on when she can make the wheelchair trip to the nursery or the pediatrician will permit the baby to be brought to her.

Hospital authorities said incubator care for a time is routine in such cases.

Dr. Walsh described Mrs. Kennedy as being delighted that the baby is a boy.

A flood of congratulatory messages was coming in for the Kennedys, including wires from President and Mrs. Eisenhower and Queen Elizabeth II.

Drunken Driver Given Extra Fine As 'Nuisance'

A Santa Rosa judge who felt that a Novato drunken driver had "made a nuisance of himself" and might have tried to deceive a jury Wednesday, imposed a $350 fine, $100 over the minimum which is customary for first offense.

Municipal Court Judge A. F. Scheidecker said he was assessing the extra $100 because of James Gomes's "obnoxious behavior" plus the fact that expert testimony indicated his alcohol content to have been higher than he testified.

Games was convicted Nov. 7 but attorney James E. Jones Jr. moved for mistrial Wednesday on grounds of "misconduct" by Sonoma Deputy Dist. Atty. Jack Shea by appealing to the jury's prejudice on a basis of "carnage on the highway" caused by drunken drivers.

But Judge Scheidecker found the trial fair and the defendant due for above-average fine.

Three Teen-Agers Go Joyriding

A 13-year-old Ignacio boy and two girl friends, aged 14, stole a car and went for a "Thanksgiving joy ride" about 2 a.m. yesterday, sheriff's deputies reported.

Donald L. Loflin, 42, of 1850th Airways and Air Communication Service, Hamilton Air Force Base, emerged from the Meadows about 2 a.m. and discovered his 1957 hardtop was missing from the parking lot.

He and Deputy Sheriff William Johansen went looking and spotted the missing car parked at Nave Lanes bowling alley. A boy and two girls stood by the car. As the patrol car approached, one girl ran, but the deputy caught the other two. They admitted they took the car for a joy ride. The youngsters were cited to appear before the juvenile probation officer next Wednesday morning.

Soft Drink Stand Invites I.Q. Test

SHELBY, N.C. (AP) — A sign over the empty soft drink crates at a service station here reads, "Test your I.Q. Put the round bottle in the square hole."

The operator claims it's hard for people to pass up the chance to prove their intelligence, and he says the gimmick has ended the problem of picking up bottles scattered around the station.

wages are keyed to the cost-of-living index.

But drug prices declined sixtenths of 1 per cent, BLS reported—largely due to cuts in the price of tetracycline, a family name for a group of antibiotics in wide use.

California's chief criminal deputy attorney general, Charles A. O'Brien, said yesterday that his office will begin an active investigation of drug prices.

Assemblyman Phillip Burton (D-San Francisco) disclosed that that the assembly committee on social welfare has been investigating prices charged for the state drugs for indigents for three weeks.

He said public hearings will be held here Dec. 8 and 9.

Husband Jailed For Hitting Wife

A. C. Speegle, 32, of 120 G Street, San Rafael, was jailed yesterday on a charge of hitting his estranged wife in the eye, after an argument in the Club Moderne at 804 Fourth Street.

Mrs. Julie Annette Speegle of 830 B Street, San Rafael, suffered a black eye during the fight, which she said started over money. She called Police Officer Wade R. Powell at 5:30 p.m. and placed her husband under a citizen's arrest charging assault and battery. He was held in lieu of $262.50 bail today.

OBITUARIES

Noted Latin Scholar Dies In Hospital

Anthony M. Givanovich of Sausalito, who worked for more than 30 years to make classical Latin the everyday language of the world, died of a heart attack yesterday in a local hospital. He was 69.

He left unfinished a Latin-English dictionary which included such modern-day phrases as "rock-and-roll" and "atomic war." The manuscript, which represented 20 years work, was scattered about his home at 27 Caledonia Street, Sausalito.

He had recently translated more than 100 popular songs into Latin. Such selections as "Rock and Roll Waltz," "Marianne," "Winter Wonderland" and "Silver Bells" could bring the friendliness of the Latin language to elementary school children, he believed.

Givanovich was for 30 years an associate editor of the monthly magazine Auxilium Latinum and a member of the Virgilian Society of America, both of which are dedicated to the promotion of the study of Latin.

As a fluent speaker of classical Latin, Givanovich was a strong opponent of Esperanto, which has been proposed as an international language.

"Why construct a new language when Latin, a 3,000-year-old tongue, already has a good background and is known well by many?" he would ask.

Givanovich was born in San Francisco. His father was a native of what is now Yugoslavia; his mother was French.

Because of the diversity of family languages, correspondence with his grandfather, a Latin professor in Vienna, was in Latin.

Givanovich moved to Sausalito 25 years ago. Not once during his life did he leave California, a record he was proud of.

For the past two months he had been confined to bed with a heart ailment.

He is survived by two sisters, Louise Givanovich, who lived with him in Sausalito, and Marianna Gaillard of Alameda.

The Rosary will be recited at 8:30 p.m. today at Frank J. Keaton Mortuary, Sausalito. Requium Mass will be celebrated at 9:30 a.m. tomorrow at the Star of the Sea Church, Sausalito. Interment will follow at Holy Cross Cemetery, Colma.

Irene Grande Dies Of Heart Seizure

Mrs. Irene Grande of Pacific Grove, Monterey County, died yesterday, apparently from a heart attack, at the home of her daughter, Mrs. Thelma Tabor of 55 Woodland Avenue, San Rafael.

Mrs. Grande was visiting with her daughter for the Thanksgiving holidays, suffered the apparent attack shortly after 5 p.m. yesterday in her daughter's home. She was taken to the hospital by ambulance, but was pronounced dead on arrival, said the Harry M. Williams Mortuary, Marin County Deputy Coroners.

Mrs. Grande's husband is an employee of the Monterey Glass Co. in Monterey. She is survived by him and Mrs. Tabor.

Private funeral services are pending at the Harry Williams Mortuary in San Rafael.

She is survived by her husband; two sons, Anthony Fontes of Novato and Frank Fontes of Bolinas; two step-daughters, Mrs. Mary Silva of Oakland and Mrs. Sarah Tonnemacher of Mill Valley, and a grandson.

A Requiem High Mass will be celebrated at St. Raphael's Church in San Rafael at 10:30 a.m. Monday, with the funeral cortege leaving Keaton's Mortuary at 10:15 a.m. Rosary will be recited at 8 p.m. Sunday at the mortuary.

Terra Linda High School Dedication Set

All the doors and windows are now in place at Terra Linda High School on Nova Albion Way, so there'll be a dedication ceremony Tuesday night.

This will be one of many features in an open house comprising the school's second "Back to School Night" and starting at 7:30 p.m.

"Things are finally getting pretty well straightened out so we felt the time had come for a dedication," said Principal Webster Wilson today. "But of course we've been in here since the start of the semester, working it out as we went along."

ROOMS OCCUPIED

Wilson said the locker room, gymnasium, homemaking and art rooms have been occupied, the science department isn't quite ready. Shop equipment is about ready for use.

Additional to the dedication, there will be six school periods in miniature—about 20 minutes each with five minutes for passing to classes.

Parents will be given schedules of their offspring and will thus be able to follow the pattern of a day's work, with observation of how the classes go.

440 STUDENTS

The school now has 440 students and 24 on the staff, including teachers and administrators. An initial "Back to School Night" held just before school opened, drew attendance of around 900.

Members of the Native Sons of the Golden West will take part in the dedication program.

Pleasant arrived in time to aid the Chandler force in battling a fire at his own home.

Heavy Rains Flood Towns In Oregon

PORTLAND, Ore. (AP)—Flood waters coursed from ankle to waist deep through scores of western Oregon communities today. Heavy rains put one entire town of 1,000 persons under water.

U.S. 101 along the coast, U.S. 22 across the Cascade Range and many secondary routes were blocked by rampaging streams and slides touched off by a Thanksgiving Day downpour that continued today. It was slackening off in some areas.

Most residents sat it out as the water swirled into stores and homes, but an estimated 50 families were evacuated in scattered areas. No casualties were reported.

Small communities bore the brunt of it. Weather Bureau forecasters said only minor flooding is to be expected along the major rivers. Along the tributaries it was another matter.

Several points reported more than four inches of rain in 24 hours, and the already sodden community of Valstez in the coast range measured 6.41 inches, making a total of 32 inches there in the past two weeks.

The streams could not handle it.

Mill Creek came bursting into the town of Turner, nine miles south of the state capital of Salem. First it spread boards from a lumber yard throughout the town of 1,000. Before midnight the entire town was under water, which was waist deep in some streets. There were no evacuations there.

Twenty-eight families left the community of Shady Dell on the Molalla River, about 25 miles southeast of Portland. A number of families also fled lowlands east of Portland, where Johnson Creek overflowed.

U.S. 101, the coast highway, was cut in a half-dozen places by slides, mostly between Florence and Newport.

A 300-foot-ling slide buried U.S. 22 under 12 feet of mud, rocks and trees about 35 miles southeast of Salem.

Water flowed three feet deep over the Corvallis-Waldport highway as the Alsea River overflowed. The Siuslaw River flooded the Eugene-Florence highway.

The flooding closed scores of secondary roads throughout the Williamette Valley south of Portland, washed out a bridge near Newberg and nearly drowned two duck hunters caught on the upsurging Williamette River.

Their boat capsized near Junction City. They managed to swim to an island, where they had to spend a shivering day until the finally were rescued.

Warm winds from the ocean brought the heavy rains, but later the weather turned cold. A chill rain continued along the coast and in the Williamette Valley, but snow began falling in the Cascade and Coast ranges.

Tiros II Report Card: Good On Heat, So-So On Photos

WASHINGTON (AP)—Government scientists have handed down this report card for the new weatherman satellite, Tiros II:

Excellent in checking the earth's heat balance.

So-so in photographing its cloud cover.

The cloud cover problem centers on the two cameras of the satellite, which was sent into orbit Wednesday from Cape Canaveral, Fla.

The National Aeronautics and Space Administration reports that the small camera is doing its job well, but the large camera isn't.

The small camera takes pictures of cloud areas that cover a square of 75 miles. These photos, however, need support from the large camera's photos to give scientists useful weather information.

The large cameras snap pictures of clouds that cover areas of 800 miles square. These pinpoint the exact locations of the small photos.

Scientists report that the infrared equipment on Tiros II is doing its job on checking heat balance. The equipment provides information on the amount of reflected sunshine, the amounts of radiation from the earth and its atmosphere, and the amount of visible light reflected back into space.

49ers Up Against Tough Situation Against Rested Colt, Ram Elevens

CONNOLLY

As if they didn't have their hands full already, our San Francisco 49ers fall heir to a real tough situation the next two weekends.

Through the vagaries of scheduling brought about by the advent of the Dallas Cowboys this year, each team in the National Football League draws a one week bye sometime during the season.

Sunday, in Baltimore, the 49ers meet a Colt team that had a two-week rest. And the following week in Los Angeles the same situation prevails against the Rams, who draw a bye this weekend. That's the way the ball bounces, as the fella says.

Many coaches deplore the open date in a schedule, feeling that the time off dulls the sharp edge of their players and makes them sitting ducks for the next opponent. However, this is mainly true of college footballers. In the pro ranks it must be assumed that all the players know their jobs. When you are playing for pay, a week off is just as welcome to a guard or a tackle as Thanksgiving is to an office worker.

THIS IS especially true when the bye allows the team to be at home for the two or three weeks involved. Sorta nice to get reacquainted with the wife and kiddies once in a while.

To make matters worse for the 49ers, a win for the Colts this Sunday would just about sew up the Western Conference for them. I'm glad my contact with the Colts will be by way of the idiot box instead of the field of battle. I only hope the Colts remember about "the quality of mercy," etc.

WITH COLLEGE football all but over except for a few 11th week games and the bowl contests, the real silly season starts now with the annual orgy of naming the All-American teams.

Local fans will give the selections a look see as usual, but none expects to find the names of any northern California players even on the honorable mentions. This must be one of the driest years in history when it comes to talent.

Old Blues and Old Reds from Cal and Stanford must have done some real agonizing this week when the All-Coast selections were announced. We had to look all the way to the third team to find a mention of a Bear or an Indian. Selected above this lonely duo were men from such as Humboldt State, San Francisco State and Fresno State.

NATIONALLY, the picture is a little better. Head Scout Pappy Waldorf of the 49ers has been beating the bushes all season, and he reports a good crop of players ready to replenish the ranks of the pro teams. The good college boys are in a wonderful spot to pull down some bonus money with two pro leagues and the Canadians in search of talent.

One amazing thing is the apparent result of the law of supply and demand. Just take a look at the weight and height figures on this year's crop of All-Americans. Where were all these 6-foot-5, 240-pound mammoths just 10 years ago? Somebody is supplying the demand.

Colts Favored By 16 Points Over 49ers

WASHINGTON (AP) — Big Monty Stickles, the San Francisco 49ers' rugged rookie end, will move back into the starting lineup Sunday against the Colts at Baltimore.

Coach Red Hickey said yesterday that Stickles, replacing Dee Mackey, was the only change contemplated for the 49ers' lineups.

The unpredictable 49ers, 16-point underdogs for the game at Baltimore, could spring right back into the midst of the championship battle with an upset.

Hickey points out:

"Our guys know what they're up against. The Colts have more of everything than any team I've ever seen."

But he also figures that his crew, on a good day, can beat anybody.

The Colts, led by crackerjack quarterback Johnny Unitas, have a devastating offense that features strong running and spectacular passing. The Baltimore defense, anchored by enormous Gene Lipscomb, is tough to run against and clever against enemy passers. The Colts lead the National Football League with 24 interceptions.

The biggest thing on the 49ers' side for this one is the desire for revenge. The 49ers were leading the NFL's Western Division with a 6-2 record last year when they moved into Baltimore's huge Memorial Stadium.

The Colts clobbered the 49ers 45-14, moved into a tie with the San Franciscans and took the division crown by sweeping their final three games.

Y. A. Tittle, the 49ers' veteran quarterback, was helped from the field that day and flown home to San Francisco, his leg injured. He required a wheel chair and crutches for two weeks after that game.

Tittle has been hobbled again this season, suffering from a groin injury. But he'll be in uniform Sunday with just one thing on his mind: Avenging last year's Baltimore bombing.

As Hickey puts it: "If there's anything we've got, it's incentive."

OFF FOR THE TENNIS TOURNEY

Harvey Klyce, left, and Steven Stockton talked tennis with TWA stewardess Edna Martyn of San Francisco before the two San Rafael High School net stars boarded a plane at San Francisco Airport for St. Louis where they were competing today in the National Indoor Tennis Championships. Contributions by Marin organizations, business firms, and individuals made possible the trip for the two youths.

Trojans Picked Over Notre Dame Tomorrow

LOS ANGELES (UPI) — The greatest of all intersectional clashes, Southern California against Notre Dame, will be played for the 32nd time here tomorrow with the Trojans favored to close out a spotty season on a high note.

Coming off one of the top upsets of the season with a 17-6 victory over UCLA, the Trojans were favored by a touchdown to beat the Irish for the first time since 1956.

A Southern California victory would give the Trojans a 5-5 season and the successful close would offset earlier defeats. Should Southern Cal win, it would be the first time since 1938 that they would have beaten their three California rivals — Stanford, California and UCLA — in the same season with Notre Dame.

And a win over the Irish would be only the third time USC has beaten Notre Dame and UCLA in the same year. They did it in 1938 and 1956.

Not desiring to tamper with success, Coach John McKay indicated he would go with the same lineup that performed so well against UCLA and featured two sophomore stars — quarterback Bill Nelsen and fullback Hal Tobin.

There was a possibility, however, that co-captain George Van Vliet would start at left end because it was his last game. Injuries kept him from starting last week.

The Irish, beset with about as many injuries all season as the Trojans, indicated they too may start a sophomore quarterback, Daryle Lamonica, who hails from nearby Fresno, but it was likely that junior George Haffner would see most of the playing time.

Haffner does not have as good a percentage record as Lamonica but has completed 30 passes out of 108 for 548 yards this season.

Illustrating how deep Coach Joe Kuharich has had to go into his reserves was the fact that possible starting fullback Bill Ahern, if he gets the call, will be the ninth man used at the spot this season.

The Irish have won only one game this year, their opener against California, but in most games they have been a touchdown or less behind their opponents.

Last year the beefy Irish shoved around a stronger Southern California line than this year's forward wall in recording a 16-6 victory and McKay was well aware that most of last year's linemen are back on the current team.

A crowd of better than 55,000 was expected at the traditional game which closes out the season for both squads. The kickoff is scheduled for 2 p.m.

MARIN BOWLING ACE COMPETES IN NATIONALS

Don Bickford, manager of Diablo Bowling Supplies in San Rafael and Marin County's highest average bowler, was in Memphis, Tenn., today to compete in the National Professional Bowlers Assn. championships.

Bickford, who carries a 208 average in major league competition, is one of 11 Bay Area bowlers in a national field of 192 competing in the invitational tournament. The tournament is comparable in importance to the United States Open Golf Championship. There is $25,000 prize money. The tournament continues through next Tuesday.

Bickford has been by far the individual star in the Tuesday night classic league at Country Club Bowl in San Rafael. He recently bowled a three-game series of 749 at Country Club.

GAME ON TELEVISION

Middies Favored Over Army Eleven

PHILADELPHIA (AP)—Explosive Joe Bellino makes once-beaten Navy a slight favorite over Army tomorrow at Philadelphia Stadium in their 61st meeting before 98,816 fans.

Bellino, a senior halfback from Winchester, Mass., whose 104 points make him the second highest scorer in the nation's major college ranks, is the key to Navy's well-balanced offense. Only Duke, which held Bellino scoreless by forcing him inside, has been able to shoot down the high-flying Middies who rank No. 7 in the Associated Press poll.

Army's attack has been made up of Tom Blanda's passes and the crashes of Al Rushatz, a 190-pound fullback, through the line. The Cadets have a 6-2-1 record, losing to Penn State and Nebraska and tying Pittsburgh. Their fine performance in upsetting Syracuse 9-6 and the statistical edge they held despite their tie with Pitt has drawn solid support to Coach Dale Hall's Cadets.

NATIONAL TELEVISION

There will be full pomp and ceremony at the vast concrete stadium which will house its usual sellout crowd. The Cadets and Middies will stage customary parades before the game with kickoff scheduled for 1:30 p.m. and national network (ABC) television coverage, (10:30 a.m., PST).

If Navy wins, it may go to either the Cotton Bowl in Dallas where it would meet Arkansas or to the Orange Bowl in Miami where Missouri would be the opponent.

Bellino, the man who set a Navy record by scoring three touchdowns against Army in last year's 43-12 rout, probably is the most publicized football player in the nation. His 17 touchdowns and spectacular runs make him a marked man. Only Duke kept Bellino from scoring while the Middies were rolling up an 8-1 record.

Bellino also is a threat as a passer when he runs wide and is a superior quick kicker with a 47.1 yard average.

Qarterback Hal Spooner's passes to halfback John Prichard, and end Jim Luper or Bellino balance Bellino's running threat.

Army's Blanda, brother of George Blanda of the pro Houston Oilers of the American Football League, has thrown more often than Spooner 142 to 91, but each quarterback has a completion average of 58 per cent. Spooner has thrown seven TD passes, Blanda eight.

LIONS SCORE UPSET

Packers Admit Title Hopes Very Slim Now

DETROIT (UPI)—Coach Vince Lombardi, a picture of dejection in the quiet gloom of the Green Bay dressing room, admitted yesterday that his Packers are no longer in the running for the National Football League championship.

"I guess you'd have to say we're out of it," said Lombardi in the wake of Green Bay's 23-10 Thanksgiving Day loss to the Detroit Lions.

The defeat was the second in a row for the fading Packers and dropped them into third place in the Western Division, a game and a half behind the front-running Baltimore Colts who are seeking an unprecedented third-straight world championship.

Lombardi conceded that only a miracle could save his ball club which, all season long, stood as the prime contender for Baltimore's Western Division throne. And Lombardi did not act or speak like a man who believed much in miracles.

The Packers, who looked unbeatable in the early stages of the season after an opening day loss to Chicago, have simply run out of gas.

That was clearly evident yesterday as they rolled over and played dead for the aroused Lions who stormed to a 16-0 halftime lead and then squelched a brief Green Bay uprising in the third period.

SECOND UPSET

It was the second major upset of the season for the erractic Lions and stunned Baltimore, 30-17, Oct. 23. But this time there was a difference. Even while losing, the Colts looked tough. Green Bay didn't.

The Packers suffered through a humiliating first half during which they were unable to penetrate beyond their 49-yard line.

The hard-charging Detroit defense got the Lions rolling in the scoring column when Bruce Maher shot through and blocked Boyd Dowler's attempted punt for a safety.

Then the Lions added touchdown marches of 76 and 52 yards with the passes of Jim Ninowski and Nick Pietrosante's power running leading the way.

Paul Hornung brought the Packers briefly to life in the third period when he scored all their points. He booted a 12-yard field goal, smashed over from the eight for the only Green Bay touchdown and added the extra point.

Hornung's point total for the season is now 129, just nine short of the NFL record set by Don Hutson in 1942.

But after that splurge, Green Bay was finished. A recovered fumble on the Packer 13 set up the Lions' final touchdown which came on an 11-yard pass from Ninowski to Jim Gibbons.

The victory was the fourth against five defeats for Detroit. Green Bay's record is now 5-4.

Quota Of 500 Hunters To Be Restored On Grizzly Island

By RALPH STEVENS

STEVENS

Scads of scattergun addicts will be pleased to learn that at long last a new bridge across the Montezuma Slough to Grizzly Island near Fairfield in the Sacramento-San Joaquin Delta will be dedicated December 2. That means that the quota of 500 hunters will be restored (the quota on that popular area had been reduced to 100 for the first half of the season).

Don't forget that applications for reservations on this or other public shooting areas must be RECEIVED at the Fish and Game Department headquarters, 722 Capitol Ave., Sacramento, 10 days in advance of shooting dates. That means you must mail in your application at least 11 days in advance. For opening date of the second half of the waterfowl season, all applications must be in the F&G headquarters no later than Nov. 30. Here are the shoot dates for waterfowl areas: Dec. 10, 11, 14, 17, 18, 21, 24, 28 and 31, and Jan. 4, 7 and 8.

Considering the reduced quota at the Grizzly Island area, it seems like that should be a good bet for the second half of the season.

In case you don't know—Each reservation entitles the holder to take along one guest over 16 years of age, and both holder and guest are allowed to bring with him one minor under the age of 16, provided the partner chosen has not hunted on the area during the half of the season covered by the reservation.

OKAY, that's the good news—now for some that isn't so good. Chances (at this writing) for a take of steelhead in the "loop streams" are poor. I spoke to Ernie Titus of Point Arena an hour ago, and was told that while the Garcia is rather low and clear, apparently no steelhead have come in, or if they did they have all gone upstream without stopping. None have been taken.

The mouth of the Navarro opened after the rains but closed again. A few silver salmon were caught in the Lagoon, but no steelies. The mouth of the Gualala and the Navarro could be opened manually but it wouldn't help as the water is too low to break through the sand piled up at the mouths.

THE BIG, Ten Mile and Noya rivers have not produced and we have no dope on the Russian or Eel, but assume the story is the same.

Ernie Titus, who is recognized as one of the best steelhead fishermen in that part of the North Coast (Ernie practically lives on the waterways when there is even a slim chance of making the grade), told me not to expect anything to happen before two weeks from today, and then only if there isn't too much hard rain. So that's that.

THE GOOD-TO-EXCELLENT striper striving locally amazes by its continuance—trolling off Cove and Red Rock; bait fishing all the way from the Sisters to the Flats off China Camp any upstream to the Carquinez Bridge on the Contra Costa side of the bay; The Suisun Bay, Hanker Bay and Little Honker; off McAvoy and on the Middle Grounds.

The Antioch and Rio Vista sectors have been from warm to hot. In short—bass fishing is prime right now. Only bad storms can prevent good fishing. Lots of nice, fat, flounder fillets in the San Pablo Bay, off Dillon's Point and above the S.P. Bridge at Martinez. Goodbye, good luck and go get 'em!

Tournament Scheduled

The San Rafael Recreation Department announced its youth basketball program will start the second week of January, and that the entry deadline for teams wishing to participate is Wednesday, Dec. 14, at 5 p.m.

Leagues will be set up in the following age groups: 18 and under; 16 and under; 14 and under. Division I will include the 9th grade; division II, the 8th grade, and ages 12 and under.

Teams from outside the San Rafael School District will have to pay $1.50 per scheduled leage game. In addition to this, a flat fee of $1.50 will be assessed each of the entered teams, said the department.

Roster sheets may be picked up at the department's office, B and Treanor Streets or gotten by contracting Dennis Sullivan at the department.

Hemus' Father Dies

SAN DIEGO (AP)—The 85-year-old father of Manager Solly Hemus of the St. Louis Cardinals died at a rest home here yesterday.

Benjamin Orlando Hemus, a retired cement contractor, had been ill for some time.

He leaves his widow, Emilie, four sons, Solly and Benjamin Jr., George and Paul of San Diego, and a daughter, Mrs. Peggy Leiker of Los Angeles.

Raiders Figure To Lose 500 Grand In First Year

SAN FRANCISCO (UPI) — The Oakland Raiders will lose approximately $500,000 during their first year of operation in the brand-new American Football League.

That amounts to about $50,000 per man in the 10-man combine that owns the stock. However, they aren't hollering.

"We figured to lose money for three years on this venture," said one of the stockholders. "We didn't know how much — but we had hopes it would be no more than $25,000 each. However, we aren't complaining. If we can get set up in the proper place, I'm sure we'll catch on with the public."

Kezar Stadium in San Francisco, home of the 49ers, has been the setting for the Oakland games. There are no parking facilities at this spot. And most of the fans throw their allegiance to the 49ers.

Plans now are being worked out to play in Candlestick Park, home of the baseball Giants, where there is room for 11,000 cars. Also there is some hope that a home may be found for the club in Oakland or nearby.

The latter idea seems like the perfect solution. The East Bay area has a popuiation of about 2,000,000. On the San Francisco peninsula there are only about 1,500,000.

The Central Pacific Railroad Co. of California, destined to build the first transcontinental railroad, was organized June 28, 1860 with a capital of $8,500,000.

San Rafael Girl Wins Trophy At Fort Ord

Sherry Tuttle of San Rafael, shooting Sunday in a rifle match at Fort Ord, Monterey County, for the Marin Rod and Gun Junior Rifle Club, won the trophy for "high girl" shooter.

Miss Tuttle also blasted her way to a second place medal in the expert class.

At the same affair, Skip Gosser of Mill Valley won a first place medal in the marksman 1 class, and took another first in the 100-yard match.

Mike Pickett of Fairfax won a fifth place award in the sharpshooter class and Linda Leber of San Rafael placed second in the marksman 11 class.

All the Marin shooters are representatives of the Marin Rod and Gun Junior Rifle Club.

Sausalito Y.C. To Install Officers

Evidence clearly indicates that the title "Commodore" belongs in front of the name Pete Fromhagen.

That became obvious recently when the Sausalito Yacht Club bestowed that title for the second straight year to Fromhagen at the club's annual election of officers.

He'll be installed to the familiar position Dec. 10 at a dinner dance at the clubhouse.

Others to take office for the coming year will be Hugh Garrett, vice-commodore; Fred Crawford, rear commodore; Van Sargent, treasurer; John Sweeny, secretary; and Dick Hart, Don McLeod, Neil Munro and Ted Schoonmaker, directors.

Gallinas Valley Recreation Club Elects Officers

Gallinas Valley Recreation, Inc., formerly known as the Gallinas Valley Little League, elected officers and directors for the 1960-1961 season at a Monday night meeting at Mac Phail School.

Past President Grant Galvin turned the gavel over to President elect R. E. (Bill) Saleme, with best wishes for the season ahead.

Elegance In Home Decor Extends Even To The Walls

CHICAGO (UPI)—The current trend toward elegance in home decor extends even to the walls, where it takes the form of two-tone stippled finishes, textured surfaces and multicolor paint jobs.

Do-it-yourselfers can achieve most of these highly decorative wall effects with the new paints on the market and a little know-how.

For a two-tone stippled effect, first paint the wall in the chosen background color, using either an alkyd or oil base paint. Use a brush or roller and allow the wall to dry. Then, select either a contrasting or harmonious stippling color and brush it out heavily on a piece of metal, wood or cardboard.

Dip a slightly damp sponge into the brushed-out paint and press it against the wall to transfer the color to the base coat in an irregular pattern. Repeat the process until the entire area is covered.

If using a special stippling brush or roller, put a full coat of the second or stippling color on the wall and pat it with the stippling brush or roller while still wet. This will remove small areas of the second color, permitting the under-color to show.

To achieve textured walls, use either texture paints or add texture powders to certain paints recommended for the purpose by paint dealers. In either case, the resulting paint has a special, heavy consistency and produces a rough, plaster-like effect that makes a good cover-up for old, scarred walls.

Alpha Phi Alumnae Plan Tea Feting Mothers Dec. 1

The home of Mrs. Marshal W. Bull in Ross will be the setting of a tea to be given on Dec. 1 by Marin Alpha Alumnae. It will honor the mothers of college women from Marin County pledging the Alpha Phi Sorority at the University of California at Berkeley, and also mothers of Marin College women who are members of Alpha Phi chapters elsewhere.

Tea will be served between the hours of 2 and 4 o'clock.

Welcoming guests at the door with Mrs. Bull will be Marin Alumnae president Mrs. Walter Scott Wright.

Mothers of pledges at the University of California Lambda Chapter are Mesdames Lloyd S. Brooke of Novato; William Franchini and William J. Milliken of San Anselmo; William Pomeroy of Sausalito; and S. N. Smiley Jr. and Fred E. Martin of Ross.

Mothers of Active sorority women on other college and university campuses are Mesdames Robert W. Scott and Richard C. Dinkelspiel of Kentfield; Harry J. Cahill of San Anselmo; Albert Rovelli of Mill Valley; Sherman Peterson of Belvedere; Chester Harris of Larkspur; and Allen T. Hinman of Ross.

The tea table will be centered with holly in a silver bowl with tiny wreaths encircling the silver candelabra. Christmas decorations throughout the rooms will add to the holiday theme.

Mrs. Noel Keys of Berkeley, past international president of Alpha Phi, has been asked to preside at the tea table, and others presiding during the afternoon will be Mesdames Murray R. MacKall, Homer C. Kirk, John E. Cahill, William Byron Wallace, L. F. Teuscher, Cedric E. Clute and Warren Finke.

Mrs. Charles H. Curley, general chairman, is being assisted by Mesdames Fulton Wilkins, Antone F. Reznicek, Byron R. McCarthy, G. Edward French, Brian T. F. Rowlands, Hugh H. Downey, William T. Broderick, Erich S. Kruger and Philip Cramp.

Women's Golf Club Installs New Officers

Officers were installed at the Mill Valley Women's Golf Club's monthly luncheon Friday afternoon at the golf clubhouse.

Mrs. James McGinnis received the gavel from outgoing president Mrs. Clay Lilleston, and others taking their new duties were Mesdames Gary Conzelman, vice president; J. M. Hahn, treasurer; William F. Poole, secretary; John Kobil, north bay chairman; and I. A. Hansen, golf captain.

Mrs. Lilleston and Mrs. Winston Smillie, retiring golf captain, were presented with gifts in appreciation of their year's service.

Mrs. J. B. Neuenberg was responsible for the colorful autumn decorations on each table.

Mrs. Eugene Halm had as her guest Mrs. J. F. Halm, her mother-in-law who is visiting from Illinois, and Mrs. Arthur Schallock invited Mrs. Edward Ryan, a former member.

Fashions For The Snow Puts Focus Show Audience In Glow

How do you "Ski Into the Season?" There's obviously only one way—fashionably. To learn how it could be accomplished, you only needed to be a guest at Rickey's popular Fashion Focus luncheon on Tuesday.

Aiding and abetting the cause of a fashionable season in winterland were Nancy and Al Loeffler, dedicated ski enthusiasts, who introduced distinctive ski and after ski fashions from their new husband-wife enterprise, a ski shop in Sausalito.

Skiing into the season as Tuesday's honored community service organization were the Marin Volunteers who have made such tremendous strides forward in their work with the Senior Citizens and who welcome into membership women throughout the county who are dedicated to the same cause.

Adding the visual emphasis at the Fashion Focus luncheon were eight af Marin's most attractive models representing many county organizations that believe in the work of the Marin Volunteers with the seniors.

From the moment Mrs. Alex Bovee of Arequipa appeared in brilliant purple stretch pants, and a lavender knit sweater with a hooded ski jacket, it was evident that the winter of 1960 would be bold, bright and beautiful, thanks to the fashionable knowledge of the Loefflers who proved themselves well qualified to know what's-what in the world of skis.

The stretch pants imported from leading ski fashion houses in France, Germany and Sweden were a threefold delight to the women guests who saw them as a boon to all manner of sporting activity from skiing to car-pooling as well as flattering to the figure and appealing to the eye.

Perfect for down hill dazzling at a distance were the apricot stretch pants graced by Mrs. William Donohoe of Junior Social Service, plus a sleek, matching ski jacket trimmed with green and white.

A furry parka by Stroco, ski poles and goggles and Mrs. Richard Hardin of the San Rafael Improvement Club was bound for cross country.

The snow coat story was told by Mrs. Dan Williams of Southern Marin Recreation Center in a stunning reversible knee-length walking coat; one side, birch; the other white, in a miracle blend-wind, water and wrinkle resistant, and by Mrs. Eugene Hiller of the Marin Sisterhood, buttoned in shaggy moss green mohair perfect for Marin Country living as well as Squaw Valley.

COFFEE BREAK

Ready for a mid-morning coffee break was Mrs. Maury Salzman, a long, hip hugging pullover in stripes of white, gray and black to top sleek, trim black stretch pants. Ready for cocktails by the fire, Mrs. Nicholas Mecca pencil slim in black and gold metallic stretch pants chaperoned by a stunning black sweater with matching fox collar.

In a role she plays well, Mrs. Al Loeffler represented the dedicated skiier, complete with ski boots, skis and poles ready for a full day on the slopes in three piece coordinates by Libo of Sweden.

Next Tuesday, Fashion Focus says it is time to "Head for the Holiays" and honors the Novato Junior Women's Club for their work with Muscular Dystrophy. Reservations maye be made at Rickey's.

New District IV Committee Established By Camp Fire

San Rafael and several unincorporated areas to the north, now have for the first time, their own District Committee for Camp Fire Girls, known as District IV. This committee, under the leadership of Mrs. William Sichel, will on a local level, implement the work of the Marin County Council for Camp Fire Girls.

Mrs. Sichel's committee is responsible for the needs of District IV in such areas as obtaining leadership, training leadership, getting help for the Day Camp Program, organizing camp work parties at the resident camp at Kilowana, and local organization of the mint sale. Special district affairs, such as the Blue Bird Christmas Party, and the Camp Fire Girls' caroling have been arranged through this committee by Mrs. Sichel and her program chairman, Mrs. Donald Anderson.

In organizing the committee, Mrs. Edward Zeller, president of the Marin County Council of Camp Fire Girls, called on current and former Camp Fire leaders, Day Camp Counselors, former members of the executive board.

District IV includes San Rafael, Santa Venetia, Terra Linda, Marin Wood and Lucas Valley. Most of these areas have representation on the committee.

Mrs. Sichel, chairman, is guardian for a West End School Camp Fire group. Mrs. Donald Anderson, vice chairman, and program chairman, has a Laurel Dell group, and is president of that school's P-TA. Mrs. S. T. Hamilton, guardian of a Gallinas group, is secretary.

Mrs. William Eastman, who has a Coleman group, is in charge of adult memberships. Mrs. Tom Faraday, president of the Camp Fire Leaders' Association, represents them on this committee. Mrs. R. O. Bolt and Mrs. R. V. Bettini, both former guardians, are serving as members at large. Mrs. R. J. Houston is public relations chairman.

Sally Ann has a sister, Susan Martha.

ALMANAC

Today is Friday, Nov. 25, the 330th day of the year with 36 more in 1960.

The moon is in its first quarter.

The morning stars are Mercury and Mars.

The evening stars are Venus, Jupiter and Saturn.

On this day in history:

In 1783, more than 6,000 British troops evacuated N. Y. City.

In 1835 industrialist and philanthropist Andrew Carnie was born.

In 1874, the Greenback Party was organized in Indianapolis.

In 1907, Scottish Mary Garden made her U. S. debut.

In 1920, Station WTAW of College Station, Tex., broadcast the first play-by-play description of a football game in radio history . . . the Texas U-Texas Aggie game.

In 1936, the German Japanese anti-comintern agreement was signed in Berlin.

A thought for today: British playwright John Tyndall said: "The brightest flashes in the world of thought are incomplete until they have been proved to have their counterparts in the world of fact."

Money In Bank But Can't Afford To Help Needy

If you had $20,000 saved up toward a new home . . .

And if you had another $20,000 saved up toward retirement . . .

Could you rightly tell an ailing elderly relative that you were sorry but you just couldn't afford $10,000 to help care for him, or her?

Twice recently, we voters of Marin by voting down bonds for a new custodial hospital for the aged out at Lucas Valley have told our aging "relatives" that we were sorry but we just couldn't afford to care for them properly.

It happens that our county treasury includes $2,000,000 cash accumulated for a new "home" in the form of the Frank Lloyd Wright-designed civic center.

And it happens that our county retirement fund reserves now amount to more than another $2,000,000.

But we say collectively that we cannot afford to provide proper facilities for our ailing elderly "relatives."

Actually, a majority of Marin voters have twice voted for county hospital bonds. But the majority was short of the required two-thirds.

What do we do now?

We do the same as the fellow who has $40,000 saved but doesn't feel he can afford to help a needy relative.

We have to bear our shame until we face up to doing something about it. Perhaps we should spend some of our "savings" to discharge our responsibility to the ailing aged.

Let's hope we aren't still bearing this shame when the holiday season rolls around again next year.

In Defense Of Turkey Hash

Thanksgiving is over—but the memory and the turkey linger on. How to dispose of the remains is the major problem. The scrappy carcas lurks in the refregerator as a grim reminder of man's carniverous instincts.

Many means have been devised by myriad cooks of tempting the palate with these after effects of a satisfactory holiday. The more exotic minded speak of such delights as curried turkey and turkey ala king. Others talk of turkey patties and turkey and noodles.

In our humble opinion, however, one of the finest dishes devised by man is plain, old turkey hash, on biscuits or toast. Glamorous? Maybe not. Tasty? You bet! We drool at the thought. It's almost the best part of having turkey.

Take your fancy dishes and flee. It's mouth-watering, gravy-laden, onion-spiced turkey hash for us. Bring on the calories.

THREE MINUTES A DAY

By JAMES KELLER

HELP THEM, DON'T HINDER THEM

A young woman admitted touching off no less than nine blazes in Milwaukee recently for the purpose of seeing her boy friend—a fireman—in action.

The judge, unmoved by her romantic reasons, put her on two years' probation.

Firemen, policemen, and all government employees have enough to cope with in carrying out their normal duties. Fortunately, it is only a minority of citizens who go out of their way to make things more difficult.

Much of the edge can be taken off the burdens that public servants assume by encouragement on the part of the people they protect. A friendly greeting, a clear and courteous letter, and a cheerful obedience to the law can all make for the smoother running of our society.

And, if "order is the first law of heaven," we can be sure that God is pleased by our attempt to bring some of His order to the running of things on earth.

"Admonish them to be subject to princes and authorities, obeying commands, ready for every good work."

(Titus 3:1)

Never let me forget, O Father, that my actions have effects for better or worse, on others.

Sightless Educator Says Blindest Prejudice Is Against The Blind

NEW YORK (AP)—A sightless young educator here believes one of America's blindest prejudices is its prejudice against the blind.

"It is prejudice—there is no other word for it," said Dr. Herbert M. Greenberg, 31, assistant professor of sociology at Long Island University.

"The blind are the most discriminated against minority in the United States."

Dr. Greenberg, who lost his own sight at 10 after a mastoid operation, objects to the isolation of the blind in special schools and institutions and the reluctance of many employers to hire blind people for other than menial tasks.

"Three-quarters of all blind children are in segregated schools," he pointed out. "But they don't want to be isolated in this way. It gives them a psychology of defeat.

"You can't spend 18 years in a school for the blind and then come out and adjust to a world of the sighted."

Dr. Greenberg, a rugged, athletic man of 31 with a boyish crew cut, is living proof of his contention that a blind student can compete on equal terms in classes wtih children who can see.

He was a Phi Beta Kappa college graduate at 20. He attended graduate school while working as a consultant on rehabilitation for the city department of welfare here—and took his doctorate degree with honors at 24.

Aided only by a slender aluminum cane, Dr. Greenberg daily travels alone by train and subway the 70-mile round trip between his home near New Brunswick, N. J., and the Brooklyn campus where he teaches. He sees nothing unusual about this.

"IF YOU really need help, you can always ask for it and get it," he said crisply.

He pursues two other careers. He maintains a private practice in psychotherapy and acts as research director for a Manhattan marketing firm.

"This doesn't leave me much time with my wife and two sons," he said, smiling.

NEVERTHELESS, he does find time to participate in local politics and pursue his hobbies—swimming, bowling, bridge and chess.

"The funny thing about prejudice is this: Once you get the job, the prejudice melts away. You are treated as an equal."

REMEMBER WHEN

20 YEARS AGO

Nineteen Santa Rosa Junior College students, including three football players, were booked at the Marin County Jail on charges of malicious mischief as result of a series of raids on the campus of Marin Junior College. Paint was splashed around, lawn dug up with sticks, stadium seats damaged, ignition wires torn out of cars and "S.R." burned on both sides of the lawn.

Public Gets Facts About Hospital

EDITOR,
Independent-Journal:

Our board of directors is most grateful for your fine editorial of Wednesday, Nov. 16. As our mailing list is very limited this gave the public an opportunity to know about our operation. Actually your report was much more complete and we think the idea of detailing to taxpayers how much the original bond issue is being reduced each year is a very good one. We shall incorporate similar information in next year's report.

We think it timely to add to your comments that a good measure of Marin General's healthy growth and success is related to your fine cooperation and interpretation of the hospital's story from time to time in your daily newspaper, the Independent-Journal.

Anti-Fluoridation Unit Claims Libel

EDITOR,
Independent-Journal:

I am the attorney for the Marin Pure Water Committee, Inc. This letter is a demand for publication of correction of a libel.

On November 16, 1960, the Independent-Journal published in its column titled "What Our Readers Say," on page 28 of its regular edition of said date, what purported to be a letter from Lawrence A. Post, M.D. to the editor of the Independent-Journal. A copy of this column, with said letter included, is attached hereto, marked Exhibit A, and is incorporated herein by reference, the same as though it was fully set out at length herein.

The Marin Pure Water Committee, Inc., is not named in said letter, however it is clear from the content of the letter that the "very small group" to which the writer refers is the group which makes up the Marin Pure Water Committee, Inc. Said committee was the only organized group in Marin County actively sponsoring a "no" vote on the fluoridation issue.

Said committee considers said letter to be untrue and libelous. The specific portions of said letter which are alleged to be untrue and libelous are as follows:

". . . Adding a trace of fluoride salt to that which is already in our drinking water remains the most effective, the safest, and the most economical means of reducing dental decay—that is a statement of fact, not opinion or assumption! Yet with a lot of money spent in spreading half-truths, distortions, and outright lies a very small group attracted misguided followers and produced enough confusion and fear to make the voters reject this unusual opportunity that was theirs for the asking . . . .

". . . I'm afraid that this decision to deprive and indirectly punish all the children in Marin was made largely because of mininformation.

"With this skillful use of the big lie Hitler's Germany accepted the Nazi doctrine of racial superiority as a scientific fact. To me it is alarming to see a similar technique work so well in spreading false reports of mottled teeth, dying vegetation, corroded water pipes, etc. This is absurd bunk of course, but there was neither the money nor the organization to tell the voters the truth . . . "

Demand is hereby made, pursuant to Civil Code Section 48a, that you immediately publish a correction and retraction of those portions of said letter mentioned above, in substantially as conspicuous a manner as was the said letter.

This notice and demand is being served upon you with twenty days after knowledge of said publication.

Name On Ad Wasn't Authorized

EDITOR,
Independent-Journal:

I would appreciate your printing this letter in the "Letters to the Editor" column of your paper in regard to an ad that appeared in your paper over my name.

I am not and never have been of the opinion that if a person did not understand something on which they were voting, that they should vote no on it. My own practice has always been to study the issues as carefully as possible—both pro and con—and then if I did not understand it—to leave it vacant.

I was not notified that this ad was going to appear in the paper and, if I had been, would not have allowed my name to be used on it as the thought expressed in it is strictly against my own principles.

I am sorry I am late in writing you, but I was in the process of moving and, as such, did not see my copy of the Independent-Journal until just a few days ago.

Family From Iran Receives Welcome

EDITOR,
Independent-Journal:

On behalf of the members of the First Baptist Church of San Anselmo let me express my appreciation to you and your staff, especially Mr. Carleton Williams, for the excellent coverage given on the arrival of the Toumazi family from Iran. You will be interested to know, I am sure, that as a result of the newspaper article many calls have come from people in the community indicating a desire to help the family in becoming established. Mr. Toumazi at the present time is working as a mechanic at the Fontana Garage in San Anselmo.

Let's Be On With The Vote Recount

EDITOR,
Independent-Journal:

As a patriotic American I am appalled that you suggest that the people give up their constitutional rights to a free ballot in the name of good sportsmanship.

You suggest that we be compromised by corruption and fraud, if they be there, rather than demand the truth.

If Mr. Kennedy did not win the ballot in the key states by fair play, we the people have the right to know.

I am sure Mr. Kennedy would rather have our trust than our doubts—so let's be on with the recount!

A comedian wangled a fortnight booking at a second-rate night club, then beseeched an agent, discarded when the comic was in the chips, to "catch" his new act. There weren't 50 patrons in the club the night the agent showed up, and they didn't laugh once. "This was an off night," alibied the comic in his dressing room. "Man, you should have seen me LAST night."

The agent answered grimly, "I DID!"

Bill Kennedy watched a doting mother dispatch her 10-year-old son aboard a DC-8 bound for the Coast. "Now hang your coat up neatly when you get aboard," she advised, "don't go running up and down the aisle, take a nap, and eat a light lunch. And one more thing: fly carefully."

Bill Warden tells about a harassed husband who assured his wife, "If we keep on saving 20 more years at our present rate, when I retire we'll owe two million dollars."

Fire Commissioner Asks Burglar To Move Along; Averts Burglary

BECAUSE BELVEDERE city councilwoman and fire commissioner Mrs. Ida M. Scott takes her duties seriously, she probably saved herself a loss in the recent rash of burglaries perpetrated in Belvedere and around the county.

It was just a few weeks before the burglar was caught that Mrs. Scott noticed a car parking out in front of her house. She also noticed that the man was parking in front of the fire hydrant so, being the wearer of Fire Hat No. 1 as fire commissioner, she hustled out to inform the driver that he was parking illegally.

Graciously, the driver moved his car off down the street with the comment "this is a nice house you have here" . . . in a very appreciative manner. It wasn't until Belvedere Police Chief William Woodington was driving around with the captured burglar for his identification of the homes that he had gone through, that the guy mentioned that he would have burgled the Scott house if she hadn't come out when he was parking on the street.

IT WILL BE interesting to see whether a Marin judge will hear the suit filed against the city of Belvedere and its five councilmen by the Belvedere Land Company.

At a recent council meeting when members were reviewing the timetable of court action on the suit by the land company, protesting the council's decision to not revise the city ordinance to permit construction of homes on the Island's western tidelands, it came out that every single one of the Marin judges not only know most of the council members but the developers as well.

City attorney William H. MacKay gave out with a big Cheshire cat smile when Mayor Dr. Robert P. Watkins asked him what would happen if no Marin judge would handle the case. Should be interesting to see what happens.

TIBURON MAIN Street developer Fred G. Zelinsky has had his hands full lately fighting county planning commissioner Felix M. Warburg's idea to form a parking district commission for the downtown business area. After a four month battle, Zelinsky finally got the idea dumped at a Tiburon Chamber of Commerce meeting, when none of the businesses to be included showed any interest.

So it was with a pixie expression on his face that Zelinsky asked the first question after Mrs. Mary Burrell had presented the architectural plans for her Greenwood Lagoon commercial development on the peninsula: "What about parking?"

CREDIT TEACHER Mrs. Louise Coulon with adapting the curriculum of the Belvedere School morning and afternoon kindergarten classes to current events.

After the burglary in the classroom, perpetrated sometime during the night, which left the moppets minus their flag and a few pencils AND a broken window, Mrs. Coulon took advantage of the fingerprint identification test made by Belvedere policemen to impress upon the kids differences in hands, fingerprints, etc.

This produced a rash of fingerprinting, coloring, painting, etc., with little hands as the theme . . . plus the fact that the children could talk of nothing else but the policeman, etc. for days.

IT MIGHT BE interesting to find out the subject of conversation recently between Congressman Clement W. Miller, an official of the United States postoffice, and a local Tiburon merchant who also serves on one of the district commissions. Could be the Belvedere-Tiburon postoffice is due for some changes in its hierarchy?

SOVIET INTENTIONS

Russ Aim To Divide U.S. From N. Atlantic Allies

By WILLIAM L. RYAN
AP News Analyst

A DEVELOPMENT in Paris this week provides a clue to Soviet intentions toward the incoming U.S. administration. It indicates a long-range, back-door attack to divide the United States from its North Atlantic allies.

The Paris move carried a step further the Soviet attack on the structure of the United Nations. The Soviet delegation demanded that the U.N. Educational, Scientific and Cultural Organization abolish the post of its director-general and substitute a three-member executive board, representing the Communist bloc, the neutrals and the West.

This proposal was similar to the one applied to the U.N. secretary-general's office by Premier Khrushchev during his spectacular show in the U.N. Assembly last month.

THE PROPOSAL to abolish the secretary-general's office got little support, even from neutralist nations. But the Russians have been bringing up the general idea of three-man directorates time after time in various committees and agencies of the world peace organization.

To breach the idea for UNESCO, however, would seem to make little sense, even for the Kremlin. UNESCO is supposed to deal with matters largely outside the frigid atmosphere of the cold war.

It is difficult to see what the Russians expect to get out of their Paris proposal.

By persisting in their demands, and applying them in such unlikely fields as cultural relations among nations, the Russians fortify the impression that they hope to freeze the cold war permanently into all U.N. organs.

IF THE RUSSIANS have their way, this will mean summits, summits and more summits. The indications are that they are now generating the steam for pressure they intend to bring against the administration of President-elect Kennedy to push him into a top-level meeting in April.

When Sen. Kennedy became the apparent victor in the U.S. elections, Khrushchev sent him a message saying that "the eyes of many people are fixed on the United States and the Soviet Union, because the destines of world peace largely depend upon the state of Soviet-American relations."

This seemed to express the idea that the only nations which can attempt to settle world problems are the U.S.S.R. and the United States. Should the United States seem to accept such an idea, it could arouse such distrust among America's allies that the begining of the end of NATO might be in sight.

That is one of Khrushchev's most cherished goals. His attack on the U.N. structure may be just one weapon in his attempt to achieve it.

'55 Buick
$695

Here's a 4-Dr. Special sedan which is the small Buick. It has an economical standard transmission which gives outstanding gas mileage. Best of all the original owner who bought it from us in 1955 and just traded back to us on a new Buick—put only 35,000 miles on the car.
It's all white with a really clean matching interior on charcoal and grey. Not a scratch on the paint.

Marin Gets $2,600 In Sales Taxes

Marin County has just received a "November dividend" of $2,649.41 from the State Board of Equalization to make a total distribution to Marin of $1,628,817.68 for its share of the 1 per cent local sales and use tax during the last fiscal year.

The "dividend" represented saving by the board in administering the tax at a cost of 1.5 per cent of gross collections instead of the 1.64 per cent withhold in accordance with earlier estimate.

Throughout the state, $354,786 was refunded through this means.

Total Marin distribution including the refund has been: Unincorporated area, $365,688.78; San Rafael $773,221; Mill Valley, $146,613.20; Sausalito, $100,832.42; Corte Madera, $66,887.32; Larkspur, $46,034.16; Fairfax, $43,564.98; San Anselmo, $76,436.04; Belvedere, $6,952.75; Ross, $2,587.03. No separate figure was given for Novato.

Fisherman Benefit

Juanita Musson will hold a coffee klatch benefit at her restaurant, Juanita's Galley, in Marinship, at 2 a.m., Saturday and Sunday, the money raised to be turned over to Eureka Fisherman Lauren Pfeffer, who was burned on both forearms in an explosion of his fishing boat Monday at a Sausalito pier.

Recreation Dept. Sets Yule Event

The San Rafael Recreation Department will present a public Christmas program, featuring both youth and adult groups, Dec. 21 from 8 to 9 p.m. in the E Street School auditorium.

A feature will be the appearance of the San Rafael Recreation Chorale and adult vocal group directed by Byron Jones, music specialist in the San Rafael School District. The theme of the program will be "Christmas Around the World." Customs of several nations will be depicted, including those of Italy, Germany, France, China, United States and England.

The area is limited to 150 persons.

Board Delays Decision On Neider Plans

Two rezoning proposals for Samuel R. Neider properties in the Strawberry area were subject of a lively skirmish before the Marin County Board of Supervisors Tuesday, but the supervisors postponed decision to Nov. 29.

Attorney Bryan R. McCarthy centered his efforts on trying to get supervisorial confirmation of:

1. Apartment zoning of 13 acres near Highway 101 and the Golden Gate Theological Seminary, termed by residents "the gateway to Strawberry."

2. Reduction of lot sizes from 10,000 to 7,500 square feet on a 72-acre man-made island east of Strawberry Point, beside the Salt Works Canal.

Opposition earlier in evidence before the planners was again present.

Ralph Cole, chairman of the Strawberry Property Owners Assn., was chief critic of both proposals.

He said Neider has not carried out plans in the past and that the Neider program was not one of "rezone and see what I can get out of it." The first project would harm the Strawberry entrance and was only a "speculative request," he said.

Cole's criticisms of the island covered a wide range including such matters as tidal action and possible storms, as well as danger of overburdening the nearby highway.

McCarthy in heated rebuttal said Neider has spent millions on efforts to develop which will "come to culmination within the next two or three years and you're going to be proud of this area."

The supervisors also:

1. Appointed Mary Jean Wright as intermediate stenographer clerk for the planning commission at $335 monthly, and Patricia L. Barane as deputy clerk III for municipal court at $366 monthly.

2. Adopted as set policy a summary by Administrator D. A. Jensen of procedures on the county employees physical examination program.

3. Ordered Castro Park advertised for bids in anticipation of acquisition by the Las Gallinas Little League at a nominal figure.

4. Approved annexation of Faith Evangelical Church to the Las Gallinas Valley Sanitary District.

5. Set for hearing at 3 p.m. Nov. 30 a question of freeway access for the 370-acre Silveira ranch property west of Highway 101 near Marinwood.

6. Heard from Supervisor William Gnoss that settlement was being reached in the Marin Pilots Assn.-county airport feud, and continued a scheduled hearing to 3 p.m. Dec. 6.

7. Confirmed planning commission approval of a use permit for a Sabella's restaurant south of its present Highway 101 location, plus an extensive composite of associated marine enterprises.

8. Received but did not act on one $15,987 bid from Richard Wilcox Co. of Aurora, Ill., for folding doors for supervisors-planners chamber, library and school department in the Civic Center, and one of $8,103.68 from Diebold, Inc., for vault doors and burglar alarm system.

9. Advised San Francisco Bay Area Rapid Transit District that survey by Marin Industrial Development Foundation among Marin cities showed general willingness to stay in the district.

10. Decided to call for bids for Civic Center excavation, fill placement, compacting embankment, excavation of lagoon in Fair Grounds area, and other work, estimated to cost around $143,000.

Military Children Cause Overflow On San Rafael High School Buses

The San Rafael Board of Education has a problem: How to fit 294 youngsters (and more on the way) into buses with seats for only 274. No standing is permitted.

The problem stems from the Capehart housing units on Hamilton Air Force Base, which have poured more students into San Rafael High School this year than were expected.

As of Nov. 1, there were 109 high school pupils coming from the Capehart project, or one from every four units. The "normal" figure would be one in every 10, Dr. Raymond Simpson, assistant superintendent in charge of business, told the board Tuesday night.

The whole northern area of the high school district—above Marinwood — has a total of 294 students to be transported.

It hasn't been a problem so far, because about 20 pupils have not been riding the buses daily, for various reasons. But soon, more Capehart units will open, about 30 more high-school-age students are expected to move in.

The high school and elementary districts' nine buses, including an extra standby bus, are all running to capacity on tight schedules, transporting about 1,500 students a day, Simpson said.

Hamilton can help in an emergency, Simpson said, but the base has no extra buses now. All are in use for transportation in San Jose school district and to parochial schools on a lease arrangement.

Board member Rex Silvernale said there are probably some buses the base can requisition.

Supt. Frank L. Lucas declared that "we'll go at least to the commanding officer before we take 'no' for an answer."

Lucas noted that according to law, high school students who live beyond three miles from the school must be transported. If the board does not supply transportation, the youngsters are excused from compulsory attendance.

Inaugural Parade Groups Sought

California will be represented in the presidential inaugural parade in Washington on Jan. 20 by a band and two marching units.

Roger Kent of Kent Woodlands, state chairman of the Democratic State Central Committee, said today the inaugural committee has asked him to select the groups.

"There are many outstanding bands and units in California," Kent said, "and all applications for this great honor will be considered if received prior to Nov. 30. Expenses must be borne or raised by the participating units."

He said applications will be received at Democratic Headquarters, 212 Sutter Street, San Francisco.

Two N. Marin Schools Start Merger Move

A movement for merger of the Marshall and Tomales Union School Districts was launched at a meeting Tuesday night of the Marshall district board at the Marshall School.

With a dozen parents present, nine signatures were obtained to start a petition asking an election on the merger. Signatories must be parents with at least one child in school, a majority must be obtained. This will require six more signatures.

A public meeting has been called at the Tomales School for 8 p.m. Monday when a similar movement will be launched under similar rules. Both districts must vote approval to implement the merger.

Although a merged district would be created, the expected result would be to continue a present practice whereby Marshall children go to the Marshall School through the fifth grade and to Tomales for sixth, seventh and eighth grades.

New construction is required to accommodate children of both districts. Through merger of the districts, this could be done only at Tomales, while the Marshall school would be adequate for the first five grades in that area, now numbering 23 pupils.

Nine children from Marshall go to the Tomales School at present.
